**Come Together** Val St. Crowe,2013-12-30 Nora Sparrow couldn't be more at home in Helicon the whimsical land of the muses where she belongs She is in love with Sawyer Snow and she's never been happier But Maddie Salt their best friend is hurt and angry about the newly formed relationship between Sawyer and Nora She can't help but feel left out and she wants nothing more to do with them Agler Thorn finds himself jealous of Nora's new romance When he's given authority over the tweens in Helicon he makes it his business to try to keep Sawyer and Nora apart A bewildering sickness is creeping over the land striking down muses leaving them weak and unable to create It seems obvious that it's the work of Owen but the muses can't find him He's out of reach and they can't fight him Through all of this Nora clings to Sawyer the only perfect stable thing in her life She loves him and she wants to make love to him But after she and Sawyer are intimate with each other everything changes The Helicon series is a soapy irreverent portal fantasy wherein the drama of teen relationships tends to overshadow whatever magical threat they're trying to fight Lots of drinking swearing inappropriate sexual decisions grappling with sexual orientation and gender and random appearances by mythological figures thrown in for good measure It's genre bending impossible to categorize and for everyone out there who equally loves Gossip Girl Rocky Horror and Narnia Topics fantasy magic myths legends Greek mythology abuse portal fantasy fairies muses Dionysius Nimue King Arthur Norse mythology Loki      *Library Lantern* University of New Hampshire.
