So Your Child Is Gay A Guide For Canadian Families And Their Friends:

So Your Child is Gay Jerald Bain, 2000 Jane's parents have just inadvertently discovered she is gay. Shocked and uncomprehending, they can't believe their bright beautiful nineteen year old daughter is having a sexual relationship with another woman. Like many parents who find themselves in this situation, they don't know what to do. What do they say to their daughter? Was it something they did or didn't do while she was growing up? How do they tell their family and friends? These are just a few of the issues presented in Dr Jerald Bain's *So Your Child Is Gay*, an empathetic book written for parents, siblings, friends, medical professionals, and gay people themselves. This is the first Canadian guide to help families cope with their fears and concerns, offering well researched, up to date information, advice, comfort, and hope. Filled with personal anecdotes, *So Your Child Is Gay* discusses male, female, homosexuality in a family context. It explodes the myths and misconceptions surrounding the subject and deals clearly and compassionately with the real everyday issues gays and their families face. Coming out from the perspective of the gay child and his/her family. Career and job concerns for the gay child. Health issues. Religious attitudes. Finding support and understanding. *So Your Child Is Gay* proves that being gay is not a tragedy. The real tragedy is in parents withholding their love because their child is gay. A book that can be a true bridge of understanding for families, it presents a gay/lesbian orientation as a new and potentially rewarding challenge in the often uncharted territory of raising a family. **Canadian Books in Print** 2002-02 *Gay and Lesbian Families* Joan

Nordquist, 2000 Each bibliography includes a comprehensive list of the theorist's works and critical studies of these works in English. Each bibliography contains approximately 600 to 900 entries: Books, journal articles, essays, within edited books, in the manner of Essay and General Literature, and dissertations are included. References are provided from a wide variety of disciplines and bibliographic sources. The primary purpose of each bibliography is to provide access to the widely reprinted primary works in English and the critical literature in a great variety of books and journals. The topical bibliographies include the authoritative works on the subject and are arranged in useful categories. The lively part of the modern/post modern debate is generally taking place in alternative and left journals, journals always included in the literature search in the compiling of the bibliographies. **Canadian Books in Print.
