this isnt what Im suspecting that there is wrong with Stephens car that may have been done purposely Even though things didnt end well with us in our divorce I do not wish any ill on him and hope he will be ok soon if for nothing else but his sons sake David waited at Halls on Sandy to arrive and met the mechanic named Jake Foreman who also waited on Sandy to get there Jake had been speaking to David and told him You both are going to be very interested in what I found and I hope it will help your case David replied We want a full report about what you have found after you tell us Jake said Yessir No problem at all Anything I can do to help you to solve the case I am very happy to do David immediately liked Jake Jake seemed to be a hard working honest man who was more than willing to help and David was glad of that because that is what would be needed to get the case resolved When Sandy arrived both of them went inside the garage with Jake who had the car up in the air on the rack Jake said The car is totaled as you may have noticed and cannot be repaired But the most interesting thing I have found is underneath here Jake pointed to a certain place under the bashed in front of the car and said Take a very close
