Climate Change and Youth Mental Health Elizabeth Haase, Kelsey Hudson, 2024-05-31 Climate change is the biggest threat of our century one that will impact every aspect of children's lives their physical emotional moral financial and social health and well being The relationship between the climate crisis and mental health in young people is therefore by definition multi disciplinary and multi cultural requiring multiple perspectives on how to understand and guide younger generations This book provides a unique synthesis of those perspectives the science psychology and social forces that can be brought to bear on supporting young people's psychological well being No matter the setting in which an adult may interact with younger people this book provides the intellectual rigor and tools to ensure those interactions are as helpful and supportive as they can be

Beyond Resistance! Youth Activism and Community Change Pedro Noguera, Julio Cammarota, Shawn Ginwright, 2013-05-13 The failure of current policy to address important quality of life issues for urban youth remains a substantial barrier to civic participation educational equity and healthy adulthood This volume brings together the work of leading urban youth scholars to highlight the detrimental impact of zero tolerance policies on young people's educational experience and well being Inspired by the conviction that urban youth have the right to more equitable educational and social resources and political representation Beyond Resistance offers new insights into how to increase the effectiveness of youth development and education programs and how to create responsive youth policies at the local state and federal level

Resilience Process and Its Personal and Social Bases Chau Kiu Cheung, 2024-10-30 This book is to elucidate personal and social bases for personal resilience thus addressing the issue concerning the predominance of social factors in shaping resilience Essentially the book starts with a clarification of resilience as a phenomenon rather than a trait The clarification also identifies the personal bases in terms of the resilience process which specifies belief about resilience as a precursor to learning about resilience action for resilience and resilience successively To justify the personal and social bases the book expounds the analytical functionalist framework to specify voluntaristic and deterministic mechanisms to perform the four requisite functions of goal attainment adaptation integration and latency Equipped with the conceptual and theoretical grounds the book proceeds to scrutinize the effects of personal and social factors on resilience and its process The personal factors include personal background characteristics personality functional disability and various beliefs whereas the social factors include experiences of caring peace violence and social exclusion in society kindness sociability and aid from other people and social capital The scrutiny engages five databases about 6 948 Chinese people in Hong Kong and neighboring Chinese cities composed of the public service users older adults students and people with visual impairment Overall the book presents ample theoretical and empirical substances to clarify the genesis of resilience
