*A Course in Desert Spirituality* Thomas Merton, 2019-03-05 2020 Association of Catholic Publishers first place award in spirituality Thomas Merton's sessions with the young monks at the Abbey of Gethsemani showcase Merton's brilliant ability to survey the key figures and synthesize their writings inspiring his listeners and readers with what it means for the spiritual life Like its companion volume *A Course in Christian Mysticism* this book is a collection of fifteen lectures that get to the heart of Merton's belief that monastic wisdom and spirituality are applicable for everyone This compact volume allows anyone to learn from one of the twentieth century's greatest Catholic spiritual teachers The study materials at the back of the book including additional primary source readings and thoughtful questions for reflection and discussion make this an essential text for any student of Christian desert spirituality

*The Letters of St. Antony* Samuel Rubenson, 1995-01-01 This book revolutionizes our understanding of the life and thought of the great anchorite father of the Egyptian desert It is a signal contribution to our knowledge of Egyptian Christianity in the third and fourth centuries Birger Pearson Institute for Antiquity and Christianity Samuel Rubenson by means of a fresh analysis of the letters of St Antony exposes the distortion of the picture of early Christian monks as unlettered and primitive Rubenson describes the desert monasteries as centers of theological reflection in Egypt showing how they combined the speculative philosophy of the Greeks and the biblical tradition

Included in this volume is a new translation of the letters themselves which are shown to be authentic and an important source for the study of the desert fathers and the early monastic tradition The later image of Antony is demonstrated to be influenced by church politics of the latter part of the fourth century Samuel Rubenson is Associate Professor at Lund University Lund Sweden     The History of the Peoples of the Eastern Desert Hans Barnard, Kim Duistermaat, 2012-12-31 The last quarter century has seen extensive research on the ports of the Red Sea coast of Egypt the road systems connecting them to the Nile and the mines and quarries in the region Missing has been a systematic study of the peoples of the Eastern Desert the area between the Red Sea and the Nile Valley in whose territories these ports roads mines and quarries were located The historical overview of the Eastern Desert in the shape of a roughly chronological narrative presented in this book fills that gap The multidisciplinary perspective focuses on the long term history of the region The extensive range of topics addressed includes specific historical periods natural resources nomadic survival strategies ancient textual data and the interaction between Christian hermits and their neighbors The breadth of perspective does not sacrifice depth for all authors deal in some detail with the specifics of their subject matter As a whole this collection provides an outline of the history and sociology of the Eastern Desert unparalleled in any language for its comprehensiveness As such it will be the essential starting point for future research on the Eastern Desert Includes a CD of eleven audio files with music of the Ababda Nomads and six short videos of Ababda culture     **Gender and Witchcraft** Brian Paul Levack, 2001     **The Key to the Great Secret** T. Findley, 2014-01-01 An ancient wisdom known only to Gnostics had previously become lost to humanity in the mists of time This secret knowledge is now revealed to you for the first time in The Key to the Great Secret and can be seen in paintings by Poussin and Teniers so there is no mistaking its existence What is revealed in the paintings is a secret method of prayer that allows one to have a direct experience of God just as Gnostics have always maintained Furthermore access to God allows one to develop to a much higher level of consciousness and wisdom allowing them to ultimately attain The Holy Grail of spiritual immortality This Gnostic Heresy was almost wiped out by the Catholic Church but has survived and exists in secret organisations to this day These remaining Gnostics are the trustees to our natural inheritance and hopefully will now feel free to come forward to guide us on our true path The Key to the Great Secret provides readers with the opportunity to unlock the reality of The Holy Grail so that they may see with spiritual eyes and understand with Gnostic wisdom In all honesty and humility if everything in this book is true then it has to be one of the most important books ever written simply because of what it contains This book contains the greatest secret in the world Is this a hoax or not You must decide says author T Findley     *The Desert Fathers* Peter H. Gorg, 2011-08-12 In the late third century more and more people withdrew to the radical seclusion of the desert so as to live entirely for God under the direction of a spiritual father Among these Desert Fathers one figure is especially preeminent Saint Anthony the Hermit This book takes the reader back to the hour when monasticism was born and describes the life of those revolutionary Christians who sought God in the Egyptian desert

The focus of the book is the life and work of Saint Anthony whose experiences of the spiritual life have a timeless beauty and validity even for those not called to live as a monk The second half of the book presents other Desert Fathers such as Paul of Thebes Pachomius and Simeon Stylites as well as the great founders of the monastic communities in Western Europe who were inspired by them John Cassian Columban and Benedict for example The monk s self denial begins radically in precisely those departments of life which have perennially seemed to be the most important ownership self determination and sexuality At the same time those who admonish so uncomfortably become the salt that lends Christianity its original flavor Just as the saints are God s specific answer to the needs of a given time so too are the religious orders that have been founded over the course of the centuries Peter G rg      **In the Heart of the Desert** John Chryssavgis,2008-06-06 Father John s inspiring introduction to the spirituality of the Desert Fathers and Mothers brings their words to life for the modern reader These key figures of the early church chose lives of hardship and solitude where they could point their hearts away from the outward world and toward an introspective path of God s calling in a deliberate and individual way Contains a Foreword by Metropolitan Kallistos Ware the second highest ranking Orthodox Bishop in England      *The Desert* Michael Welland,2014-09-15 From endless sand dunes and prickly cacti to shimmering mirages and green oases deserts evoke contradictory images in us They are lands of desolation but also of romance of blistering Mojave heat and biting Gobi cold Covering a quarter of the earth s land mass and providing a home to half a billion people they are both a physical reality and landscapes of the mind The idea of the desert has long captured Western imagination put on display in films and literature but these portrayals often fail to capture the true scope and diversity of the people living there Bridging the scientific and cultural gaps between perception and reality The Desert celebrates our fascination with these arid lands and their inhabitants as well as their importance both throughout history and in the world today Covering an immense geographical range Michael Welland wanders from the Sahara to the Atacama depicting the often bizarre adaptations of plants and animals to these hostile environments He also looks at these seemingly infertile landscapes in the context of their place in history as the birthplaces not only of critical evolutionary adaptations civilizations and social progress but also of ideologies Telling the stories of the diverse peoples who call the desert home he describes how people have survived there their contributions to agricultural development and their emphasis on water and its scarcity He also delves into the allure of deserts and how they have been used in literature and film and their influence on fashion art and architecture As Welland reveals deserts may be difficult to define but they play an active role in the evolution of our global climate and society at large and their future is of the utmost importance Entertaining informative and surprising The Desert is an intriguing new look at these seemingly harsh and inhospitable landscapes      Desert Roslynn D. Haynes,2013-11-15 Sand Cacti Lizards Mirages Deserts call to mind exotic places a sense of adventure and freedom but also thirst and desolation In Desert Roslynn D Haynes takes a fresh look at this geographical feature and cultural entity as it becomes an increasingly threatened

environment Considering the immense geographical diversity of deserts from the Sahara to Antarctica Haynes explores the intriguing and often bizarre ways plants and animals adapt to such a hostile environment as well as the diverse peoples that have inhabited deserts and evolved unique lifestyles and cultures in response to their surroundings She asks why Judaism Christianity and Islam all originated in the deserts of the Middle East and traces the connections between the minimalism of desert existence and the pursuit of a spiritual dimension Finally she describes the allure deserts have exerted on the West the significance of desolate landscapes in literature and film and the revolution in artists responses to the desert as an empty space and as an inspiration for new visual techniques with which to view it Ending with a look at how commercial and military interests threaten desert ecologies Desert casts new light on our view of these seemingly barren places **The**

**Wisdom of the Desert** Thomas Merton, 2012-09-30 The Wisdom of the Desert was one of Thomas Merton's favorites among his own books surely because he had hoped to spend his last years as a hermit The personal tones of the translations the blend of reverence and humor so characteristic of him show how deeply Merton identified with the legendary authors of these sayings and parables the fourth century Christian Fathers who sought solitude and contemplation in the deserts of the Near East The hermits of Scete who turned their backs on a corrupt society remarkably like our own had much in common with the Zen masters of China and Japan and Father Merton made his selection from them with an eye to the kind of impact produced by the Zen mondo
