St Basil And Eastern Monasticism:

Saint Basil, the Great Patriarch of Eastern Monasticism IŮUŮliŮaŮn IŮAŮ KatriŮ,1979 **Saint Basil and His Rule: A Study in Early Monasticism** E. F. Morison B.D.,Aeterna Press,2012-08-31 THERE is but slight apology needed for choosing as a subject for investigation a chapter in the history of monasticism It may seem no doubt at first sight as if monastic and ascetic ideals could have very little interest for a time such as ours which is characterized in no small degree by a devotion to material well being and a prominent display of luxury But our very remoteness from such ideals makes us perhaps all the more curious to see what attraction they can have had for those who lived by them and to inquire whether they have any value for the world of to day It is a matter of some interest to see what remedy was applied by the Christianity of earlier ages to the disease of materialism with which we are now beset and to see how far the remedy was authorized and adopted by the Church in her struggles not only with the world outside but also with the worldly tendencies within herself St. Basil and His Rule Ernest Frederick Morison,1912 The Spirit and Origin of Christian Monasticism George A. Birmingham,1903

St Basil the Great- a Study in Minasticism , *Dictionary of World Monasticism* Steven Olderr,2020-07-21 The roots of monasticism may go back as far as 1700 BCE to ascetic practices in ancient India Since that time the monastic world has naturally developed its own extensive and distinct vocabulary Countless volumes have been written on monasticism yet many do not clearly define obscure or vernacular terms Some terms may be found in standard dictionaries but without in depth explanations This first comprehensive dictionary not a proselytizing work but a reference with historical and biographical focus fills the gap with a worldwide scope covering not only Christianity but all faiths that have monastic traditions including but not limited to Buddhism Jainism and Hinduism **St. Basil** William Kemp Lowther Clarke,1921 **Encyclopedia of Monasticism** William M. Johnston,2013-12-04 The two volume Encyclopedia of Monasticism describes the monastic traditions of both Christianity and Buddhism with more than 600 entries on important monastic figures of all periods and places surveys of countries and localities and topical essays covering a wide range of issues e g art behavior economics liturgy politics theology and scholarship Coverage encompasses not only geography and history worldwide but also the contemporary dilemmas of monastic life Recent upheavals in certain countries are highlighted Korea Russia Sri Lanka etc Topical essays subtitled Christian Perspectives and Buddhist Perspectives explore in imaginative fashion comparisons and contrasts between Christian and Buddhist monasticism Encyclopedia of Monasticism also includes more than 500 color and black and white illustrations covering all aspects of monastic life art and architecture **Saint Basil the Great** ŮŮliŮian ŮA. KatriŮ,1979 **Approaches to Monasticism in the Context of Christian Responses to Modern Culture** Kevin Maddy,2022-06-20 Approaches to Monasticism in the Context of Christian Responses to Modern Culture is a study of how the values and practices of monasticism are being shaped by the shift to a cultural understanding of Christianity in modern times The values and practices of traditional monasticism are contrasted with those of various expressions of new monasticism

against the background of a multicultural and fluid social environment in an effort to find some reciprocal illumination The study aims to describe monasticism in terms of authenticity and lived religion Kevin Maddy was educated at Cambridge University and has recently completed a PhD at Radboud University Nijmegen He currently works in Canterbury as an Anglican parish priest and is a probationary member of the Society of the Resurrection The Catholic Church in the United States of America ,1914 The Liturgy of the Hours in East and West Robert F. Taft,1986 The origins and development of the Divine Office are traced through both Eastern and Western branches of the Church providing a wealth of historical and liturgical information From the small beginnings of a few Christians in New Testament Jerusalem the prayer of the Church spread changing and evolving as it met and was assimilated by different cultures This classic study is a major resource for the liturgical scholar **The Oxford Handbook of Religion and Education** Liam Francis Gearon,Arniika Kuusisto,2025-04-29 The Oxford Handbook of Religion and Education offers a multi disciplinary work of scholarship and research highlighting the global significance of a critical interface of cultural and social political and theological importance Drawing on historical perspective and contemporary reflection the collection provides a uniquely transformative analysis of why the interface of religion and education is of such critical significance With contributions from some of the leading thinkers in the field this Handbook presents a cumulatively powerful argument to reassess the complexities of the intersection of religion and education With ambitious and yet accessible intellectual engagements the Handbook here furthers a central thesis that the interface of religion and education is not merely a matter of arcane disputation about a domain of ancient origin or a rudimentary matter of formal educational process but a vibrant domain of critical contestation fundamental to knowing understanding and living in the modern world **The Greek Fathers** Adrian Fortescue,1908
