St Catharines Garden On The Canal:

St. Catharines, Garden on the Canal Robert Shipley, 1987 The Mighty Niagara John N. Jackson, 2003-03 makes some notable contributions to the popular and scholarly literature about the Niagara region a welcome addition to the literature of US Canada cross border studies The Canadian Historical Review provides a most engaging and eloquently written story a learned tale of the Niagara region s associated historical triumphs and abiding challenges The book s geographical and social histories will be of interest not only to residents of the Niagara Frontier but to anyone who has ever been fascinated by the complexly related natural and technological wonders that have helped to make Niagara one of the world s most famous and enduring icons ISLE This in depth regional study of the Niagara Frontier traces the evolution of landscape and patterns of settlement on both sides of the Niagara River extending from St Catharines Ontario to Lockport New York This significant region astride an international frontier both connects and separates unites and divides Canadian and American territories bordering the Niagara River Like map overlays that build on an underlying base geography Professor Jackson s chronological approach begins with the qualities of the physical background and their ongoing ramifications up to the present for the use and development of land He then adds the Native settlements showing their trails and economic activities while highlighting the amazing fact that certain Native features remain an intrinsic part of the modern landscape The next time period reveals that the previous human landscapes once continuous across the Niagara River became acutely discontinuous with the creation in 1783 of an unseen but divisive international boundary Subsequent chapters follow the changes over the course of time as canals railways hydroelectric power and the dominance of the automobile in the present era all transform the environment Jackson also discusses Niagara Falls as the fulcrum around which the Niagara Frontier has developed and the impact of the tourist industry on the region This thorough analysis of an important international region will be of great use to students of regional urban and historical geography as well as to anyone involved in cross boundary trade education or tourism John N Jackson St Catharines Ontario is professor emeritus of applied geography at Brock University and the author of fourteen previous books on regional geography and history John Burtiak St Catharines now retired was the special collections librarian and university archivist at Brock University Gregory P Stein Buffalo NY is associate professor of geography and planning at SUNY College at Buffalo *The Welland Canals and Their Communities* John N. Jackson, 1997-01-01 An examination of the role and contributions of the four Welland Canals to the development of Niagara Peninsula communities *Meaningful Pasts* Russell Johnston, Michael Ripmeester, 2024-01-31 In *Meaningful Pasts* Russell Johnston and Michael Ripmeester explore two strands of identity making among residents of the Niagara region in Ontario Canada First they describe the region s official narratives most of which celebrate the achievements of white settlers with a mix of storytelling rituals and monuments Despite their presence in local lore and landmarks these official narratives did not resonate with the nearly one thousand residents who participated in five surveys

conducted over eleven years Instead participants drew on contemporary people places and events Second the authors explore the emergence of Niagara s wine industry as a heritage narrative The book shares how the survey participants embraced the industry as a local identifier and indicates how the industry s efforts have rekindled the residents interest in agriculture as a significant element of regional heritage and local identities Revealing how the profiles of local narratives and commemorations become entwined with social cultural economic and political power Meaningful Past illuminates the fact that local narratives retain their relevance only if residents find them meaningful in their day to day lives **Mennonites in Canada: 1939-1970 : a people transformed** Frank H. Epp,T. D. Regehr,1974-01-01 T D Regehr shows how the Second World War challenged the pacifist views of Mennonites and created a population more aware of events problems and opportunities for Christian service and personal advancement in the world beyond their traditional rural communities

Port Dalhousie: An Intimate History Christine Aloian-Robertson,David Serafino,2020-07-11 Port Dalhousie started out as a farming and fishing settlement at the mouth of Twelve Mile Creek at what would become the northern terminus of the First Welland Canal Throughout the 19th century it prospered and grew into a village and then a town but fell into a gradual decline due to the opening of the Fourth Welland Canal in Port Weller three miles to the east in 1932 the end of passenger ship service in 1950 and the closing of the popular Lakeside Park in 1971 In 1961 it was incorporated into the City of St Catharines and in 1974 woke up to a resurgence of pride in a community that discovered its incredible history Many of those residents who had lived through the earliest of these times were still alive when the interviews herein were first being recorded Though the forty some interviews contained within add personal colour humour and passion to the story that is Port Dalhousie the historical account would not be complete without a narrative that defines the eras that this settlement village and town passed through on the way to becoming what it is today This history begins at the close of the 18th century and carries on to the early 1960s when it ceased being a town and became a suburb of the City of St Catharines The many who remember the days prior to amalgamation and even many newcomers identify with living in Port Dalhousie or as the old timers would say Pordaloozie *Borderland Blacks* dann j. Broyld,2022-05-25 Winner of the OHS Fred Landon Award In the early nineteenth century Rochester New York and St Catharines Canada West were the last stops on the Niagara branch of the Underground Railroad Both cities handled substantial fugitive slave traffic and were logical destinations for the settlement of runaways because of their progressive stance on social issues including abolition of slavery women s rights and temperance Moreover these urban centers were home to sizable free Black communities as well as an array of individuals engaged in the abolitionist movement such as Frederick Douglass Harriet Tubman Anthony Burns and Hiram Wilson dann j Broyld s *Borderland Blacks* explores the status and struggles of transient Blacks within this dynamic zone where the cultures and interests of the United States Canada Great Britain and the African Diaspora overlapped Blacks in the two cities shared newspapers annual celebrations religious organizations and kinship and friendship ties Too often historians have focused on

the one way flow of fugitives on the Underground Railroad from America to Canada when in fact the situation on the ground was far more fluid involving two way movement and social collaborations Black residents possessed transnational identities and strategically positioned themselves near the American Canadian border where immigration and interaction occurred Borderland Blacks reveals that physical separation via formalized national barriers did not sever concepts of psychological memory or restrict social ties Broyld investigates how the times and terms of emancipation affected Blacks on each side of the border including their use of political agency to pit the United States and British Canada against one another for the best possible outcomes **General Report of the Commissioner** ,1878 **Emancipation Day** Natasha L.

Henry-Dixon,2010-07-12 When the passage of the Abolition of Slavery Act effective August 1 1834 ushered in the end of slavery throughout the British Empire people of the African descent celebrated their newfound freedom Now African American fugitive slaves free black immigrants and the few remaining enslaved Africans could live unfettered live in Canada a reality worthy of celebration This new well researched book provides insight into the creation development and evolution of a distinct African Canadian tradition through descriptive historical accounts and appealing images The social cultural political and educational practices of Emancipation Day festivities across Canada are explored with emphasis on Ontario Nova Scotia New Brunswick Quebec and British Columbia Emancipation is not only a word in the dictionary but an action to liberate one s destiny This outstanding book is superb in the interpretation of the power of freedom in one s heart and mind moving from 1834 to present Dr Henry Bishop Black Cultural Centre Dartmouth Nova Scotia *Annual Report of the Dominion Water Power and Reclamation Service* Canada. Dominion Water Power and Reclamation Service,1917 *This Colossal Project* Roberta M. Styran,Robert R. Taylor,2016-12-01 This Colossal Project presents an absorbing epic on the building of the fourth Welland Canal which connects Lake Ontario and Lake Erie and allows ships to bypass Niagara Falls An immense undertaking the canal is a vital part of North America s infrastructure and still functions as an essential part of the St Lawrence Seaway Emphasizing the role that vivid personalities including engineers John Laing Weller and Alex Grant as well as contractors and labourers played in the construction of the canal Roberta Styran and Robert Taylor use archival sources government documents newspapers maps and original plans to describe a saga of technological financial geographical and social obstacles met and overcome in an accomplishment akin to the building of the Canadian Pacific Railway A story of Canadian skill courage vision and hardship This Colossal Project details the twenty year excavation of the giant channel and the creation of huge concrete locks amidst war the Great Depression political change and labour unrest Building on the work presented in Styran and Taylor s This Great National Object which told the story of the first three Welland canals built in the nineteenth century This Colossal Project chronicles an impressive milestone in the history of Canadian technological achievement and nation building **Hunt's Merchants' Magazine and Commercial Review** Freeman Hunt,Thomas Prentice Kettell,William Buck Dana,1858 Merchants' Magazine and Commercial Review ,1858

Marsh,1999 This edition of The Canadian Encyclopedia is the largest most comprehensive book ever published in Canada for the general reader It is COMPLETE every aspect of Canada from its rock formations to its rock bands is represented here It is UNABRIDGED all of the information in the four red volumes of the famous 1988 edition is contained here in this single volume It has been EXPANDED since 1988 teams of researchers have been diligently fleshing out old entries and recording new ones as a result the text from 1988 has grown by 50% to over 4 000 000 words It has been UPDATED the researchers and contributors worked hard to make the information as current as possible Other words apply to this extraordinary work of scholarship AUTHORITATIVE RELIABLE and READABLE Every entry is compiled by an expert Equally important every entry is written for a Canadian reader from the Canadian point of view The finished work many years in the making and the equivalent of forty average sized books is an extraordinary storehouse of information about our country This book deserves pride of place on the bookshelf in every Canadian Home It is no accident that the cover of this book is based on the Canadian flag For the proud truth is that this volume represents a great national achievement From its formal inception in 1979 this encyclopedia has always represented a vote of faith in Canada in Canada as a separate place whose natural worlds and whose peoples and their achievements deserve to be recorded and celebrated At the start of a new century and a new millennium in an increasingly borderless corporate world that seems ever more hostile to national distinctions and aspirations this Canadian Encyclopedia is offered in

a spirit of defiance and of faith in our future The statistics behind this volume are staggering The opening sixty pages list the 250 Consultants the roughly 4 000 Contributors all experts in the field they describe and the scores of researchers editors typesetters proofreaders and others who contributed their skills to this massive project The 2 640 pages incorporate over 10 000 articles and over 4 000 000 words making it the largest some might say the greatest Canadian book ever published There are of course many special features These include a map of Canada a special page comparing the key statistics of the 23 major Canadian cities maps of our cities a variety of tables and photographs and finely detailed illustrations of our wildlife not to mention the colourful informative endpapers But above all the book is encyclopedic which the Canadian Oxford Dictionary describes as embracing all branches of learning This means that with rare exceptions there is satisfaction for the reader who seeks information on any Canadian subject From the first entry *A mari usque ad mare* from sea to sea which is Canada's motto and a good description of this volume's range to the Zouaves who mustered in Quebec to fight for the beleaguered Papacy there is the required summary of information clearly and accurately presented For the browser the constant variety of entries and the lure of regular cross references will provide hours of fascination The word encyclopedia derives from Greek expressions alluding to a grand circle of knowledge Our knowledge has expanded immeasurably since the time that one mind could encompass all that was known Yet now Canada's finest scientists academics and specialists have distilled their knowledge of our country between the covers of one volume The result is a book for every Canadian who values learning and values Canada
