**Select Orations** Saint Gregory (of Nazianzus), 2003 Exemplifying the perfect synthesis of classical and Christian paideia these homilies will be required reading for anyone interested in late antiquity The introduction and notes accompanying the translation will assist both the specialist and the general reader as they seek to navigate the complex environment in which Gregory lived and worked **BOOK JACKET**

**SELECT ORATIONS** St Gregory of Nazianzus, 2004-01-01 This translation makes available nineteen orations by the fourth century Cappadocian father Gregory of Nazianzus Most are appearing here in English for the first time These homilies span all the phases of Gregory s ecclesiastical career beginning with his service as a parish priest assisting his father the elder Gregory in his hometown of Nazianzus in the early 360s to his stormy tenure as bishop of Constantinople from 379 to 381 to his subsequent return to Nazianzus and role as interim caretaker of his home church 382 83 Composed in a variety of rhetorical formats such as the lalia and encomium the sermons treat topics that range from the purely theological to the deeply personal Up until now Gregory has been known primarily for his contributions as a theologian indifferent to the social and political concerns that consumed his friend Basil This view will change It has been due in large measure to the interests and prejudices of the nineteenth century editors who excluded the sermons translated here from the Select Library of Nicene and Post Nicene Fathers of the Church This new translation will help the English speaking reader appreciate just how deeply Gregory was engaged in the social and political issues of his day Exemplifying the perfect synthesis of classical and Christian paideia these homilies will be required reading for anyone interested in late antiquity The introduction and notes accompanying the translation will assist both the specialist and the general reader as they seek to navigate the complex environment in which Gregory lived and worked

**Select Orations of Saint Gregory Nazianzen** Saint Gregory Nazianzen, Aeterna Press, I have been defeated and own my defeat I subjected myself to the Lord and prayed unto Him Let the most blessed David supply my exordium or rather let Him Who spoke in David and even now yet speaks through him For indeed the very best order of beginning every speech and action is to begin from God and to end in God As to the cause either of my original revolt and cowardice in which I got me away far off and remained away from you for a time which perhaps seemed long to those who missed me or of the present gentleness and change of mind in which I have given myself up again to you men may think and speak in different ways according to the hatred or love they bear me on the one side refusing to acquit me of the charges alleged on the other giving me a hearty welcome

helped carve out the doctrine of the triune God as well as to its twentieth century renaissance The second half of the book contains a detailed annotated bibliography of all major books written about the Trinity

**Christ in the Life and Teaching of Gregory of Nazianzus** Andrew P. Hofer, 2013-08-29 Christ in the Life and Teaching of Gregory of Nazianzus is the first full length book devoted to an overview of the Christology of this fourth century Father of the Church Andrew Hofer examines the breadth of Gregory's corpus orations letters and poems often neglected in doctrinal studies to argue that Gregory's writing on Christ can be best understood in tandem with his autobiography This study begins with an articulation of Gregory's theology of the Word in which words come from the Word who became incarnate Hofer then offers a close reading of how Gregory writes to or about Christ in the poetry known as on himself Within a three part study of autobiographical Christology Hofer explores the philosophical background of Gregory's rhetoric for what he calls the mixtures of Christ and himself He then elucidates this autobiographical concern in Gregory's famous Ep 101 a landmark text in the Christological controversies Thirdly Hofer considers how Gregory celebrates the mysteries of Christ in the festal orations Before the book's epilogue a chapter describes how Gregory wrote of Christ for his pastoral ministry Throughout the work Hofer demonstrates the importance in Gregory's writings of the language of blending such as in the Greek word *krasis* rejected by the Council of Chalcedon to describe the Incarnation This book thus offers a unique perspective on the one known as the Theologian in Chalcedon's acts and in subsequent Christian tradition

*Literature and Society in the Fourth Century AD* Lieve Van Hoof, Peter Van Nuffelen, 2014-10-23 Late Antiquity is often assumed to have witnessed the demise of literature as a social force and its retreat into the school and the private reading room whereas the sophists of the Second Sophistic were influential social players their late antique counterparts are thought to have been overshadowed by bishops Literature and Society in the Fourth Century AD argues that this presumed difference should be attributed less to a fundamental change in the role of literature than to different scholarly methodologies with which Greek and Latin texts from the second and the fourth century are being studied Focusing on performance the literary construction of reality and self presentation this volume highlights

how literature continued to play an important role in fourth century elite society      **Found Theology** Ben Quash,2014-02-20

How can theology respond to changing historical circumstances imaginatively and creatively This book seeks to answer this question      Leprosy and identity in the Middle Ages Elma Brenner,François-Olivier Touati,2021-04-13 For the first time this volume explores the identities of leprosy sufferers and other people affected by the disease in medieval Europe The chapters including contributions by leading voices such as Luke Demaitre Carole Rawcliffe and Charlotte Roberts challenge the view that people with leprosy were uniformly excluded and stigmatised Instead they reveal the complexity of responses to this disease and the fine line between segregation and integration Ranging across disciplines from history to bioarchaeology Leprosy and identity in the Middle Ages encompasses post medieval perspectives as well as the attitudes and responses of contemporaries Subjects include hospital care diet sanctity miraculous healing diagnosis iconography and public health regulation This richly illustrated collection presents previously unpublished archival and material sources from England to the Mediterranean      **Being and Motion** Thomas Nail,2019 More than at any other time in human history we live in an age defined by movement and mobility and yet we lack a unifying theory which takes this seriously as a starting point for philosophy The history of philosophy has systematically explained movement as derived from something else that does not move space eternity force and time Why when movement has always been central to human societies did a philosophy based on movement never take hold This book finally overturns this long standing metaphysical tradition by placing movement at the heart of philosophy In doing so Being and Motion provides a completely new understanding of the most fundamental categories of ontology from a movement oriented perspective quality quantity relation modality and others It also provides the first history of the philosophy of motion from early prehistoric mythologies up to contemporary ontologies Through its systematic ontology of movement Being and Motion provides a path breaking historical ontology of our present

**Christian Philosophy as a Way of Life** Ross D. Inman,2023-10-17 Philosophy is often seen as anything but practically relevant to everyday life In this brief accessible introduction Ross Inman explores four hidden assumptions that lurk behind questions involving philosophy s relevance He shows that philosophy is one of most practical subjects of study for it satisfies our deep human need to make sense of it all This book recovers a more classical vision of Christian philosophy as an entire way of life Inman shows that wonder is the distinctively human posture that drives and sustains the examined life and makes a compelling case that philosophy is valuable practical and significant for every aspect of Christian life and ministry Living philosophically as a Christian enables us to be properly attuned to what is true and good in Christ and to orient our lives to the highest goals worth pursuing This is an ideal introductory book for students of philosophy Christian thought and worldview studies It will also work well in classical school high school and homeschool contexts      **The Making of the Medieval Middle East** Jack Tannous,2020-03-31 In the second half of the first millennium CE the Christian Middle East fractured irreparably into competing churches and Arabs conquered the region setting in motion a process that would lead to

its eventual conversion to Islam Largely agrarian and illiterate Christians often called the simple outnumbered Muslims well into the era of the Crusades and yet they have typically been invisible in our understanding of the Middle East s history

**The Disappearance of Eve and the Gender of Christ** Kevin Carnahan,2025-04-15 After hundreds of years during which Eve was blamed for originating sin St Paul removed her from the narrative of the fall to create a one man one man typology between Adam as the origin of sin and Christ as the source of salvation This disappearance created a theological problem Eve fell outside the narrative of sin and salvation Early Christians sensing the lack in Paul s formula created an alternative typology between Eve the mother of all the living and Mary the mother of Jesus Eventually early theologians attempted to solve the soteriological problem Eve posed by coordinating these two typologies This solution however produced a furthur dilemma Either Mary had to be posited as a second savior or the salvation offered to Eve in the revised scheme had to be second class Neither option is theologically acceptable The Disappearance of Eve and the Gender of Christ proposes a solution to this problem It revises Paul s original formula and with it a set of common claims about Christ s sex and gender It accepts Christ as the new Adam and the new Eve and accepts that Christ is theologically speaking trans Carnahan offers a new theology of sex and gender as a calling within a context of responsibility as a framework for making sense of Eve Christ and ourselves He shows how from first century Roman culture to medieval mystical experience and into our own time there exists a long tradition of seeing Christ as transgressing and even transitioning across sex and gender boundaries

**The Rise of Christian Theology and the End of Ancient Metaphysics** Johannes Zachhuber,2020-05-28 It has rarely been recognized that the Christian writers of the first millennium pursued an ambitious and exciting philosophical project alongside their engagement in the doctrinal controversies of their age The Rise of Christian Theology and the End of Ancient Metaphysics offers for the first time a full analysis of this Patristic philosophy It

shows how it took its distinctive shape in the late fourth century and gives an account of its subsequent development until the time of John of Damascus The book falls into three main parts The first starts with an analysis of the philosophical project underlying the teaching of the Cappadocian fathers Basil of Caesarea Gregory of Nyssa and Gregory of Nazianzus This philosophy arguably the first distinctively Christian theory of being soon became near universally shared in Eastern Christianity Just a few decades after the Cappadocians all sides in the early Christological controversy took its fundamental tenets for granted Its application to the Christological problem thus appeared inevitable Yet it created substantial conceptual problems Parts two and three describe in detail how these problems led to a series of increasingly radical modifications of the Cappadocian philosophy In part two Zachhuber explores the miaphysite opponents of the Council of Chalcedon while in part three he discusses the defenders of the Council from the early sixth to the eighth century Through this overview the book reveals this period as one of remarkable philosophical creativity fecundity and innovation

Globalization, Spirituality, and Justice Revised Edition Daniel G. Groody, 2015-10-15 A theological reading of globalization and a global reading of theology This book offers a rigorously critical and yet inspiring vision of justice as an integral part of Christian spirituality in our complex globalized world At the same time Daniel Groody's analysis draws on the conviction that faith and spirituality have an integral role in the struggle to achieve a more just social order

**Two Views on the Doctrine of the Trinity** Stephen R. Holmes, Paul D. Molnar, Thomas H. McCall, Paul Fiddes, 2014-09-02 Christians have always believed in the triune God but they haven't always understood or used the doctrine of the Trinity consistently In order to form a coherent view of trinitarian theology it's important for Christians to have a working knowledge of the two legitimate models for explaining this doctrine Classical presenting a traditional view of the Trinity represented by the Baptist theologian Stephen R Holmes and the Roman Catholic theologian Paul D Molnar Relational presenting the promise and potential hazards of a relational doctrine represented by the evangelical theologian Thomas H McCall and the Baptist philosopher Paul S Fiddes In this volume of the Counterpoints series leading contributors establish their models and approaches to the doctrine of the Trinity or the relationship between the threeness and oneness of the divine life Each expert highlights the strengths of his view in order to argue how it best reflects the orthodox perspective In order to facilitate a genuine debate and to make sure that the key issues are revealed each contributor addresses the same questions regarding their trinitarian methodology doctrine and its implications
