Stage Images and Traditions Robyn Bolam, 2009-04-02 This book looks at the traditions behind some of the common images that appeared on stage in the early seventeenth century The years 1607 14 are particularly important not only because of developments taking place in the playhouses but also for the variety of drama on offer The discussion includes Macbeth Pericles Cymbeline and The Duchess of Malfi at the Globe and Blackfriars The White Devil at the Red Bull a court masque and later plays by Middleton and Ford Dr Bolam explores contemporary performances in relation to each other and analyses the ways different dramatists handled the traditions they inherited The book looks back to Kyd s Spanish Tragedy and Shakespeare s early plays and forward to the time when allusions to Shakespeare s plays became part of the pattern of traditions Some modern revivals are described and illustrated with photographs showing how metaphors have been staged

Tourism and Visual Culture Methods and cases Peter M. Burns, Cathy Palmer, Jo-Anne Lester, Lyn Bibbings, 2010 The study of tourism as a complex social phenomenon beyond simply business is increasing in importance Providing an examination of perceptions of culture and society in tourism destinations through the tourist s eyes this book discusses how destinations were and are created and perceived through the lens of the tourist s gaze

Image and Pilgrimage in Christian Culture Victor Turner, Edith Turner, 2011-11-08 First published in 1978 Image and Pilgrimage in Christian Culture is a classic work examining the theological doctrines popular notions and corresponding symbols and images promoting and sustaining Christian pilgrimage The book examines two major aspects of pilgrimage practice the significance of context or the theological conditions giving rise to pilgrimage and the folk traditions enabling worshippers to absorb the meaning of the event and the images and symbols embodying the experience of pilgrimage and transmitting its visions in varying ways Retelling its own tales of mere mortals confronted by potent visions such as the man Juan Diego who found redemption with the Lady of Guadalupe and the poor French shepherdess Bernadette

whose encounter with the Lady at Lourdes inspired Christians across the globe this text treats religious visions as both paradox and empowering phenomena tying them explicitly to the times in which they occurred Offering vivid vignettes of social history it extends their importance beyond the realm of the religious to our own conceptions of reality Extensively revised throughout this edition includes a new introduction by the theologian Deborah Ross situating the book within the work of Victor and Edith Turner and among the movements of contemporary culture She addresses the study's legacy within the discipline especially its hermeneutical framework which introduced a novel method of describing and interpreting pilgrimage She also credits the Turners with cementing the link between mysticism popular devotion and Christian culture as well as their recognition of the relationship between pilgrimage and the deep spiritual needs of human beings She concludes with various critiques of the Turners work and suggests future directions for research

The Spectre of Tradition and the Aesthetic-Political Movement of Theatre and Performance Min Tian, 2022-10-25 This book interrogates anew the phenomenon of tradition in a dialogical debate with a host of Western thinkers and critical minds In contrast to the predominantly Western approaches which look at traditions Western and non Western from a predominantly Western modernist perspective this book interrogates from an intercultural perspective the transnational and transcultural consecration translation re invention and displacement of traditions theatrical and cultural in the aesthetic political movement of twentieth century theatre and performance as exemplified in the case studies of this book It looks at the question of traditions and modernities at the centre of this aesthetic political space as modernities interculturally evoke and are haunted by traditions and as traditions are interculturally refracted reconstituted refunctioned and reinvented It also looks at the applicability of its intercultural perspective on tradition to the historical avant garde in general postmodern postcolonial and postdramatic theatre and performance and to the twentieth century classical intercultural theatre and the twenty first century new interculturalisms in theatre and performance To conclude it looks at the future of tradition in the ecology of our globalized theatrum mundi and considers two important interrelated concepts future tradition and intercultural tradition This book will be of great interest to students and scholars in performance studies

Catholic Moral Tradition, Revised David Bohr,2006-02-22 Too many Catholics tend to believe that morality is primarily about keeping laws and avoiding sin Catholic Moral Tradition Revised shows how from the beginning the Christian moral life is first and foremost about living our lives according to the new law of grace The gift of the Holy Spirit given us at baptism is a dynamic inner principle that transforms us into a new creation in Christ This book presents an introductory summary of contemporary Catholic moral teaching based upon the renewal mandated by the Second Vatican Council It also incorporates subsequent Church documents especially the moral encyclicals of John Paul II Veritatis Splendor and Evangelium Vitae along with his three encyclicals on Catholic social doctrine and the Catechism of the Catholic Church

Apatheia in the Christian Tradition Joseph H. Nguyen SJ,2018-02-21 To many modern people apatheia being without suffering without passion sounds like cold heartedness and indifference to others a condition to be avoided However in the classical world and for many in the historic Christian church it was a spiritual state to aspire to What exactly is apatheia What is its origin How has it been used in spiritual writings throughout the centuries of Christian practice And how may it help us today to articulate a Christian understanding of the soul s spiritual well being The central aim of the book is twofold to rediscover the meaning and function of the Greek term apatheia as it was understood and employed by the Stoics in their philosophical and religious writings and to explore how the theologians of the church Origen Evagrius John Cassian Maximus and Ignatius of Loyola interpreted apatheia for their spiritual practice Nguyen argues that the concept of apatheia in the Christian spiritual tradition connotes the state of spiritual peace or well being of the human soul wherein excessive and negative emotions such as lust excessive desire for food and drink anger envy resentment self love and pride are replaced by reasonable desires love and humility

Theatre in a Media Culture Amy Petersen Jensen,2014-11-04 As

the media have increasingly become the lens through which we see the world media styles have shaped even the fine arts and contemporary theatre is particularly indebted to mass media's dramatic influence In order to stay culturally and financially viable theatre producers have associated theatrical productions and their promotion with film television and the Internet by adopting new theatrical practices that mirror the form and content of mass communication This work demonstrates how mediatization or the adoption of the semantics and the contexts of mass media has changed the way American theatre is produced performed and perceived Early chapters use works like Robert Wilson's 3D digital opera *Monsters of Grace* and Thecla Schophorst's digitally animated *Bodymaps* to demonstrate the shifting nature of live performance Critical analysis of the interaction between the live performer and digital technology demonstrates that the use of media technology has challenged and changed traditional notions of dramatic performance Subsequent discussion sustains the argument that theatre has reconfigured itself to access the economic and cultural power of the media Final chapters consider the extent to which mediatization undermines theatrical authorship and creativity

August Strindberg and Visual Culture Jonathan Schroeder, Anna Westerstahl Stenport, Eszter Szalczar, 2018-09-20 August Strindberg and Visual Culture addresses the multiplicity of Strindberg's artistic and literary output The book charts the vital intersections between theatre aesthetic theory and visual elements in his work that have been left largely unexplored Rather than following traditional genre bound critical approaches this book focuses on the intermediality of individual works the corpus as a whole and their connections to a wide array of historical and contemporary artists writers photographers film theatre and museum practitioners The book is beautifully illustrated with many never before seen images from Strindberg's work and includes contributions from actress Liv Ullmann director Robert Wilson and curator and museum director Daniel Birnbaum

Handloom Sustainability and Culture Miguel Ángel Gardetti, Subramanian Senthilkannan Muthu, 2022-01-11 This first of the three volume series highlights the intricate relationship in the handloom industry between its culture and the various areas of sustainability While there have been major disruptions in this age old industry this volume presents the luxury and the entrepreneurship aspects to keep the industry moving ahead The book contains seventeen chapters written by leading experts in the areas and discusses means to revive some of the cultures that are on the verge of closing shutting down

The Materials of Early Theatre: Sources, Images, and Performance Meg Twycross, 2017-12-06 Collected Studies CS 1068 The essays selected for this volume are chosen to reflect the important and intersecting ways in which over the last forty years Meg Twycross has shifted paradigms for people reading early English religious drama The focus of Meg Twycross's research has been on performance in its many aspects and this volume chooses four of the most important strands of her work the York plays new ways of understanding acting and performance in late medieval theatre particularly in Britain and across Europe why scenes are staged in the ways they are verbally and by extrapolation visually by close reading of texts against the background of medieval theology and the attention paid to wider contexts of medieval theatre concentrating

especially on essays that are not easily available today These thematic strands are reflective of Meg Twycross's major contribution to the field They also represent those areas from her wider work which will have most utility and value for those whether students or senior specialists in areas beyond early drama who are looking for ways into understanding English medieval plays The crucial work that has been done here has opened new perspectives on late medieval theatre and will allow new generations to begin their study and research from further along the road

Indian Traces in Korean Culture Renata Czekalska, 2024-10-24 Indian traces in Korean Culture examines the enduring cross cultural discourse between India and Korea over the centuries emphasizing the transformative power of cultural exchange beyond geographical and temporal constraints The book analyses how symbols transcend sensory realms and embody spiritual content and suggests that Indian associations in Korean culture reflect a hybridized nature seamlessly blending cultural elements The author presents various facets of the cultural exchange between India and Korea covering Princess Hwang-ok's legendary Indian origins shaping Korean identity Ilyon's strategic documentation of Buddhism's transmission the influence of Indian figures such as Gandhi and Tagore an exploration of literature from ancient Buddhist verse to modern poets like Kim Yang-shik and Shiva Ryu and a study of cultural exchange in K-pop Facilitating a possible alternative to Huntington's theory of the clash of civilisations this book provides evidence that the multifaceted encounters between cultures are a historical process that co-shapes civilisational change on a global scale The first monograph solely dedicated to India-Korea cultural connection from antiquity to the present this book offers a paradigm shift inviting readers to explore fresh insights and reshape their understanding of cultural exchanges It will be of interest to researchers in intercultural communication Cultural Studies Cultural History and Asian Studies in particular Korea and India Chapters 1 and 5 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non-Commercial No Derivatives CC BY-NC-ND 4.0 license

Innovative Approaches to Agricultural Plant Disease Identification: Integrating Deep Learning into Traditional Methods Yongliang Qiao, Chunlei Xia, Meili Wang, 2025-02-27 Identifying and managing plant diseases is a critical aspect of agriculture significantly impacting the economy and food security The early detection and management of plant diseases are essential to maintain healthy crops, reduce plant damage and ensure high yields and quality of agricultural products The traditional approach involves visually observing symptoms and abnormal growth patterns which is often limited by the subjectivity of human observation and labor costs Nowadays traditional manual inspection of plant diseases is being replaced by advanced techniques such as sensing networks, machine vision, remote sensing and robotics Researchers and engineers have developed numerous plant disease identification techniques and automatic disease inspection systems over the last few decades

Spectacle Culture and American Identity 1815-1940 S. Tenneriello, 2013-12-18 Scenic spectacles collapse the borders of graphic and visual arts, multimedia, technology, spectatorship and architecture Drawing upon various systems of commercial, institutional and public spectacle that intersect with scenic stages of the national landscape Tenneriello

examines how spectacle is entrenched in the formation of national identity

Cultural Critique Through the Detour of Art Kris Rutten, Keyan G. Tomaselli, 2025-06-30 This book brings together a selection of articles that have been published throughout a series of special issues of the journal Critical Arts South North Cultural and Media Studies that originally focused on the so called ethnographic turn in contemporary arts An increasing wave of art events has occurred since the 1990s that have displayed significant similarities with anthropology and ethnography in their theorizations of cultural difference and representational practices The aim of these works was to revisit the ethnographic turn in contemporary art by bringing together contributions from theorists artists and critics to engage critically with the ethnographic perspective in their work This focus on the ethnographic turn has been expanded in subsequent special issues to explore how culture and society can be critically explored and challenged through the detour of art how contemporary art practices engage with participation interaction and technology in an increasingly digital screen culture and what the role can be of critical art to conceptualize contest and or develop an engaged and critical pedagogy This collection aims to re expose the special issues to an international audience by presenting a non exhaustive selection of articles that exemplify the different perspectives and discussions that are tackled throughout It starts with three of the introductory articles that have attracted large readerships and that give a detailed introduction for the special issues The compilation ends with three so called Vignettes these are short statements and reflections by artists about their practice which are an important feature of the special issues
