Rose, 2020-12-01 In 1936 a man was caught in a blizzard on Australia's Bogong High Plains Found unconscious by a search party he was taken to the nearest township where an old aborigine woman made the cryptic comment They brought back only his body He died soon after In the decades since there have been reports of a lone figure seen wandering in the region When approached the man vanishes and no trace of him can be found Almost 60 years later a young American returns from Australia exhausted after ten years on the front lines of the AIDS epidemic and haunted by dreams of the Bogong High Plains He too is lost in a kind of blizzard struggling to remember a time when life was about more than death Plunging back into the heart of the epidemic by working at an AIDS organization in Portland Oregon he will eventually come to understand the old woman's words and his mystic connection to the Bogong High Plains When he returned to the States he brought back only his body The historical event known as the Mt Bogong Tragedy is the seed for this fictional story about profound loss and profound healing With expected pathos and unexpected humor *As If Death*
