Theaters of Justice Yasco Horsman, 2010-12-06 What role do legal trials have in collective processes of coming to terms with a history of mass violence How does the theatrical structure of a criminal trial facilitate and limit national processes of healing and learning from the past This study begins with the widely publicized historic trials of three Nazi war criminals Eichmann Barbie and Priebe whose explicit goal was not only to punish but also to establish an officially sanctioned version of the past The Truth and Reconciliation commissions in South America and South Africa added a therapeutic goal acting on the belief that a trial can help bring about a moment of closure Horsman challenges this belief by reading works that reflect on the relations among pedagogy therapy and legal trials Philosopher Hannah Arendt poet Charlotte Delbo and dramaturg Bertolt Brecht all produced responses to historic trials that reopened the cases those trials sought to close bringing to center stage aspects that had escaped the confines of their legal frameworks

The German Communist Party in Saxony, 1924-1933 Norman LaPorte, 2003 Using newly available documentation this book addresses the enduring themes in the historiography of the German communist party KPD Central to the study is the question to what extent could Moscow

dominate the German communist party and movement By emphasising the specific Saxon context the KPD's political development is detailed as in fact a tale of two parties the centralised leadership and organisational structures and the predominantly local influences governing the membership's political orientations The KPD leadership's drive to create a monolithic Stalinist party in the face of diverse local conditions ultimately burnt out the party's most active members with devastating impact on political campaigning above all during the rise of the Nazis The intensity of the factional feud among ordinary members is explained in terms of how local communists resisted or supported the leadership's relatively moderate or sectarian tactics depending on the conditions they experienced at first hand The book's treatment of political campaigning focuses on the local level detailing how the leadership's often unrealistic and contradictory objectives limited the KPD's wider influence on the regional political system

Under the Shadow of War Larry Ceplair, 1987 Although deconstruction has become a popular catchword as an intellectual movement it has never entirely caught on within the university For some in the academy deconstruction and Jacques Derrida in particular are responsible for the demise of accountability in the study of literature Countering these facile dismissals of Derrida and deconstruction Herman Rapaport explores the incoherence that has plagued critical theory since the 1960s and the resulting legitimacy crisis in the humanities Against the backdrop of a rich informed discussion of Derrida's writings and how they have been misconstrued by critics and admirers alike *The Theory Mess* investigates the vicissitudes of Anglo American criticism over the past thirty years and proposes some possibilities for reform
