Stalwart Women:

Women in Power Barbara K. Curry, 2000 In this exciting addition to the field of leadership development author Barbara Curry charts a course for women as leaders on their own terms Curry moves beyond traditional formulaic conceptions to examine leadership as a fluid adaptive process closely entwined with adult development Drawing from philosophical sociological and physiological explorations of the leader persona Curry approaches leadership as an interdisciplinary art She casts aside mythical characterizations of leadership to illuminate a more holistic conceptual framework that fosters the development of authentic leadership Using portraits of eight women in high level leadership roles Curry probes the kinds of conflict that often accompany women's ascendancy to positions of power Thoughtfully Curry examines the constellation of character traits and environmental circumstances that enable individuals to perceive of themselves as leaders and to function productively in such roles The book's dynamic approach provides a bridge between explanation and proactive intervention offering guidance for organizations and institutions aiming to encourage employees' ascendancy to leadership positions Through incisive analysis of the psychological and sociological evolution of women's emergence in leadership roles the *Developing Leader Persona* will enable both women and men to don the mantle of leadership with increased confidence

Southern Women at the Seven Sister Colleges Joan Marie Johnson, 2010 From the end of Reconstruction and into the New South era more than one thousand white southern women attended one of the Seven Sister colleges Vassar Wellesley Smith Mount Holyoke Bryn Mawr Radcliffe and Barnard Joan Marie Johnson looks at how such educations in the North at some of the country's best schools influenced southern women to challenge their traditional gender roles and become active in woman suffrage and other social reforms of the Progressive Era South Attending one of the Seven Sister colleges Johnson argues could transform a southern woman indoctrinated in notions of domesticity and dependence into someone with newfound confidence and leadership skills Many southern students at northern schools imported the values they imbibed at college returning home to found schools of their own women's clubs and woman suffrage associations At the same time during college and after graduation southern women maintained a complicated relationship to home nurturing their regional identity and remaining loyal to the ideals of the Confederacy Johnson explores why students sought a classical liberal arts education how they prepared for entrance examinations and how they felt as southerners on northern campuses She draws on personal writings information gleaned from college publications and records and data on the women's decisions about marriage work children and other life altering concerns In their time the women studied in this book would eventually make up a disproportionately high percentage of the elite southern female leadership This collective biography highlights the important part they played in forging new roles for women especially in social reform education and suffrage

Lyons,Josephine Wilson,1922 The Proper Lady and the Woman Writer Mary

Poovey,1985-02-15 A brilliant original and powerful book This is the most skillful integration of feminism and Marxist literary criticism that I know of So writes critic Stephen Greenblatt about *The Proper Lady and the Woman Writer* Mary Poovey's study of the struggle of three prominent writers to accommodate the artist's genius to the late eighteenth and early nineteenth century ideal of the modest self-effacing proper lady Interpreting novels letters journals and political tracts in the context of cultural strictures Poovey makes an important contribution to English social and literary history and to feminist theory The proper lady was a handy concept for a developing bourgeois patriarchy since it deprived women of worldly power relegating them to a sanctified domestic sphere that in complex ways nourished and sustained the harsh real world of men With care and subtle intelligence Poovey examines this guardian and nemesis of the female self through the ways it is implicated in the style and strategies of three very different writers Rachel M Brownstein *The Nation* *The Proper Lady and the Woman Writer* is a model of creative discovery providing a well researched illuminating history of women writers at the turn of the nineteenth century Poovey creates sociologically and psychologically persuasive accounts of the writers Wollstonecraft who could never fully transcend the ideology of propriety she attacked Shelley who gradually assumed a mask of feminine propriety in her social and literary styles and Austen who was neither as critical of propriety as Wollstonecraft nor as accepting as Shelley ultimately became Deborah Kaplan Novel **Women and German Drama** Sarah Colvin,2003 If all the world's a stage playwrights can theoretically be seen as in control of the world they create this book asks to what extent women dramatists manage to use the space of the drama to reflect the world that they experience **BOOK JACKET**
