## **Stamped Amphora Handles Found In The Athenian Agora 1931-1932:**

**Stamped Amphora Handles found in 1931-1932. (The American Excavations in the Athenian Agora. Fourth report.)**. Virginia GRACE, 1934 *The Stamped Amphora Handles Found in the American Excavations in the Athenian Agora 1931-1932* Virginia Grace, 1934 Stamped Amphora Handles Found in the Athenian Agora, 1931-1932 Virginia Grace, 1976 The Stamped Amphora Handles Found in the American Excavations in the Athenian Agora 1931-1932... by Virginia Grace Virginia Grace, 1934 Amphora Stamps from Thasos Chavdar Tzochov, 2017-07-01 Ancient Thasos was renowned for its wine which was heavily exported in ceramic amphoras across the eastern Mediterranean and the Black Sea. Once a principal market in this trade the Athenian Agora is now home to one of the largest collections of stamped amphora fragments from the island of Thasos including 723 items dating from the beginning of the 4th to the late 2nd century B C. This volume presents the Thasian amphora stamps of the Agora collection contextualized in a broader discussion of their interpretation and chronology. The core contributions of the volume are an improved chronology of the officials mentioned on the stamps based on a reassessment of archaeological evidence from the Agora and beyond and an innovative study of the engravers who made the stamping dies. This volume also provides a critical review of the complex and still poorly understood system of control over ceramic production that underlies the stamping practice. A quantitative study based on 28 030 Thasian stamps highlights the major trends in the Thasian wine trade and offers insight into the role of Athens in this trade.

*Amphoras and the Ancient Wine Trade* Virginia Grace, 1979 Although this booklet is based on broken pottery found during the excavation of the Agora the author ranges far beyond the confines of Athens in her discussion of the purpose and significance of different amphora types. Amphoras were used in the ancient world to transport various different types of products including wine and oil. The author shows how chronological variations in shape and the geographical clues offered by stamped handles make amphoras a fascinating source of economic information. The booklet illustrates many different forms of amphora all set into context by the well written text. Labraunda: pt. 1.
