Steven Sego,2021-01-29 This book is written for the purpose of educating the freedom loving people who believe in God and are aware of the evil the IRS represents It is my intentions to educate the people with the knowledge of understanding the IRS enabling them to make educated and deliberate decisions in dealing with this dishonest agency I the author have already walked the walk and talked the talk but ultimately everyone will have to walk this same walk in order to acquire their freedom Freedom is not Free In all cases Freedom requires a price be paid but the purpose of this book is to help make it so much understandable and simpler The main point is to keep Christ as the center of your focus because that is where we all hope to end up is where he is at It is my prayer that all people will believe in Christ and not fear He has told us 365 times in the Bible to not fear We just need to have knowledge and understand This is the main purpose of this book to help others understand I have taken the first chapter from my previous book Two Churches Only as a fitting beginning to this book as I explain and show proof of how simple understanding the IRS is Hopefully by the end of it people will begin to realize how they have been robbed by the IRS for years There are several reasons this could happen They either trust their government and believe that they wouldn t lie to them or some church leader acting as blind guides are telling them that to be Christian is to do everything their government tells them to do They tell them it is for their own good Possibly the people are too gullible or lazy to search out the truth for themselves By reading this book all of the way through is the first step to freeing yourself from the chains of bondage and getting closer to God *Standing Up to the Coup* Garry P. Isaacs,2021-03-24 By subscribing to the truth without wavering by correcting oneself immediately when in error by admitting to others when found wrong or mistaken by not allowing oneself to be bought regardless of the cost or the sacrifice required empowers any individual citizen to stand up for a righteous cause Knowledge dispels fear and also builds confidence Being as fully informed as possible can create strength in any individual to stand up to any opposing power with strength and without fear or trembling This book is an example for good citizens What one person can do in troubling times to create a righteous and powerful stand in the face of seemingly overwhelming evil and opposition to the truth You don t have to be a Christian to read this book but it helps How true science is ignored and opposed by corporate institutional and government conflicts of interests and what ordinary citizens can do about it Why innovation that is meant to keep people healthy from diseases and air pollution is hindered and the development of technology restricted by universities and corporate powers
