

The book cover features a high-contrast, graphic illustration. The top half shows a cityscape, likely Singapore, with various buildings and structures. A large, solid red circle, representing a sun or moon, is positioned in the upper left, partially obscuring the city. The bottom half of the cover is a dark, textured area, possibly representing the sea or a night sky, with some faint, yellowish light reflecting off the surface. The title is prominently displayed in the center, with the first line in white and the second line in red.

The Defence and Fall of Singapore Brian Farrell,2017-01-01 Shortly after midnight on 8 December 1941 two divisions of crack troops of the Imperial Japanese Army began a seaborne invasion of southern Thailand and northern Malaya Their assault developed into a full blown advance towards Singapore the main defensive position of the British Empire in the Far East The defending British Indian Australian and Malayan forces were outmanoeuvred on the ground overwhelmed in the air and scattered on the sea By the end of January 1942 British Empire forces were driven back onto the island of Singapore Itself cut off from further outside help When the Japanese stormed the island with an an out assault the defenders were quickly pushed back into a corner from which there was no escape Singapore s defenders finally capitulated on 15 February to prevent the wholesale pillage of the city itself Their rapid and total defeat was nothing less than military humiliation and political disaster Based on the most extensive use yet of primary documents in Britain Japan Australia and Singapore Brian Farrell provides the fullest picture of how and why Singapore fell and its real significance to the outcome of the Second World War

The Men Who Lost Singapore, 1938-1942 Ronald McCrum,2017-02-28 The British military failure against the Japanese invasion of Singapore in 1942 is a well documented and closely examined episode While attention is frequently drawn to the role of the Colonial Governor and his staff during this period the actions of the civil authorities have not been subjected to the same rigorous scrutiny In this book Ronald McCrum undertakes a close examination of the role and the responsibilities of the colonial authorities both in the lead up to the war and during it He contends that the colonial government by pursuing different priorities needlessly created distraction and confusion Additionally the poor even hostile relations that developed between the local government and the British military hierarchy impeded a joint approach to the growing threat and affected the course of this campaign McCrum displays how the inept management of civil defence led to unnecessary loss of civilian life

world and entirely sui generis Davies's circumnavigation takes him to Baku the Emirates India Malaysia Mauritius Tasmania Tahiti Texas Madeira and many places in between At every stop he not only describes the current scene but also excavates the layers of accumulated experience that underpin the present He tramps round ancient temples and weird museums summarises the complexity of Indian castes Austronesian languages and Pacific explorations delves into the fate of indigenous peoples and of a missing Malaysian airliner reflects on cultural conflict in Cornwall uncovers the Nazi origins of Frankfurt airport and lectures on imperialism in a desert oasis Everything has its history he writes including the history of finding one's way or of getting lost The personality of the author comes across strongly wry romantic occasionally grumpy but with an endless curiosity and appetite for knowledge As always Norman Davies watches the historical horizon as well as what is close at hand and brilliantly complicates our view of the past
