Imagining Tibet Thierry Dodin,Heinz Rather,2001 In the past century the Western view of Tibet has evolved from an exotic Shangri la filled with golden idols and the promise of immortality to a peaceful land with an enlightened society now ravaged by outside aggression How and why did our perception change How accurate are our modern conceptions of Tibet Imagining Tibet is a collection of essays that reveal these Western conceptions Providing an historical background to the West s ever changing relationship with Tibet Donald Lopez Jeffrey Hopkins Jamyang Norbu and other noted scholars explore a variety of topics from Western perceptions of Tibetan approaches to violence monastic life and life as a nation in exile to representations of Tibet in Western literature art environmentalism and the New Age movement *The Tibetans: Two Perspectives on Tibetan-Chinese Relations* Chris Mullin,Phuntsog Wangyal,1983-08-02 This report provides information on the historical and current situation in Tibet with the aim of contributing to public understanding of the problems It consists of two parts The author of part one compares the theoretical basis for relations between the Chinese Government and minority groups with actual practice in the largest autonomous region Tibet His account outlines life in Tibet before during and after the 1950 1959 uprising and describes the situation today regarding education religion language and administration He points out that the professed desire of the government to preserve minority cultures has not worked in practice and that Tibet is the least successful example of relations between the government and a minority group While health and welfare of minority groups may have improved official policy has led to the suppression of Tibetan religion and culture with the aim of integrating the Tibetan people in Chinese culture He contends that political oppression and human rights violations are continuing The author of part 2 describes the history of Tibet and of the Dalai Lamas and of the Chinese invasion and its aftermath including the situation of Tibetans in exile He concludes that racial discrimination is becoming increasingly part of the Tibetan problem and warns that the longer the delay in reaching a settlement the more likely that any traces of Tibetan

Tibet Lezlee Brown Halper,Stefan A. Halper,2014 The mythologizing of Tibet in the West and the Himalayan state s subsequent abandonment to China are recounted in this briskly paced and revealing new history Situation of Tibet and Its Peoples Jesse Helms,1997-06-01 Assesses the travail of the people of Tibet Lodi Gyari Special Envoy of His Holiness the Dalai Lama Jeanne Kirkpatrick former U S Permanent Rep to the U N Amer Enterprise Inst Maura Moynihan Refugees International Claiborne Pell former U S Senator Dr Robert Thurman Prof of Indo Tibetan Studies Dept of Religion Columbia Univ Also letter to Sen Jesse Helms from Barbara Larkin Dept of State **Chinese Discourses on Happiness** Gerda Wielander,Derek Hird,2018-11-01 Happiness is on China s agenda From Xi Jinping s Chinese Dream to online chat forums the conspicuous references to happiness are hard to miss This groundbreaking volume analyzes how different social groups make use of the concept and shows how closely official discourses on happiness are intertwined with popular sentiments The Chinese Communist Party s attempts to define happiness and well being around family focused Han Chinese cultural traditions clearly strike a chord with the wider population The collection highlights the links connecting the ideologies promoted by the government and the way they inform and are in turn informed by various deliberations and feelings circulating in the society Contributors analyze the government s happiness maximization strategies including public service advertising campaigns Confucian and Daoist inflected discourses adapted for the self help market and the promotion of

positive psychology as well as happy housewives They also discuss forces countering the hegemonic discourse different forms of happiness in the LGBTQ community teachings of Tibetan Buddhism that subvert the material culture propagated by the government and the cynical messages in online novels that expose the fictitious nature of propaganda Collectively the authors bring out contemporary Chinese voices engaging with different philosophies practices and idealistic imaginings on what it means to be happy This distinctive volume creates sustained dialogues around a substantive debate Rejecting the conventional contrasts between China and the West and yet deeply immersed in sinophone media the authors understand Chinese discourse on happiness as multiple but interconnected conversations within a globally shared production of knowledge Equally concerned with text and image they exhibit an ethnographic eye as sharp as any orthodox ethnography

Britain and Tibet 1765-1947 Julie Marshall, 2004-11-23 This bibliography is a record of British relations with Tibet in the period from 1765 to 1947 It also provides background information to Tibet's claims to independence an issue of current importance The work is divided into a number of sections and subsections based on chronology geography and events The introductions to each of the sections provide a condensed and informative history of the period and place the books and articles in their historical context This work is both a history and a bibliography of the subject and provides a rapid entry into a complex area for scholars in the fields of international relations and military history as well as Asian history

Congressional Ceremony to Welcome His Holiness the Dalai Lama of Tibet, 1992

Tibet Paul Christiaan Klieger, 2021-04-22 The history of Tibet has long intrigued the world and so has the dilemma of its future will it ever return to independence or will it always remain part of China How will the succession of the aging and revered Dalai Lama affect Tibet and the world This book makes the case for a fully Tibetan independent state for much of its 2 500 year existence but its story is a complex one A great empire from the seventh to ninth centuries in 1249 Tibet was incorporated as a territory of the Mongol Empire which annexed China itself in 1279 Tibet reclaimed its independence from China in 1368 and although the Manchus later exerted their direct influence in Tibetan affairs by 1840 Tibet began to resume its independent course until communist China invaded in 1950 And since that time Tibetan nationalism has been maintained primarily by over 100 000 refugees living abroad This book is a valuable fascinating account of a region with a rich history but an uncertain future

Tibet: Betrayed by the World Brigadier Jasbir Singh Nagra,2021-04-07 On 28 April 1954 history was made Never before had any nation outreached another nation that did not even share a common border with an offer to occupy its immediate neighbour sacrificing strategic interests Strangely the country that was directly involved was not even consulted To add to the weirdness the Indian Government continued to defend China's act of treason against Tibet in international forums and also misled its citizens How the India Tibet border was converted into the Sino Indian border in 1954 is both intriguing and tragic With Great Britain in the lead several other nations that had exploited Tibet for decades for various one sided benefits brazenly decided to desert it at the time of its crisis and feigned conniving ignorance about its political status Tibet as a theocracy with no armed forces and reliable ally was an alluring target for expansionist China What lies ahead for Tibet is a geostrategically important issue not only for India but also the world at large to contain China's outrageous expansionist and hegemonistic designs The failure of China to subdue Tibetan nationalism religion culture and heritage by suppressive means over seven decades is indicative that the resurrection of Tibet is not a myth but a possibility in the future
