allow for a time their beans and sweet potatoes and melons to mature on their own and make their way by horse and wagon by car or by bus to a Methodist camp meeting to attend to their sacred work Those who had moved to the nearby cities of Baltimore Wilmington or Philadelphia in search of the higher wages and the excitement that urban life seemed to offer returned home by land or by water traveling perhaps on one of the ferries that plied the Chesapeake or Delaware bays from city to town from shore to shore and back again If the camp meeting was nearby some individuals families or groups of unrelated church members might attend nightly services and return home to sleep to work the next day perhaps but then steadfastly to make their way right back to that same camp meeting for the next night's service and the next until that camp meeting s final cathartic day During several of the old time country camp meetings however many would unhitch their horses arrange all the separate wagons into a circle around a wooden roofed tabernacle arch a sheet of canvas over each wagon and stay right there on the church ground for the duration of the meeting Women would bring baskets and cheese boxes filled to the brim with fried chicken home smoked ham biscuits cabbage and green beans Men and boys would dig up old pine stumps and pile them high on the campgrounds to be placed on fire stands and set ablaze to give light to each evening s spectacle In the heat of the summer when the ground might be parched and dust might billow when you couldn t even walk across the ground barefoot it was so hot everyone lived in the shade and everyone had a good time as one person recounted later For two weeks an intense but relaxed joyful communal laboring in the Spirit manifested itself in a day after day pattern of an exuberant testimony service followed by a rousing preaching service followed at last by a climactic regionally distinct Singing and Praying Band service During this latter service in a maneuver that scholars might refer to as a ring shout participants formed a circle with a leader in the center singing and clapping their hands stamping their feet and swaying their bodies all the while they slowly raised several hymns and spirituals to a raucous rejoicing shouting crescendo concluding the meeting with an ebullient march around the entire encampment Although these bands shocked some outsiders and reminded other observers of Africa committed participants considered them to be the foundation of the church Camp meetings were not unique to this area or to that time at the dawn of the twentieth century Drawn by the heady combination of religious salvation and spiritual democracy advocated in these festivals Americans of various backgrounds had been making such yearly treks to camp meetings for over a hundred years Those early meetings gave form to a religious movement attuned to the ethos of the new nation In the frontier areas of Tennessee and Kentucky where they began camp meetings sponsored by various Protestant denominations became temporary sacred cities places of equality of souls and social solidarity that tempered the struggle to survive in the wilderness In the states of the upper South and in Pennsylvania these meetings also thrived Here where the camp meetings were predominantly organized by Methodists both free and enslaved African Americans participated in large numbers along with English and German speaking European Americans Perhaps because of Methodism's original antislavery witness in Maryland for example this denomination received most of the black converts

while in 1800 approximately one fifth of the Methodists in Virginia were black At the beginning of the nineteenth century white and black people alike frequently attended the same religious services though often in segregated and unequal seating arrangements Yet that century witnessed a complex and powerful movement to establish separate religious institutions for black Methodists First came the effort to set up separate churches for Africans Eventually the Methodist Episcopal Church organized a separate conference for all black churches within its denomination A related movement led to the founding of independent African Methodist denominations Finally beginning before Emancipation but accelerating after freedom a similar but less remarked effort saw African American Methodists starting camp meetings of their own In the mid Atlantic region in particular these large outdoor African American religious events were the meetings that the grandparents and great grandparents of today s participants built and today s older people witnessed when young These camp meetings continue even in the twenty first century The camp meetings that the old soldiers of today recall were not unique they were merely one echo of the religious festivals that became a new secular democracy s first religious mass movement Yet the old timers of today recall above all other things those aspects of their camps that were unique That is they speak mostly about the Singing and Praying Bands for whom the camp meetings in this area became the primary regional showcases these bands made these meetings special They tell of the prayer meetings from which the camp meetings originated They speak also of the march around Jericho in which the Singing and Praying Bands led those at the camp meeting in a grand march around the entire campground on the final day of the meeting The Singing and Praying Bands of this area were special not just for the generations of participants in the African American camp meetings of the Atlantic coast states of the upper South The antecedents of the twentieth century bands seem to have played a clandestine but significant role in the development of African American culture in general Therefore the bands can stake a claim as important forces in the cultural and social history of America as a whole Here is how it happened At the end of the eighteenth century when enslaved Africans in this area began to take to Methodism in a big way the process of culture building by which Africans of various ethnic backgrounds began to transform themselves into one people was well underway Yet that process was still incomplete The new African American identity became consolidated throughout the South only during the first half of the nineteenth century when hundreds of thousands of enslaved Africans were traumatically sold from the states of the upper South to cotton growing areas of the Deep South In the eighteenth century prior to this mass transfer of human property there had been two primary centers of slavery on the Atlantic coast of North America coastal South Carolina and the Chesapeake Bay area The ethnic mix of Africans imported into the two areas differed somewhat leading to the possibility that the emerging African American cultures of these areas might also have differed Of these two centers the Chesapeake area had the larger number of slaves In 1790 of all thirteen states Virginia had the largest population of Africans with 305 493 people Maryland was second with 111 079 Virginia also had the largest number of enslaved Africans 292 627 while Maryland's enslaved population of 103 036 was third largest These two states also had the largest population of non slave Africans at the time In 1790 nearly 53 percent of the African population and 58 percent of the enslaved Africans in the country were in the upper South in the states of Virginia Maryland and Delaware The nearby black populations of southeastern Pennsylvania and southwestern New Jersey had extensive cultural ties to their brethren in the upper South This area where the upper South meets the mid Atlantic states seems to have been one of several areas central to the formation of African American culture in the late eighteenth and early nineteenth centuries Among the Africans in America of that time for example those who lived in the mid Atlantic region and upper South were pioneers in building specifically black institutions In 1787 Richard Allen Absalom Jones and others founded a mutual aid organization in Philadelphia called the Free African Society initiating in the words of W E B DuBois the first wavering step of a people toward organized social life Numerous other grassroots benevolent and mutual aid organizations sprouted up at this time aiming to provide members financial assistance in case of sickness or death in the family Under the leadership of Richard Allen in Philadelphia a group of black Methodists established the Bethel African Church in that city in 1794 In 1816 Bethel joined ranks with other independent black Methodist churches in Pennsylvania New Iersev and Baltimore to form the African Methodist Episcopal A M E denomination In Wilmington the denomination called the Union Church of Africans was established just prior to the founding of the A M E Church Along with new institutions a distinctly African American expressive culture was emerging in the upper South and mid Atlantic region at the dawn of the nineteenth century In 1819 for example a white minister named John Fanning Watson who lambasted many Methodists for what he saw as excesses in their worship gave us one of the earliest reports of a specifically black religious song tradition writing that the coloured people get together and sing for hours together short scraps of disjointed affirmations pledges or prayers lengthened out with long repetition choruses In the same paragraph Watson's description of these sacred performances by black worshippers is strikingly evocative of outdoor singing circles that the Singing and Praying Bands continue to this day This account predates by over twenty five years the earliest known description of a ring shout from the Atlantic coast area of the Deep South Another writer a Quaker schoolboy from Westtown School outside Philadelphia described black worshippers at an outdoor camp meeting in 1817 marching around an outdoor tabernacle singing a spiritual chorus and blowing a trumpet in a reenactment of the march around Jericho by Joshua and the Israelites that is similar to the march that the Singing and Praying Bands continue to do today If we look at these historical references with minds informed by the bands of today we can project the current tradition to have been already thriving two hundred years ago in the early years of the nineteenth century This nascent African American expressive culture articulated new belief systems that were forming among Africans in this area also to a certain extent in the context of Protestant evangelism Africans in America developed a variant of this branch of Protestantism that expressed protonationalist African American identity According to this theology of resistance African American Christians began to associate their experience in America

with that of the Israelites in Egypt and the person of Jesus took on some of the qualities of Moses who would not fail to liberate the enslaved It was to some extent in the religious meetings of the upper South and in the language of this distinctive African American perspective that Gabriel Prosser and Nat Turner situated their rebellions in Virginia Continues Excerpted from Together Let Us Sweetly Live by Jonathan C David Copyright 2007 by the Board of Trustees of the University of Illinois Excerpted by permission All rights reserved No part of this excerpt may be reproduced or reprinted without permission in writing from the publisher Excerpts are provided by Dial A Book Inc solely for the personal use of visitors to Low Country Gullah Culture, Special Resource Study ,2003 **Spirituals** Kathleen A. an appendix of spirituals by biblical reference listing both spiritual title to scriptural reference as well as scripture to spiritual title is included T L Collins Christian educator compiled the appendix Rituals of Resistance Jason R. Young, 2011-02-11 In Rituals of Resistance Jason R Young explores the religious and ritual practices that linked West Central Africa with the Lowcountry region of Georgia and South Carolina during the era of slavery The choice of these two sites mirrors the historical trajectory of the transatlantic slave trade which for centuries transplanted Kongolese captives to the Lowcountry through the ports of Charleston and Savannah Analyzing the historical exigencies of slavery and the slave trade that sent not only men and women but also cultural meanings signs symbols and patterns across the Atlantic Young argues that religion operated as a central form of resistance against slavery and the ideological underpinnings that supported it Through a series of comparative chapters on Christianity ritual medicine burial practices and transmigration Young details the manner in which Kongolese people along with their contemporaries and their progeny who were enslaved in the Americas utilized religious practices to resist the savagery of the slave trade and slavery itself When slaves acted outside accepted parameters in transmigration spirit possession ritual internment and conjure Young explains they attacked not only the condition of being a slave but also the systems of modernity and scientific rationalism that supported slavery In effect he argues slave spirituality played a crucial role in the resocialization of the slave body and behavior away from the oppressions and brutalities of the master class Young s work expands traditional scholarship on slavery to include both the extensive work done by African historians and current interdisciplinary debates in cultural studies anthropology and literature Drawing on a wide range of primary sources from both American and African archives including slave autobiography folktales and material culture Rituals of Resistance offers readers a nuanced understanding of the cultural and religious connections that linked blacks in Africa with their enslaved contemporaries in the Americas Moreover Young's groundbreaking work gestures toward broader themes and connections using the case of the Kongo and the Lowcountry to articulate the development of a much larger African Atlantic space that connected peoples cultures languages and lives on and across the ocean s waters

Jookin' Katrina Hazzard-Gordon, 2010-07-02 The first analysis of the development of the jook and other dance arenas in African American culture Folk Music and Song in the WPA Ex-Slave Narratives John Minton, 2025-02-17 Between 1937 and 1940 fieldworkers in the Works Progress Administration's Federal Writers Project interviewed around 3 500 formerly enslaved people in North America resulting in roughly 20 000 pages of still unedited and inadequately indexed typescript. These accounts the WPA ex slave narratives are the most substantial collection by far of folklore and oral history gathered directly from enslaved people in America It is arguably the single greatest body of African American folklore extant and a significant portion is devoted to folk music and song This book considers this treasure trove in all its relevant social cultural and historical contexts Nineteenth century Black folk music developed against the backdrop of North American slavery the American Civil War Emancipation the Federal occupation of the South and a successful white supremacist paramilitary and

political insurgency that led to Federal withdrawal officially sanctioned racial terror and Southern apartheid The WPA ex slave narratives describe that history in remarkable detail Despite their inestimable value most of the ex slave narratives remained unpublished until the late 1970s being almost unknown except to folklorists Even after publication the collection s sheer size was a barrier Quoting extensively from the narratives and exhaustively annotated and indexed this volume provides readers with detailed explanations and full references for every musical item or tradition featured in the ex slave narratives John Minton covers instrumental music and social dancing spirituals and hymns singing games and lullabies ring plays and reels worksongs minstrel songs ballads war songs slavery laments and much much more Written for both specialists and general readers with 134 illustrations the book also offers a general overview of the ex slave narratives their contents creation and relation to the field of African American folklore as a whole American Folk Songs Norman Cohen, 2008-09-30 This state by state collection of folksongs describes the history society culture and events characteristic of all fifty states Unlike all other state folksong collections this one does not focus on songs collected in the particular states but rather on songs concerning the life and times of the people of that state The topics range from the major historical events such as the Boston Tea Party the attack on Fort Sumter and the California Gold Rush to regionally important events such as disasters and murders labor problems occupational songs ethnic conflicts Some of the songs will be widely recognized such as Casey Jones Marching Through Georgia or Sweet Betsy from Pike Others less familiar have not been reprinted since their original publication but deserve to be studied because of what they tell about the people of these United States their loves labors and losses and their responses to events The collection is organized by regions starting with New England and ending with the states bordering the Pacific Ocean and by states within each region For each state there are from four to fifteen songs presented with an average of 10 songs per state For each song a full text is reprented followed by discussion of the song in its historical context References to available recordings and other versions are given Folksongs such as those discussed here are an important tool for historians and cultural historians because they sample experiences of the past at a different level from that of contemporary newspaper accounts and academic histories These songs in a sense are history writ small Includes Away Down East The Old Granite State Connecticut The Virginian Maid's Lament Carry Me Back to Old Virginny I m Going Back to North Carolina Shut up in Cold Creek Mine Ain t God Good to Iowa Dakota Land Dear Prairie Home Chevenne Boys I m off for California and others Hidden in Plain View Jacqueline L. Tobin, Raymond G. Dobard, 2011-05-25 The fascinating story of a friendship a lost tradition and an incredible discovery revealing how enslaved men and women made encoded quilts and then used them to navigate their escape on the Underground Railroad In Hidden in Plain View historian Jacqueline Tobin and scholar Raymond Dobard offer the first proof that certain quilt patterns including a prominent one called the Charleston Code were in fact essential tools for escape along the Underground Railroad In 1993 historian Jacqueline Tobin met African American guilter Ozella Williams amid piles of beautiful handmade guilts in the Old

Market Building of Charleston South Carolina With the admonition to write this down Williams began to describe how slaves made coded quilts and used them to navigate their escape on the Underground Railroad But just as quickly as she started Williams stopped informing Tobin that she would learn the rest when she was ready During the three years it took for Williams s narrative to unfold and as the friendship and trust between the two women grew Tobin enlisted Raymond Dobard Ph D an art history professor and well known African American quilter to help unravel the mystery Part adventure and part history Hidden in Plain View traces the origin of the Charleston Code from Africa to the Carolinas from the low country island Gullah peoples to free blacks living in the cities of the North and shows how three people from completely different backgrounds pieced together one amazing American story With a new afterword Illlustrations and photographs throughout including a full color photo insert 100 Books Every Folk Music Fan Should Own Dick Weissman, 2014-01-30 In recent years an almost overwhelming number of books have appeared covering various aspects of American folk music and its history Before 1970 most comprised collections of songs with a sprinkling of biographical information on noted performers Over the past decade however scholars journalists and folk artists themselves have contributed biographies and autobiographies instructional books and historical surveys sociological studies and ethnographic analyses of this musical genre In 100 Books Every Folk Music Fan Should Own performer and historian Dick Weissman offers a reliable route through the growing sea of book length studies establishing for future scholars a foundation for their research Beginning with early twentieth century collections of folk songs the author brings readers to the present by exploring modern studies of important events critical collections of primary sources the most significant musical instruction guides and in depth portraits of traditional and contemporary American folk musicians For each title selected Weissman provides his own brief summary of its contents and assessment of its significance for the reader whether fan or scholar Folk music fans scholars and students of the American folk music tradition indeed any reader seeking guidance on the best books in the field will want a copy of this vital work
