Sleep A Horror Story:

Sleep : a Horror Story Biederstadt, Lynn,1986 **Sleep** Lynn Biederstadt,1986 Dr Nora Summerland a sleep specialist takes on the case of Pulitzer Prize winning photographer Matt Wicker who is being forced to commit horrifying acts while sleeping The Scary Stories for Sleep-Overs Almanac Michelle Ghaffari,Mary Batten,Bryan Baugh,1997 **Snooze** Michael McGirr,2017-06-06 Michael McGirr always had trouble sleeping The arrival of baby twins however made him realize that he d never before known true exhaustion And while he celebrated these small children who brought him so much joy and tiredness he found himself on a desperate and bone weary journey in search of just a few extra winks a night It was an adventure that would teach him more about what exactly sleep is why we need it and what it means when we don t get enough of it In Snooze McGirr delves into the mysterious world of sleep including its many benefits its stubborn elusiveness and exactly what our brains really get up to while we re in bed He offers readers a tour through the odd sleep patterns of some of history s greatest minds including Aristotle Homer Shakespeare Florence Nightingale Thomas Edison and more He looks too at the demise of sleep in our increasingly fragmented modern world and examines what that means for everyone from the Average Joe in the workplace to those with serious sleep disorders The result is both entertaining and enlightening the perfect book for those sleepless nights **Sleep and the Novel** Michael Greaney,2018-04-04 Sleep and the Novel is a study of representations of the sleeping body in fiction from 1800 to the present day which traces the ways in which novelists have engaged with this universal indispensable but seemingly nondescript region of human experience Covering the narrativization of sleep in Austen the politicization of sleep in Dickens the queering of sleep in Goncharov the aestheticization of sleep in Proust and the medicalization of sleep in contemporary fiction it examines the ways in which novelists envision the figure of the sleeper the meanings they discover in human sleep and the values they attach to it It argues that literary fiction harbours on its margins a sleeping partner one that we can nickname the Schlafroman or sleep novel whose quiet absorption in the wordlessness and passivity of human slumber subtly complicates the imperatives of self awareness and purposive action that traditionally govern the novel The Crimson Thistle Andrew Hall,2014 In his formative years Benjamin suffers a death in the family and as a pre teen becomes the victim of sexual trauma and as a result develops multiple personality disorder In the early sixties his family relocates to South Africa What follows is a psychological thriller across a timespan of three decades which includes the bizarre South African politics of the time Mcpherson s alter ego runs amok he hates certain people with a passion His old tormentor has been on the run for twenty years and the police are hot on both their tails The story tracks Ben s personal growth from when he is a toddler into his thirties his dreams his sexual coming of age his family and his one and only life partner There are clashes between the ANC and National Intelligence as well as uMkhonto we Sizwe the armed wing of the African National Congress Alan Mcpherson is a killer but who is Alan Does he even exist And why is he so set on bumping into Gouws a sadistic paedophile Electrodermal Activity Wolfram Boucsein,2012-02-02 Electrodermal
