JAITLEY,2021-01-07 All over the world a spiritual awakening is taking place and those who are growing in awareness realise how connected we are to each other Mother Nature and the Universe Too long has humankind looked up to orthodox religions for happiness guidance and support However religions have failed miserably in creating a harmonious world They have hidden crucial knowledge that could hasten humanity s evolution and create a much more beautiful world Although organised religions have effectively given individuals a cultural and political identity they have prevented humankind from understanding consciousness This is the reason most people do not understand the difference between religion and spirituality They think that by performing outer rituals they will enter heaven or attain salvation Well nothing could be further from the truth There are forces on Earth that want to control humanity by keeping it in spiritual darkness orthodox religions are a powerful tool in the hands of these dark forces The average person is like a frog that lives inside a well and knows nothing of the world outside it This book will introduce you to some unknown facets of your being It explains how your non physical bodies steer your life how a critical mass of people can bring many positive changes on our planet how anger and violence bring only temporary solutions to conflicts and evil continues to manifest in different forms and more You will learn about the high frequency light above your physical body Your human eyes cannot detect this electronic radiation This light is awaiting your call and only by invoking it will you know your true identity as a son or daughter of God By summoning this light you can bring beneficial changes in your life and contribute to speeding up humankind s evolution This book seeks to inspire those people who live the everyday mundane life and are oblivious to the higher realities universal truths and benevolent forces all around us If our planet is to make a significant shift to higher consciousness more and more people need to awaken spiritually For this they must free themselves from the indoctrination and programming by religions Irrespective of whether you have the urge to grow spiritually this book will give you much food for thought **Virginia**
