teachers and a negative and worsening perception of African system of education This therefore calls for in depth analysis aimed at tutoring every stakeholder in education on how their action and inactions have individually and collectively contributed to the collapsing state of education in Africa However the prospect is that Africa s recovery and sustainable development can only be guaranteed through expansion and sustenance of both quantitative and qualitative of the continent s stock of human capital through education In order for education to realize its key role in development it must be provided to the younger segments of African society as quickly as human and financial resources permit with the ultimate goal of developing a comprehensive meaningful and sustainable system of education at all levels and for all age groups This is the message that this book puts across in the six knitted sections *Research in Education* ,1974 The Publishers' Trade List Annual ,1988 *The School Review* ,1929 **Learning Directory** ,1970 *Sociology* Joan Ferrante-Wallace,2006 **Ontario Library Review and Book-selection Guide** ,1916 **Books in Print** ,1991 **The Big Book of Home Learning Volume 1 Getting Started** Mary Pride,2000-09 *Catalog of Copyright Entries, Third Series* Library of Congress.
