

TYPES OF DEVIANCE IN SOCIOLOGY

DEFINITION

The study of deviance in sociology examines actions or behaviors that go against established social norms (Erikson, 1962; Goode, 2015). These can be formal rules like laws and informal expectations like customs and taboos.

TYPES

1. Countercultural deviance
2. Formal deviance
3. Informal deviance
4. Serial deviance
5. Situational deviance
6. Primary deviance
7. Secondary deviance
8. Tertiary deviance

Sociology Of Deviance

Don C. Gibbons, Joseph F. Jones

Sociology Of Deviance:

Deviant Behavior Delos H. Kelly, Edward J. Clarke, 2002-05-31 Through a series of 45 carefully selected readings 20 new to this edition *Deviant Behavior* explores the ramifications of deviance for both the individual and society examining the responses of society to deviant behavior and the reasons why certain people violate the social norm Overall the text probes the establishment and maintenance of deviant categories the motivations behind deviant behavior the formal and informal labelling of individuals and particular segments of society as deviant the effects of institutionalization the efforts of those considered deviant to shake the label and the way deviant categories and structures can be altered

The Sociology of Deviance Robert J. Franzese, 2015-08-11 This timely second edition remains essentially the same in overall organization and chapter layout and titles New to the book is updated data and facts from empirical research and government and agency reports Some information in some chapters was retained from the first edition if it was deemed still relevant and interesting The definition of deviance has been modified to be more in line with standard understandings of the term which frequently describe deviance as violations of social norms The word differences remains part of the definition and implies differences in attitudes lifestyles values and choices that exist among individuals and groups in society The concept of deviance is no longer treated as a label in itself also placing the definition of the term more in alignment with its standard usage The title of the book remains the same and tradition still implies the book covers areas that have long been addressed in deviance texts such as addictions crime and sexual behaviors to name a few The term stigma is retained for two reasons it is in honor of Erving Goffman a giant in the discipline of sociology who offered much to the study of differences and it is used to accentuate the importance of societal reaction in a heterogeneous society In this updated edition every attempt has been made to respond to input from colleagues and students concerning text content and writing style Chapters still include In Recognition or comments that honor scholars whose research and professional interests are related to the chapters under study Effective case studies are again included in the chapters Considerable effort went into decisions of what was to be added changed maintained and deleted from the first edition resulting in meaningful modifications throughout the book

Encyclopedia of Social Deviance Craig J. Forsyth, Heath Copes, 2014-01-21 Social deviance does not involve just criminal behavior it's any behavior that violates a cultural norm and that can involve something as minor as consistently and deliberately wearing lively mismatched socks Moreover whether a crime a sin or simply unique taste what's considered deviant at one time and place can change as when extensive tattooing and body art evolved from a sideshow carnival spectacle to a nearly universal rite of passage within U S culture Drawing contributions from across the social and behavioral sciences including sociology anthropology criminology politics psychology and religion the *Encyclopedia of Social Deviance* introduces students to this lively field of rule making and rebellion that strikes at the core of what it means to be an individual living in a social world

Key Features More than 300 articles are organized A to Z in two volumes available in both electronic and print formats

Articles authored by key figures in the field conclude with cross reference links and further readings Although organized A to Z a thematic Reader s Guide groups related articles by broad areas e g Concepts Theories Research Methodologies Individual Deviance Organizational Deviance etc as one handy search feature on the e Reference platform which also includes a comprehensive index of search terms Perspectives on Deviance Allen E. Liska,1987 This volume examines the theory research and social policy implications of six major sociological perspectives rather than types of deviant behavior

Contexts of Deviance J. William Spencer,2014-09-12 While most readers focus more on deviance than sociology *Contexts of Deviance* Statuses Institutions and Interactions brings sociology front and center by examining deviance and social control in their social contexts This fresh and innovative anthology shows students how deviance and control can be studied at different levels of analysis and from a range of theoretical approaches using different methodologies The collection is divided into six parts theory social control statuses and identities institutions subcultures and social movements The readings range from classic to contemporary pieces from macro level studies to studies of face to face encounters *Contexts of Deviance* also represents a wide range of theoretical traditions from functionalist and critical to post modern and interactionist Introductions in each section help students to understand what it means to study deviance and control in a social context to appreciate research questions at different levels of analysis and to recognize how a positivist orientation is different from a subjectivist orientation An instructor s manual and test bank prepared by Thomas N Ratliff Arkansas State University Jessica Middleton University of California at Irvine and Ashley Swan Arkansas State University are available for qualified instructors

Understanding Deviance David M. Downes,Paul Elliott Rock,2011 *Understanding Deviance* provides an indispensable guide to the major themes and theories which have come to form the sociology of crime and deviance from their origins in the research of the University of Chicago sociology department in the 1920s to the most recent work in cultural criminology

Deviance and Social Control Michelle Inderbitzin,Kristin A. Bates,Randy R. Gainey,2016-06-20 *Deviance and Social Control A Sociological Perspective* Second Edition serves as a guide to students delving into the fascinating world of deviance for the first time Authors Michelle Inderbitzin Kristin A Bates and Randy Gainey offer a clear overview of issues and perspectives in the field including introductions to classic and current sociological theories as well as research on definitions and causes of deviance and reactions to deviant behavior The unique text reader format provides the best of both worlds offering both substantial original chapters that clearly explain and outline the sociological perspectives on deviance along with carefully selected articles on deviance and social control taken directly from leading academic journals and books The Second Edition features updated research examples of specific forms of deviance and discussions of policy as well as a new chapter and readings on global perspectives on deviance and social control **Social Deviance** Stuart Henry,2009-10-05 This engaging introduction explores the meaning of social deviancein contemporary society from criminal activity to alternativelifestyle choices Stuart Henry traces the path by which we createdeviance how we single out behavior and

appearances that differ from the norm label them as offensive or unacceptable and condemn them. It explains what kinds of behaviors are banned and who bans them as well as exposing the important political influences on the social codes that lead to some people's behavior being sanctioned and others being celebrated. Ultimately, Social Deviance reveals the underlying process by which some people get sucked into deviant lifestyles from which there appears to be no escape, highlighting the central role of social stigma on a person's identity. At its core, this book looks at who becomes deviant and why. It delves into the multiple motives that cause rule breakers to behave badly at least in the eyes of those they offend and it reveals the way deviants think about their actions, their moral identity, and their fellow moral outcasts. **Deviance** Leon

Anderson, 2024-03-27 *Deviance: Social Constructions and Blurred Boundaries* is designed for courses on social deviance that take a strong sociological perspective. The book draws on up-to-date scholarship across a wide spectrum of deviance categories, providing a symbolic interactionist analysis of the deviance process. The book addresses positivistic theories of deviant behavior within a description of the deviance process that encompasses the work of deviance claims makers, rule breakers, and social control agents. Students are introduced to the sociology of deviance and learn to analyze several kinds of criminal deviance that involve unwilling victims such as murder, rape, street-level property crime, and white-collar crime. Students also learn to examine several categories of lifestyle and status deviance and develop skills for critical analysis of criminal justice and social policies. Overall, students gain an understanding of the sociology of deviance through cross-cultural comparisons, historical overview of deviance in the U.S., and up-close analysis of the lived experience of those who are labeled deviant as well as responses to them in the U.S. today. *Outsiders* Howard Saul Becker, 1966. Refers specifically to marijuana smokers and dance band musicians. *Deviance, the Interactionist Perspective* Earl Rubington, Martin S.

Weinberg, 1978 **Theoretical Approaches to Deviance** Charles E. Frazier, 1976 *Deviants and Deviance* Edward Sagarin, 1975 **The Relativity of Deviance** John Curra, 2016-01-25 This engaging and informative book by award-winning sociologist and criminologist John Curra offers a valuable perspective on attitudes and behaviors labeled as deviant. *The Relativity of Deviance* Fourth Edition explores the meanings and constructions of social deviance and social reactions to it. He answers such questions as: What is deviance? What comprises deviant behavior? How are deviants treated? How is deviance socially constructed and socially sustained? Why is the same attitude, behavior, or condition praised in one situation and condemned in another? Through insightful and thought-provoking examples and informed accounts, the author illustrates that deviance cannot be explained or understood in terms of absolutes or essential characteristics; nor can it be explained or understood apart from its social setting. This book approaches sex violence, theft, drugs, suicide, rape, and mental disorders in a way that shows the critical role of sociocultural factors and social reactions in constructions of deviance and crime. *The Generality of Deviance* Travis Hirschi, 2018-01-16 First Published in 2018. *The Generality of Deviance* advances the idea that all forms of deviant, criminal, reckless, and sinful behavior have one thing in common: the tendency to pursue immediate

benefits without concern for long term costs The editors argue and the contributors confirm that such disparate behaviors as smoking auto accidents burglary and rape are similar in that they all involve disregard for their inevitable consequences poor health injury loss of freedom shame or disrepute The chapters here show how various forms of deviance relate to one another and can be explained by a common theory involving self management The editors illustrate how the idea of self control challenges the psychological concept of aggression and provides a more useful alternative for understanding deviant behavior They also apply the theory to the family showing how this institution is central to crime control Other contributors bring fresh perspectives to a variety of topics the uncanny similarities between victims of car accidents and perpetrators of crime the connection between drugs and crime feminist explanations of rape gender differences in crime rates drunk drivers among high school students and the progression of a delinquent s life from adolescence to adulthood In short this book makes a convincing case that it is a waste of intellectual effort and public funds to treat different forms of crime and deviant behavior as distinct problems Studied collectively various crimes may be seen to have the same causes and hence one cure The Generality of Deviance will be a significant and provocative addition to the libraries of criminologists psychologists and sociologists those attempting to solve as well as to identify problems *The Sociology of Deviance* Colin Sumner,1994 Documents the field of sociology of deviance from its conception to its coming of age in late 1930s sociology The text examines the heyday of the field as a popular science and critique of social control in the 1960s and analyzes its death at the hands of the post 1968 critics **Deviant Behaviour** Clifton D. Bryant,2014-09-03 A comprehensive set of readings examining the full range of concerns in the field of deviant behaviour All the selections are relatively recent and have not appeared in other anthologies *Sociological Constructions of Deviance* Nanette J. Davis,1980 **The Study of Deviance: Perspectives and Problems** Don C. Gibbons,Joseph F. Jones,1975 *Sociology of Deviant Behavior* Marshall B. Clinard,Robert F. Meier,2015-01-01 SOCIOLOGY OF DEVIANT BEHAVIOR has been the market leading deviance criminology textbook for more than 40 years by combining timely research findings and updated data with solid sociological analysis Designed to appeal to today s students the fifteenth edition examines such relevant and timely topics as justified deviance e g terrorism corporate crime and mistakes such as the General Motors ignition problem the changing moral landscape regarding gay marriage and marijuana use the importance of social media in facilitating deviant acts political crime including electoral crime and cultural and social reactions to deviance Learning aids such as chapter outlines bolded key terms discussion questions and a glossary support students study and review Important Notice Media content referenced within the product description or the product text may not be available in the ebook version
