WHAT IS SOCIOLOGY?

This chapter provides an introduction to the study of sociology and gives you an overview of some of the basic concepts you are likely to encounter in your reading in sociology. It explains how and why developing a "sociological imagination" in thinking about social life is useful if you would like to understand the world you live in and how it is changing. It also outlines how sociology has changed over time in response to changes in the social context. It ends with some observations on the more recent concerns of sociologists in the contemporary world, with particular reference to Australia.

By the end of the chapter, you will have a better understanding of a number of concepts, topics and issues, including:

- the sociological imagination
- social construction, structure, culture and agency
- socialisation and identity, modernity, colonialism, settler-colonialism and post-colonialism, globalisation and deglobalisation
- the range of sociological perspectives: sociology as science, politics or interpretation
- feminism
- postmodernity
- the historical development of sociology within changing social contexts
- public sociology
- Australian sociology in the world.

INTRODUCTION	2	THE DEVELOPMENT OF SOCIOLOGY AND SOCIAL CHANGE	14
The sociological imagination	2	Sociology's European origins in the age of revolutions, 1840s–1870s	14
The self and social change	4	Sociology's establishment as an academic discipline, 1880s–1910	15
