Rhodesia, 2022-12-20 Some people spent a lifetime to acquire a house they could call their own whereas others had several grand houses they considered trophies for a fortune they built For Rhodesia houses were important for the events memories and emotions they carry and symbolize Somehow the houses she had been through told the story of her life her battles and glories the loved ones she gained and lost the wisdom she learned and tangible evidence of endless blessings and support of an ever beneficent Creator The house after all signifies one of the basic needs of man shelter It shelters a person and those he holds close to his heart his family and his belongings The house also is a fortress from the storm or scorching sun a place where one can retreat in peace and privacy It is also a source of comfort a place of warmth and communions of laughter and

relaxation One's own house is where he can be his most candid self where he can cry his heart out and express his own uniqueness be it Scandinavian or Victorian minimalist or elaborate The house thus connotes security comfort family and identity A biography is in itself a house This book is the house of Rhodesia be her guest and feel at home **Smart**

Architecture - A Sustainable Approach for Transparent Building Components Design Valentina Frighi, 2021-08-25

This book explores the specific role that glazing technologies play within the world of smart architecture as important components of contemporary and future sustainable architectural and technological research Smart Architecture begins with a definition of the concept of smart in architecture and examines how innovative technologies and materials have shaped buildings over the years The author then provides a supporting database of contemporary smart architecture mapping adopted strategies recognizing common patterns and evaluating current and future trends in the context of smart building envelopes energy efficiency and the development of high potential innovative building components The book proceeds with a focus on the specific role that glazing technologies play in this framework and provides a systematic methodology to quantify options for the effective integration of transparent building components within advanced and innovative building envelope systems **Transgender Architectonics** Lucas Crawford, 2016-02-17

Combining transgender studies with the neomodernist architectures of the internationally renowned firm Diller Scofidio Renfro DS R and with modernist writers Samuel Beckett and Virginia Woolf whose work anticipates that of transgender studies this book challenges the implicit spatial models of popular narratives of transgender interiority ownership sovereignty structure stability and domesticity to advance a novel theorization of transgender as a matter of exteriority groundlessness ornamentation and movement With case studies spanning the US and UK Transgender Architectonics examines the ways in which modernist architecture can contribute to our understanding of how it is that humans are able to transform shedding light on the manner in which architecture space and the spatial metaphors of gender can play significant if often unrealized potential roles in body and gender transformation By remedying both the absence of actual architecture in queer theory's discussions of space and also architectural theory's marginal treatment of transgender this volume constitutes a serious intervention in the field of queer space It draws on modernist literature in order to reckon with and rebuild the architectural ideas that already implicitly structure common understandings of the queer and transgender self As such it will appeal to scholars with interests in queer theory the body and transformation gender and sexuality modernist writing and architectural theory *Mastering the*

Dreyfus,2010-12 Though his image is tarnished today by unrepentant anti-Semitism Richard Wagner 1813-1883 was better known in the nineteenth century for his provocative musical eroticism In this illuminating study of the composer and his works Laurence Dreyfus shows how Wagner's obsession with sexuality prefigured the composition of operas such as Tannhäuser Die Walküre Tristan und Isolde and Parsifal Daring to represent erotic stimulation passionate ecstasy and the torment of sexual desire Wagner sparked intense reactions from figures like Baudelaire Clara Schumann Nietzsche and Nordau whose verbal tributes and censures disclose what was transmitted when music represented sex Wagner himself saw the cultivation of an erotic high style as central to his art especially after devising an anti-philosophical response to Schopenhauer's metaphysics of sexual love A reluctant eroticist Wagner masked his personal compulsion to cross dress in pink satin and drench himself in rose perfumes while simultaneously incorporating his silk fetish and love of floral scents into his librettos His affection for dominant females and surprising regard for homosexual love likewise enable some striking portraits in his operas In the end Wagner's achievement was to have fashioned an oeuvre which explored his sexual yearnings as much as it conveyed as never before how music could act on erotic impulse Urban Energy Transition Peter Droege,2018-08-12
