**Soldier Boy** Michael Shaara, 1982      *Timescape* Robert Liparulo, 2010-11-29 Which door would you go through to save the world David Xander and Toria King never know what new adventures and dangers await them beyond the mysterious portals hidden on the top floor of their new house They have battled gladiators and the German army dodged soldiers on both sides of the Civil War and barely escaped a fierce attack in their own home Still they are no closer to finding their mother who was pulled by powerful forces through a portal and lost in time Their only hope is to turn the tables on Taksidian the menacing stranger who wants them out of the house so he can use it for his own twisted purposes But everything changes when a trip into the near future reveals the devastating outcome of Taksidian's schemes a destroyed city filled with mutant creatures It is only then that the Kings realize what they're really fighting for the fate of humanity itself If you like creepy and mysterious this is the house for you Every room opens a door to magic true horror and amazing surprises I loved wandering around in these books With a house of so many great haunting stories why would you ever want to go outside R L Stine bestselling author of the Fear Street and Goosebumps series Book 4 in the Dreamhouse Kings series Book 1 House of Dark Shadows Book 2 Watcher in the Woods Book 3 Gatekeepers Book 4 Timescape Book 5 Whirlwind Book 6 Frenzy Fast paced time travel YA Book length appr 60 000 words Includes reading group guide      *Timescapes of Waiting*, 2019-08-26 Timescapes of Waiting explores the intersections of temporality and space by examining various manifestations of spatial immobility The individual articles approach these spaces from a variety of academic perspectives including the realms of history architecture law and literary and cultural studies in order to probe the fluid relationships between power time and space The contributors offer discussion and analysis of waiting spaces like ante chambers prisons hospitals and refugee camps and also of more elusive spaces such as communities and nation states Contributors Olaf Berwald Elise Brault Dreux Richard Hardack Kerstin Howaldt Robin Kellermann Amanda Lagji Margaret Olin Helmut Puff Katrin R der Christoph Singer Cornelia Wchter Robert Wirth      Benchmarks Continued 1975-1982 Algis Budrys, 2012 Consists of book reviews and essays written for The magazine of fantasy and science fiction      *Fantasy Newsletter*, 1982      **Mediterranean Timescapes** Ray Laurence, Francesco Trifilò, 2023-04-27 This book built around the study of the representation of age and identity in 23 000 Latin funerary epitaphs from the Western Mediterranean in the Roman era sets out how the use of age in inscriptions and in turn time varied across this region Discrepancies between the use of time to represent identity in death allow readers to begin to understand the differences between the cultures of Roman Italy and contemporary societies in North Africa Spain and southern Gaul The analysis focuses on the timescapes of cemeteries a key urban phenomenon in relation to other markers of time including the Roman invention of the birthday the revering of the dead at the Parentalia and the topoi of life's stages In doing so the book contributes to our understanding of gender the city the family the role of the military freed slaves and cultural changes during this period The concept of the timescape is seen to have varied geographically across the

Mediterranean bringing into question claims of cultural unity for the Western Mediterranean as a region Mediterranean Timescapes is of interest to students and scholars of Roman history and archaeology particularly that of the Western Mediterranean and ancient social history *The Magazine of Fantasy and Science Fiction* Anthony Boucher, J. Francis McComas, 1982 **Analog Science Fiction/science Fact**, 1982 **Library Journal**, 2000 Science Fiction Book Review Index, 1973 **Beacham's Encyclopedia of Popular Fiction** Kirk H. Beetz, 1996 The Publishers Weekly, 2001 **Books in Print**, 1981 Global Science Fiction Gary Westfahl, 2025-06-09 Science fiction represents a diverse community of writers and readers that spans the entire world This collection provides a global tour of the genre with essays about Latin American European African Arabic Indian Japanese and Chinese science fiction providing insights about how writers around the world have explored and reinvigorated the genre Essays by prominent critics from five continents inform about particular cultures and analyze representative texts by authors such as Tobias S Buckell Lourenco Mutarelli Stanislaw Lem Masande Ntshanga Tawfiq Al Hakim Anil Menon and Cixin Liu The contributing scholars examine how national experiences have shaped these narratives which often differ strikingly from Anglo American science fiction An introductory survey of foreign language science fiction in the United States endeavors to explain why so many of these texts have remained unknown to Anglophone readers An extensive bibliography lists numerous resources for further study of science fiction from various parts of the world A Military History of Modern South Africa Ian van der Waag, 2018-03-14 The story of a century of conflict and change from the Second Boer War to the anti apartheid movement and the many battles in between Twentieth century South Africa saw continuous often rapid and fundamental socioeconomic and political change The century started with a brief but total war Less than ten years later Britain brought the conquered Boer republics and the Cape and Natal colonies together into the Union of South Africa The Union Defence Force later the SADF was deployed during most of the major wars of the century as well as a number of internal and regional struggles the two world wars Korea uprising and rebellion on the part of Afrikaner and black nationalists and industrial unrest The century ended as it started with another war This was a flash point of the Cold War which embraced more than just the subcontinent and lasted a long thirty years The outcome included the final withdrawal of foreign troops from southern Africa the withdrawal of South African forces from Angola and Namibia and the transfer of political power away from a white elite to a broad based democracy This book is the first study of the South African armed forces as an institution and of the complex roles that these forces played in the wars rebellions uprisings and protests of the period It deals in the first instance with the evolution of South African defense policy the development of the armed forces and the people who served in and commanded them It also places the narrative within the broader national past to produce a fascinating study of a century in which South Africa was uniquely embroiled in three total wars *Selves in Dialogue* Begoña Simal, 2011 *Selves in Dialogue* A Transethnic Approach to American Life Writing constitutes an explicit answer to the urgent call for a comparative study of American autobiography

This collection of essays ostensibly intends to cut across cultural racial and or ethnic boundaries introducing the concept of transethnicity and arguing for its increasing validity in the ever changing field of American Studies Accordingly the comparative analysis in *Selves in Dialogue* is implemented not by juxtaposing essays that pay separate but equal attention to specific monoethnic or monocultural traditions as has been the usual strategy in book length publications of this sort but by critically engaging with two or more different traditions in every single essay Mixing rather than segregating The transethnic approach proposed in this collection does not imply erasing the very difference and diversity that makes American autobiographies all the more thrilling to read and study Group specific research of an intra ethnic nature should and will continue to thrive And yet the field of American Studies is now ready to indulge more freely and more knowledgeably in transethnic explorations of life writing in an attempt to delineate both the divergences and the similarities between the different autobiographies written in the US Because of its unusual perspective *Selves in Dialogue* can be of interest not only for specialists in life writing but also for those working in the larger fields of American Literature Ethnic Studies or American Studies
