Soldiers In The Proletarian Dictatorship The Red Army And The Soviet Socia

Mark Von Hagen

Soldiers In The Proletarian Dictatorship The Red Army And The Soviet Socia:

Soldiers in the Proletarian Dictatorship Mark Von Hagen,1990 This social and institutional history of the Red Army during the critical first decade of the Soviet Union was originally published cloth in 1990 Annotation copyright by Book News Inc Portland OR Ivan's War Catherine Merridale,2006 Drawing on previously closed archives interviews with veterans and private letters and diaries Merridale presents the first comprehensive history of the Red Army rank and file Politics and the Russian Army Brian D. Taylor,2003-06-09 Military coups have plagued many countries around the world but Russia despite its tumultuous history has not experienced a successful military coup in over two centuries In a series of detailed case studies Brian Taylor explains the political role of the Russian military Drawing on a wealth of new material including archives and interviews Taylor discusses every case of actual or potential military intervention in Russian politics from Peter the Great to Vladimir Putin Taylor analyzes in particular detail the army s behavior during the political revolutions that marked the beginning and end of the twentieth century two periods when the military was uncharacteristically heavily involved in domestic politics He argues that a common thread unites the late Imperial Soviet and post Soviet Russian army an organizational culture that believes that intervention against the country s political leadership whether tsar general secretary or president is fundamentally illegitimate A Researcher's Guide to Sources on Soviet Social History in the 1930s Sheila Fitzpatrick,Lynne Viola,1990 Soviet and western history researchers present 16 essays on accessing and using a wide variety of sources pertaining to the Stalin era Topics include archives annual reports of industries laws legal journals city directories newspapers and journals memoirs and military sources Appended to particular essays and to the volume as a whole are catalogues of specific documents and publications Annotation copyrighted by Book News Inc Portland OR

Military Masculinity and Postwar Recovery in the Soviet Union Erica L. Fraser,2019-04-08 Catastrophic wartime casualties and postwar discomfort with the successes of women who had served in combat roles combined to shatter prewar ideals about what service meant for Soviet masculine identity The soldier had to be re imagined and resold to a public that had just emerged from the Second World War and a younger generation suspicious of state control In doing so Soviet military culture wrote women out and attempted to re establish soldiering as the premier form of masculinity in society *Military Masculinity and Postwar Recovery in the Soviet Union* combines textual and visual analysis as well as archival research to highlight the multiple narratives that contributed to rebuilding military identities Each chapter visits a particular site of this reconstruction including debates about conscription and evasion appropriate role models for cadets misogynist military imagery in cartoons the fraught militarized workplaces of nuclear physicists and the first cohort of cosmonauts who represented the completion of the project to rebuild militarized masculinity *The Shadows of Total War* Roger Chickering,Stig Forster,2003-01-16 The period between the two world wars of the twentieth century was one of the most challenging in the history of war In anticipation of another conflict military planners and civilian thinkers struggled after

1918 with the painful implications of World War I. Given its scope, the wholesale mobilisation of civilian populations and the targets of civilians via blockades and strategic bombing, many observers regarded this titanic conflict as a total war. They also concluded that any future conflict would bear the same hallmarks and they planned accordingly. The essays in this collection, the fourth in a series on the problem of total war, examine the inter-war period. They explore the consequences of World War I, the intellectual efforts to analyse this conflict's military significance, the attempts to plan for another general war, and several episodes in the 1930s that portended the war that erupted in 1939. *Occupation and Insurgency* Colin D. Heaton, 2008

Stalin's Guerrillas Kenneth Slepyan, 2006. A detailed study of the operations, politics, culture, and autonomy of Soviet partisans or guerrillas who fought the German army in WWII. Blending military, political, social, and cultural history, Slepyan also provides a prism for viewing relations between the suffocating Stalinist state and its independent partisan warriors.

The Military History of the Soviet Union F. Kagan, R. Higham, 2016-04-30. The Military History of the Soviet Union and The Military History of Tsarist Russia treat Russian military history from the rise of the Muscovite state to the present, even peeking briefly into the future. The two volumes will cover Russia's land forces extensively but will also cover the development of the Russian Navy and the creation and development of the Russian Air Force, parts of the Russian military machine which are frequently neglected in general writings. The historical analysis will address the development and function of the Russian military, whether in peace or in war, as well as the impact of war and changes in the military upon Russian society and politics. A Companion to the Russian Revolution Daniel Orlovsky, 2020-10-19. A compendium of original essays and contemporary viewpoints on the 1917 Revolution. The Russian revolution of 1917 reverberated throughout an empire that covered one sixth of the world. It altered the geo-political landscape of not only Eurasia but of the entire globe. The impact of this immense event is still felt in the present day. The historiography of the last two decades has challenged conceptions of the 1917 revolution as a monolithic entity; the causes and meanings of revolution are many, as is reflected in contemporary scholarship on the subject. A Companion to the Russian Revolution offers more than thirty original essays written by a team of respected scholars and historians of 20th century Russian history. Presenting a wide range of contemporary perspectives, the Companion discusses topics including the dynamics of violence in war and revolution, Russian political parties, the transformation of the Orthodox church, Bolshevism, Liberalism, and more. Although primarily focused on 1917 itself and the singular Revolutionary experience in that year, this book also explores time periods such as the First Russian Revolution, early Soviet government, the Civil War period, and even into the 1920s. Presents a wide range of original essays that discuss. Brings together in depth coverage of political history, party history, cultural history, and new social approaches. Explores the long range causes, influence on early Soviet culture, and global afterlife of the Russian Revolution. Offers broadly conceived contemporary views of the revolution, largely based on the author's original research. Links Russian revolutions to Russian Civil Wars as concepts. A Companion to the Russian Revolution is an important addition to modern

scholarship on the subject and a valuable resource for those interested in Russian Late Imperial or Soviet history as well as anyone interested in Revolution as a global phenomenon

Homosexual Desire in Revolutionary Russia

Dan Healey, 2012-04-26 The first full length study of same sex love in any period of Russian or Soviet history *Homosexual Desire in Revolutionary Russia* investigates the private worlds of sexual dissidents during the pivotal decades before and after the 1917 Bolshevik Revolution Using records and archives available to researchers only since the fall of Communism Dan Healey revisits the rich homosexual subcultures of St Petersburg and Moscow illustrating the ambiguous attitude of the late Tsarist regime and revolutionary rulers toward gay men and lesbians *Homosexual Desire in Revolutionary Russia* reveals a world of ordinary Russians who lived extraordinary lives and records the voices of a long silenced minority

Stalin's General

Geoffrey Roberts, 2012-08-02 Marshal Georgy Zhukov is one of military history's legendary names He played a decisive role in the battles of Moscow Stalingrad and Kursk that brought down the Nazi regime He was the first of the Allied generals to enter Berlin and it was he who took the German surrender He led the huge victory parade in Red Square riding a white horse and in doing so dangerously provoking Stalin's envy His post war career was equally eventful Zhukov found himself sacked and banished twice and wrongfully accused of disloyalty However he remains one of the most decorated officers in the history of both Russia and the Soviet Union Since his death in 1974 Zhukov has increasingly been seen as the indispensable military leader of the Second World War surpassing Eisenhower Patton Montgomery and MacArthur in his military brilliance and ferocity Making use of hundreds of documents from Russian military archives as well as unpublished versions of Zhukov's memoirs Geoffrey Roberts fashions a remarkably intimate portrait of a man whose personality was as fascinating as it was contradictory Tough decisive strong willed and brutal as a soldier in his private life he was charming and gentle Zhukov's relations with Stalin's other generals were often prickly and fraught with rivalry but he was the only one among them to stand up to the Soviet dictator Piercing the hyperbole of the Zhukov personality cult Roberts debunks many of the myths that have sprung up around Zhukov's life to deliver fresh insights into the marshal's relations with Stalin Khrushchev and Eisenhower A highly regarded historian of Soviet Russia Roberts has fashioned the definitive biography of this seminal 20th century figure

Socialism, Perestroika, And The Dilemmas Of Soviet Economic Reform

John E Tedstrom, 2019-07-09 This book highlights that Soviet economic planners and politicians must come to recognize the need to make fundamental changes not simply incremental refinements in the failing Soviet system It examines the dynamics of the process of perestroika and the complexity of individual economic issues

A State of Nations Ronald Grigor Suny, Terry Martin, 2001-11-29 This collected volume edited by Ron Suny and Terry Martin shows how the Soviet state managed to create a multiethnic empire in its early years from the end of the Russian Revolution to the end of World War II Bringing together the newest research on a wide geographic range from Russia to Central Asia this volume is essential reading for students and scholars of Soviet history and politics

From Tsar To Soviets Christopher Reed, 2005-11-10 Written from the perspective of

the factory worker and peasant at the ground level this study of Russia during the Revolution 1917 21 aims to shed light on the realities of living through and participating in these tumultuous events The book is intended for undergraduate courses in history Soviet studies and politics

Burnout Hannah Proctor,2024-04-09 In the struggle for a better world setbacks are inevitable Defeat can feel overwhelming at times but it has to be endured How then do the people on the front line keep going To answer that question Hannah Proctor draws on historical resources to find out how revolutionaries and activists of the past kept a grip on hope Burnout considers despairing former Communards exiled to a penal colony in the South Pacific exhausted Bolsheviks recuperating in sanatoria in the aftermath of the October Revolution an ex militant on the analyst s couch relating dreams of ruined landscapes Chinese peasants engaging in self criticism sessions a political organiser seeking advice from a spiritual healer civil rights movement activists battling weariness and a group of feminists padding a room with mattresses to scream about the patriarchy Jettisoning self help narratives and individualizing therapy talk Proctor offers a different way forward neither denial nor despair Her cogent exploration of the ways militants have made sense of their own burnout demonstrates that it is possible to mourn and organise at once and to do both without compromise

Stalin's Defectors Mark Edele,2017-06-23 Stalin s Defectors is the first systematic study of the phenomenon of frontline surrender to the Germans in the Soviet Union s Great Patriotic War against the Nazis in 1941 1945 No other Allied army in the Second World War had such a large share of defectors among its prisoners of war Based on a broad range of sources this volume investigates the extent the context the scenarios the reasons the aftermath and the historiography of frontline defection It shows that the most widespread sentiments animating attempts to cross the frontline was a wish to survive this war Disgruntlement with Stalin s socialism was also prevalent among those who chose to give up and hand themselves over to the enemy While politics thus played a prominent role in pushing people to commit treason few desired to fight on the side of the enemy Hence while the phenomenon of frontline defection tells us much about the lack of popularity of Stalin s regime it does not prove that the majority of the population was ready for resistance let alone collaboration Both sides of a long standing debate between those who equate all Soviet captives with defectors and those who attempt to downplay the phenomenon then over stress their argument Instead more recent research on the moods of both the occupied and the unoccupied Soviet population shows that the majority understood its own interest in opposition to both Hitler s and Stalin s regime The findings of Mark Edele in this study support such an interpretation

The History of Officer Social Origins, Selection, Education and Training Since the Eighteenth Century Elliott Vanveltner Converse,1996 Critical Companion to the Russian Revolution, 1914-1921 Edward Acton,V. I. Cherniāev,V. I. Cherniāev,William G.

Rosenberg,1997 Essays by 46 historians reflect the impact of the fall of the Soviet Union on the study of the revolution that birthed it including better access to archives and new opportunities for collaborations between Russian and other specialists They cover the revolution as event actors and the question of agency parties movements and ideologies institutions and

institutional cultures social groups identities cultures and the question of consciousness economic issues and problems of everyday life and nationality and regional questions Annotation copyrighted by Book News Inc Portland OR *Scenarios of Power: From Alexander II to the abdication of Nicholas II* Richard Wortman, 1995 V 1 From Peter the Great to the death of Nicholas I

Embracing the Beat of Term: An Emotional Symphony within **Soldiers In The Proletarian Dictatorship The Red Army And The Soviet Socia**

In a global eaten by monitors and the ceaseless chatter of instantaneous connection, the melodic beauty and mental symphony created by the published word often disappear into the back ground, eclipsed by the relentless sound and disruptions that permeate our lives. Nevertheless, set within the pages of **Soldiers In The Proletarian Dictatorship The Red Army And The Soviet Socia** a charming literary prize overflowing with raw emotions, lies an immersive symphony waiting to be embraced. Crafted by a masterful composer of language, this interesting masterpiece conducts visitors on a mental trip, skillfully unraveling the hidden melodies and profound impact resonating within each cautiously crafted phrase. Within the depths with this touching examination, we will investigate the book is key harmonies, analyze its enthralling publishing design, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
