Soldiers In The Proletarian Dictatorship The Red Army And The Soviet Socialist State 1917 193:

Borders of Socialism L. Siegelbaum, 2016-04-15 This fascinating book argues that in Russia the relations between culture and nation art and life commodity and trash often diverged from familiar Western European or American versions of modernity The essays show how public and private overlapped and shaped each other creating new perspectives on individuals and society in the Soviet Union The Russian Revolution Sheila Fitzpatrick, 2017-09-29 The Russian Revolution had a decisive impact on the history of the twentieth century In the years following the collapse of the Soviet regime and the opening of its archives it has become possible to step back and see the full picture Starting with an overview of the roots of the revolution Fitzpatrick takes the story from 1917 through Stalin s revolution from above to the great purges of the 1930s She tells a gripping story of a Marxist revolution that was intended to transform the world visited enormous suffering on the Russian people and like the French Revolution before it ended up by devouring its own children This updated edition contains a fully revised bibliography and updated introduction to address the centenary what does it all mean in retrospect

Imagining the Unimaginable Aaron J. Cohen, 2008-06-01 World War I had a profound influence on the aesthetics and politics of Russian culture perhaps even more than the revolution Looking at how the war changed Russian culture especially visual art Cohen shows how the wartime environment allowed iconoclastic modern art to flourish **Revolution and Counterrevolution** Kevin Murphy, 2005-04 Why did the most unruly proletariat of the Twentieth Century come to tolerate the ascendancy of a political and economic system that by every conceivable measure proved antagonistic to working class interests Revolution and Counterrevolution is at the center of the ongoing discussion about class identities the Russian Revolution and early Soviet industrial relations Based on exhaustive research in four factory specific archives it is unquestionably the most thorough investigation to date on working class life during the revolutionary era Focusing on class conflict and workers frequently changing response to management and state labor policies the study also meticulously reconstructs everyday life from leisure activities to domestic issues the changing role of women and popular religious belief Its unparalleled immersion in an exceptional variety of sources at the factory level and its direct engagement with the major interpretive questions about the formation of the Stalinist system will force scholars to re evaluate long held assumptions about early Soviet society **Youth in Revolutionary Russia** Anne E. Gorsuch, 2000-10-22 What were the consequences if prerevolutionary and bourgeois culture and social relations could not be transformed into new socialist forms of behavior and belief

East/West Education , 1997 *Politics and Economics of the Soviet Union* G. P. Manat, 1992 **A Short History of Sino-Soviet Relations, 1917-1991** Zhihua Shen, 2019-10-31 Drawing on the rich trove of recently declassified Russian and Chinese archival materials this history of Sino Soviet relations in the 20th century sheds new light on key events during this period It offers fresh insights into the role of ideology and national interests in the evolution of the complex and turbulent relationship between not just the two countries but also their respective Communist Parties The chapters on the

normalization of bilateral ties provide an in depth analysis of divisions in the socialist camp that culminated in both its collapse and the disintegration of the Soviet Union The book argues that 20th century Sino Soviet relations reflected both long standing and emerging political and geopolitical challenges facing members of the Cold War socialist camp in particular tensions between the ideal of internationalism and national aspirations between commitment to the principle of sovereignty and commitment to that of equality in international relations and between inter party relations and inter state relations This makes for a valuable addition to the reading lists of all those interested in the development of the relationship between two of the world s most important countries
