Soldiers Of The Night The Story Of French Resistance:

Soldiers of the Night: The Story of the French Resistance David Schoenbrun, 2019-08-09 The most complete account of the French Resistance in English and the most sensitive A masterful rendering of the Resistance Philip Hallie The New York Times A celebration and a memorial Mr Schoenbrun has had long conversations with a number of the best known survivors each one the keeper of a sacred flame the fullest account of the French Resistance in English Robert O Paxton The New York Review of Books Political history chiefly not heroics the most extensive account in English of the two French Resistances that of the Underground against Vichy and the Nazis and that of de Gaulle against all other claimants to authority over fallen France including prominently the Allies A memorable and important book Kirkus Reviews Former CBS Paris bureau chief David Schoenbrun gives us an excellent solidly researched account of the struggle waged by that gallant handful who sabotaged railroads and power plants rescued Allied fliers and Jewish fugitives assassinated German and Vichy officials then fought pitched battles against elite Wehrmacht formations With great objectivity and verve Schoenbrun chronicles the often muddled uncoordinated efforts of the Resistance through the four dark years of Nazi occupation Systematically and factually he explains the workings on the fragmented organizations that kept on fighting in spite of the Germans ruthless attempts to stamp them out Martin Sokolinsky Christian Science Monitor A marvelous book stories of heroism and self sacrifice that challenge belief Schoenbrun has created a prodigious work crowded with compelling stories Richard J Walton Saturday Review Important richly deserving of acclaim The first comprehensive account in English of the French Resistance held together by a fine reporter's instinct of how to tell a story and how to tell it well Houston Chronicle

Maquis David Schoenbrun, 1990-01-01 **The Extreme Right in the French Resistance** Valerie Deacon, 2016-12-07 In the aftermath of World War II historical accounts and public commentaries enshrined the French Resistance as an apolitical unified movement committed to upholding human rights equality and republican values during the dark period of German occupation Valerie Deacon complicates that conventional view by uncovering extreme right participants in the Resistance specifically those who engaged in conspiratorial anti republican and quasi fascist activities in the 1930s but later devoted themselves to freeing the country from Nazi control The political campaigns of the 1930s against communism republicanism freemasonry and the government taught France's ultra right wing groups to organize underground movements When France fell to the Germans in 1940 many activists unabashedly cited previous participation in groups of the extreme right as their motive for joining the Resistance Deacon's analysis of extreme right participation in the Resistance supports the view that the domestic situation in Nazi controlled France was more complex than had previously been suggested Extending beyond past narratives Deacon details how rightist resisters navigated between different options in the changing political context In the process she refutes the established view of the Resistance as apolitical united and Gaullist The Extreme Right in the French Resistance highlights the complexities of the French Resistance what it meant to be a resister

and how the experiences of the extreme right proved incompatible with the postwar resistance narrative **Hidden Armies of the Second World War** Patrick G. Zander, 2017-10-03 Even though much of Europe eventually succumbed to the Nazis during World War II many Europeans defiantly resisted occupation in every way possible This captivating book provides a survey of these resistance movements during the period of Axis occupation and recounts the ways in which unarmed citizens undermined Nazi efforts at domination A thorough description of the Axis conquest of Europe the formation of the Special Operations Executive in Britain and the Office of Strategic Services in the United States provides a backdrop for this turbulent time in history Chapters cover the resistance organizations their leaders and other key individuals behind their operations The book details the movement's furtive tactics that included spreading information providing the Allies with key intelligence conducting industrial sabotage destroying bridges and factories and fighting behind the lines Case studies of resistance operations in France Norway Holland Denmark Poland Czechoslovakia the Soviet Union the Balkans Greece Italy and within Nazi Germany itself show the scope and breadth of the resistance movement throughout the world **The French Secret Services**, 1993-01-01 The French secret services have a long history dating back to the ancien regime With the founding of the Third Republic 1870 1940 the famous Second Bureau was created as France's principal intelligence gathering organization After the Germans invaded France in 1940 however the services splintered and diversified with Vichy agencies and Collaborationists the Free French and the internal resistance all in contention More recently since 1944 the activities of the reorganized French secret services have extended across a surprisingly wide area sometimes with spectacular results as in the Greenpeace Affair in New Zealand in 1985 This volume deals with the French secret services according to a chronological framework which reflects the evolution of the services which were created and transformed by both internal and external historical factors The bibliography commences with an examination of the origins and development of the French Intelligence Service from the ancien regime to 1870 It then considers the history and activities of the secret services during the following periods the Third Republic the Second World War the Fourth Republic and the Fifth Republic firstly between 1958 and 1981 and then during the 1980s and 1990s including the Greenpeace Affair This is an essential reference tool for all those interested in the history of intelligence agencies and national security in general and in the development of the French secret services in particular *D-Day, 1944* Theodore A. Wilson, 1994 Readers may be astonished at how much scholarly digging and the release of once secret information have transformed the history of this campaign At times it seems like a whole new war New York Times Book Review **Encyclopedia of World War II** Alan Axelrod, 2007 A reference to the ideological military political biographical and social topics surrounding World War II which is often considered the pivotal event of the twentieth century *A History of the Laws of War: Volume 1* Alexander Gillespie, 2011-09-06 This unique new work of reference traces the origins of the modern laws of warfare from the earliest times to the present day Relying on written records from as far back as 2400 BCE and using sources ranging from the Bible

to Security Council Resolutions the author pieces together the history of a subject which is almost as old as civilisation itself. The author shows that as long as humanity has been waging wars it has also been trying to find ways of legitimising different forms of combatants and regulating the treatment of captives. This first book on warfare deals with the broad question of whether the patterns of dealing with combatants and captives have changed over the last 5 000 years and if so how. In terms of context the first part of the book is about combatants and those who can lawfully take part in combat. In many regards this part of the first volume is a series of less than ideal pathways. This is because in an ideal world there would be no combatants because there would be no fighting. Yet as a species we do not live in such a place or even anywhere near it either historically or in contemporary times. This being so a second best alternative has been to attempt to control the size of military forces and therefore the bloodshed. This is also not the case by which humanity has worked over the previous centuries. Rather the clear assumption for thousands of years has been that authorities are allowed to build the size of their armed forces as large as they wish. The restraints that have been applied are in terms of the quality and methods by which combatants are taken. The considerations pertain to questions of biology such as age and sex, geographical considerations such as nationality and the multiple nuances of informal or formal combatants. These questions have also overlapped with ones of compulsion and whether citizens within a country can be compelled to fight without their consent. Accordingly for the previous 3 000 years the question has not been whether there should be a limit on the number of soldiers but rather who is or is not a lawful combatant. It has rarely been a question of numbers. It has been and remains one of type. The second part of this book is about people typically combatants captured in battle. It is about what happens to their status as prisoners, about the possibilities of torture, assistance if they are wounded and what happens to their remains should they be killed and their bodies fall into enemy hands. The theme that ties all of these considerations together is that all of the acts befall those who are to one degree or another captives of their enemies. As such they are no longer masters of their own fate. As a work of reference this first volume as part of a set of three is unrivalled and will be of immense benefit to scholars and practitioners researching and advising on the laws of warfare. It also tells a story which throws fascinating new light on the history of international law and on the history of warfare itself.

History Of The Holocaust Abraham Edelheit, 2018-10-08. This two part volume combines an accessible overview of contemporary Jewish history with a unique dictionary of Holocaust terms. In addition to assessing the Holocaust specifically Part 1 of the book discusses the history of European Jewry, anti-Semitism, the rise and fall of Nazism and fascism, World War II and the postwar implications of the Holocaust.

World War II Spencer C. Tucker, Priscilla Roberts, 2005-02-23. Designed with the more visual needs of today's student in mind, this landmark encyclopedia covers the entire scope of the Second World War from its earliest roots to its continuing impact on global politics and human society. accessible scholarship a student friendly image rich design and a variety of tools specifically crafted for the novice researcher For teachers and curriculum specialists it is a thoroughly contemporary and authoritative work with everything they need to enrich their syllabi and meet state and national standards Ranging from the conflict s historic origins to VJ Day and beyond it brings all aspects of the war vividly to life its origins in the rubble of World War I its inevitable outbreak its succession of tumultuous battles and unforgettable personalities Students will understand what the war meant to the leaders the soldiers and everyday families on home fronts around the world Featured essays look at Pearl Harbor the Holocaust the atomic bomb and other crucial events as well as fascinating topics such as signals intelligence and the role of women in war A separate primary source volume provides essential source material for homework test preparation or special projects With a wealth of new information and new ideas about the war s causes course and consequences World War II will be the first place students turn for the who what when where and more importantly the why behind this historic conflict **The**

Sisterhood of Ravensbrück Lynne Olson, 2025-06-03 The extraordinary true story of a small group of Frenchwomen all Resistance members who banded together in a notorious concentration camp to defy the Nazis from the New York Times bestselling author of Madame Fourcade s Secret War At once heartbreaking and beautifully told this is a masterwork of nonfiction a must read for anyone who wants more of the incredible true story behind Lilac Girls Martha Hall Kelly author of Lilac Girls Decades after the end of World War II the name Ravensbr ck still evokes horror for those with knowledge of this infamous all women s concentration camp better known since it became the setting of Martha Hall Kelly s bestselling novel Lilac Girls Particularly shocking were the medical experiments performed on some of the inmates Ravensbr ck was atypical in other ways as well not just as the only all female German concentration camp but because 80 percent of its inmates were political prisoners among them a tight knit group of women who had been active in the French Resistance Already well practiced in sabotaging the Nazis in occupied France these women joined forces to defy their German captors and keep one another alive The sisterhood s members amid unimaginable terror and brutality subverted Germany s war effort by refusing to do assigned work They risked death for any infraction but that did not stop them from defying their SS tormentors at every turn even staging a satirical musical revue about the horrors of the camp After the war when many in France wanted to focus only on the future the women from Ravensbr ck refused to allow their achievements needs and sacrifices to be erased They banded together once more first to support one another in healing their bodies and minds and then to continue their crusade for freedom and justice an effort that would have repercussions for their country and the world into the twenty first century

Resistance Halik Kochanski, 2022-05-24 WINNER OF THE 2023 WOLFSON HISTORY PRIZE New Yorker Best Books of 2022 This is the most comprehensive and best account of resistance I have read It addresses the story with scholarly objectivity and an absolute lack of sentimentality So much romantic twaddle is still published it is marvelous to read a study of such breadth and depth which reaches balanced judgments Max Hastings The Sunday Times UK Resistance is the first

book of its kind a monumental history that finally integrates the many resistance movements against Nazi hegemony in Europe into a single sweeping narrative of defiance To resist therefore But how when and where There were no laws no guidelines no precedents to show the way Dutch resister Herman Friedhoff In every country that fell to the Third Reich during the Second World War from France in the west to parts of the Soviet Union in the east a resistance movement against Nazi domination emerged And every country that endured occupation created its own fiercely nationalist account of the role of homegrown resistance in its eventual liberation Halik Kochanski's panoramic prodigiously researched work is a monumental achievement the first book to strip these disparate national histories of myth and nostalgia and to integrate them into a definitive chronicle of the underground war against the Nazis Bringing to light many powerful and often little known stories Resistance shows how small bands of individuals took actions that could lead not merely to their own deaths but to the liquidation of their families and their entire communities As Kochanski demonstrates most who joined up were not supermen and superwomen but ordinary people drawn from all walks of life who would not have been expected least of all by themselves to become heroes of any kind Kochanski also covers the sheer variety of resistance activities from the clandestine press assistance to Allied servicemen evading capture and the provision of intelligence to the Allies to the more violent manifestations of resistance through sabotage and armed insurrection For many people resistance was not an occupation or an identity but an activity a person would deliver a cache of stolen documents to armed partisans and then seamlessly return to their normal life For Jews under Nazi rule meanwhile the stakes at every point were life and death resistance was less about national restoration than about mere survival Why resist at all Who is the real enemy What kind of future are we risking our lives for These and other questions animated those who resisted With penetrating insight Kochanski reveals that the single quality that defined resistance across borders was resilience despite the constant arrests and executions resistance movements rebuilt themselves time and time again A landmark history that will endure for decades to come Resistance forces every reader to ask themselves yet another question this distinct to our own times What would I have done

French Film History, 1895-1946 Richard Neupert, 2022-07-19 French Film History 1895 1946 addresses the creative and often unexpected trajectory of French cinema which continues to be one of the most provocative and engaging cinemas in the world Tracing French film and its developments from the earliest days when France dominated world cinema up through the Occupation and Liberation Neupert outlines major players and films that made it so influential Paris held a privileged position as one of the world's hubs of scientific social and cultural experimentation it is no wonder that the cinema as we know it was born there in the nineteenth century This book presents French cinema's most significant creative filmmakers and movies but also details the intricate relations between technology economics and government that helped shape the unique conditions for cinematic experimentation in the country Neupert explains the contexts behind the rise of cinema in France including groundbreaking work by the Lumi re family Georges M li s and Alice Guy the powerhouse studios of Path 

and Gaumont directors such as Ren Clair Germaine Dulac Marcel Pagnol and Jean Renoir and an array of stars including Max Linder Jean Gabin Josephine Baker and Mich le Morgan The first fifty years of French film practice established cinema s cultural and artistic potential setting the stage for the global post World War II explosion in commercial movies and art cinema alike French film and its rich history remain at the heart of cinematic storytelling and our moviegoing pleasure

Books in Print ,1982 *Last night Santa came to see me* BennettS,2025-02-18 Set against the backdrop of World War I This novel explores the devastating effects of war on the human spirit It delves into the harsh realities of trench warfare the trauma soldiers endure and the loss of innocence that war inevitably brings Through David s journey readers witness the stark contrast between youthful dreams and the grim survival instincts forged in the crucible of one of the deadliest conflicts in history Tank The cry of Tank ripped through the air cutting through the chaos of gunfire and explosions like a chilling gust of wind Panic gripped the soldiers in the trenches as the ominous presence of a tank loomed on the battlefield Fellow soldiers their voices filled with urgency shouted a stark warning to their comrades The news of the tank s arrival sent shockwaves through the already tense atmosphere The cramped confines of the trenches offered little protection against the formidable metal beast that threatened to roll over everything in its path Desperation etched on their faces David s friends raised their voices above the cacophony urging everyone to make a choice retreat to safety or face the enemy head on They buzzed with the urgent decision that each soldier had to make in the blink of an eye Bang In a moment of resolute decision the sound of a gunshot echoed through the mist shrouded air David had pulled the trigger unleashing a forceful discharge that reverberated through the quiet battlefield The enemy now a fallen adversary crumpled to the ground With the weapon slipping from his trembling grasp David s body depleted of its last vestiges of strength followed suit He dropped onto the cold hard ground the echoes of his breathing growing more rapid The toll of the confrontation had left him drained and the cold mist enveloped him like a shroud Fantasy Historical fiction stories from World War I to World War II Mixed with elements of hope and imagination from another world In the lingering shadows cast by two world changing conflicts the pages of *Last night Santa came to see me* reveals the tapestry woven by David s incredible journey A spirit that had recovered from the turbulent structures of the two world wars The novel unfolds against the sad backdrop of an orphanage where fleeting joys intertwine with heart wrenching tales of loss shaping the early years of our steadfast protagonist Amidst the harsh realities of war David s story emerges a profound metamorphosis unfolding from the plight of war ridden orphans to the embodiment of courage and compassion Navigating the unforgiving terrain of history *Last night Santa came to see me* seamlessly blends actual historical events with elements of fantasy transporting readers to a realm where imagination harmoniously with the starkness of reality As this series progresses Together with David you will embark on an extraordinary journey through time Between the tangible and the fantasy The ever evolving David He becomes the lens through which readers explore the changing times Each page reveals a new layer of the indomitable human spirit Beyond a mere account of the violence of war

Last night Santa came to see me transforms its narrative into an exploration of hope and imagination culminating in a magical Christmas night This enchanting conclusion brings David s quest for answers to a poignant climax unveiling the timeless connection between dreams desires and the ceaseless river of time Prepare to experience a mesmerizing blend of historical accuracy and magical elements where Last night Santa came to see me invites you on a literary adventure Through the dungeons of war and sanctuaries of another world witness the poignant intersections of love loss and extraordinary reunions that resonate with the very essence of the human soul The story all names characters and incidents portrayed in this production are fictitious No identification with actual persons living or deceased places buildings and products is intended or should be inferred

Ethnographies of U.S. Empire Carole McGranahan, John F. Collins, 2018-08-02 How do we live in and with empire The contributors to *Ethnographies of U S Empire* pursue this question by examining empire as an unequally shared present Here empire stands as an entrenched if often invisible part of everyday life central to making and remaking a world in which it is too often presented as an aberration rather than as a structuring condition This volume presents scholarship from across U S imperial formations settler colonialism overseas territories communities impacted by U S military action or political intervention Cold War alliances and fissures and most recently new forms of U S empire after 9 11 From the Mohawk Nation Korea and the Philippines to Iraq and the hills of New Jersey the contributors show how a methodological and theoretical commitment to ethnography sharpens all of our understandings of the novel and timeworn ways people live thrive and resist in the imperial present Contributors Kevin K Birth Joe Bryan John F Collins Jean Dennison Erin Fitz Henry Adriana Mar a Garriga L pez Ol via Maria Gomes da Cunha Matthew Gutmann Ju Hui Judy Han J K haulani Kauanui Eleana Kim Heonik Kwon Soo Ah Kwon Darryl Li Catherine Lutz Sunaina Maira Carole McGranahan Sean T Mitchell Jan M Padios Melissa Rosario Audra Simpson Ann Laura Stoler Lisa Uperesa David Vine

Nationalist in the Viet Nam Wars Nguyễn Công Luân, 2012-02-07 A dark and fascinating tale illuminated by Nguyen s story of escape from Communist tyranny to the United States in 1990 and by his honesty and integrity which shine through on every page Historynet com This extraordinary memoir tells the story of one man s experience of the wars of Viet Nam from the time he was old enough to be aware of war in the 1940s until his departure for America 15 years after the collapse of South Viet Nam in 1975 Nguyen Cong Luan was born and raised in small villages near Ha Noi He grew up knowing war at the hands of the Japanese the French and the Viet Minh Living with wars of conquest colonialism and revolution led him finally to move south and take up the cause of the Republic of Viet Nam exchanging a life of victimhood for one of a soldier His stories of village life in the north are every bit as compelling as his stories of combat and the tragedies of war This honest and impassioned account is filled with the everyday heroism of the common people of his generation Long overdue this memoir will be a worthy addition to any academic library interested in the tragedy of Vietnam

Essential Choice An essential read for those who seek to understand the complex tragedy of the wars of Vietnam ARMY
