The State and the Soldier Kori Schake, 2025-07-21 America's Founding Fathers feared that a standing army would be a permanent political danger yet the U S military has in the 250 years since become a bulwark of democracy Kori Schake explains why in this compelling history of civil military relations from independence to the challenges of the present The book begins with General Washington's vital foundational example of subordination to elected leaders during the Revolutionary War Schake recounts numerous instances in the following century when charismatic military leaders tried to challenge political leaders and explains the emergence of restrictions on uses of the military for domestic law enforcement She explores the crucial struggle between President Andrew Johnson and Congress after Lincoln's assassination when Ulysses Grant had to choose whether to obey the Commander in Chief or the law and chose to obey the law And she shows how the professionalization of the military in the twentieth century inculcated norms of civilian control The U S military is historically anomalous for maintaining its strength and popularity while never becoming a threat to democracy Schake concludes by asking if its admirable record can be sustained when the public is pulling the military into the political divisions of our time

A Surgeon with Custer at the Little Big Horn James Madison DeWolf,2017-05-25 In spring 1876 a physician named James Madison DeWolf accepted the assignment of contract surgeon for the Seventh Cavalry becoming one of three surgeons who accompanied Custer s battalion at the Battle of the Little Big Horn Killed in the early stages of the battle he might easily have become a mere footnote in the many chronicles of this epic campaign but he left behind an eyewitness account in his diary and correspondence *A Surgeon with Custer at the Little Big Horn* is the first annotated edition of these rare accounts since 1958 and the most complete treatment to date While researchers have known of DeWolf s diary for many years few details have surfaced about the man himself In *A Surgeon with Custer at the Little Big Horn* Todd E Harburn bridges this gap providing a detailed biography of DeWolf as well as extensive editorial insight into his writings As one of the most highly educated men who traveled with Custer the surgeon was well equipped to compose articulate descriptions of the 1876 campaign against the Indians a fateful journey that began for him at Fort Lincoln Dakota Territory and ended on the battlefield in eastern Montana Territory In letters to his beloved wife Fannie and in diary entries reproduced in this volume exactly as he wrote them DeWolf describes the terrain weather conditions and medical needs that he and his companions encountered along the way After DeWolf s death his colleague Dr Henry Porter who survived the conflict retrieved his diary and sent it to DeWolf s widow Later the DeWolf family donated it to the Little Bighorn Battlefield National Monument Now available in this accessible and fully annotated format the diary along with the DeWolf s personal correspondence serves as a unique primary resource for information about the Little Big Horn campaign and medical practices on the western frontier
