## **Solitaire A Narrative:**

**Solitaire** Aimee Liu, 2016-05-03 *Solitaire* is the groundbreaking memoir of a young woman growing up in the 1970s and her triumph over anorexia nervosa *Bedrock and Paradox* David M. Pozza, 2006 Rarely does an author so thoroughly entertain and anger his readers as Edward Abbey does This book focuses on Abbey's aesthetic and philosophy of paradox as they are reflected in his writings and explores his literary technique of blurring traditional genres regarding fiction and nonfiction Until now no study has sufficiently treated the full complexity of Abbey's writing throughout his career making this particular work not only original but important Struggles for Representation Phyllis Rauch Klotman, Janet K. Cutler, 1999 *Struggles for Representation* examines over 300 non-fiction films by more than 150 African American film videomakers and includes an extensive filmography bibliography and excerpts from interviews with film videomakers In eleven original essays contributors explore the extraordinary scope of these aesthetic and social documents and chart a previously undiscovered territory documentaries that examine the aesthetic economic historical political and social forces that shape the lives of black Americans as seen from their perspectives Until now scholars and critics have concentrated on black fiction film and on mainstream non-fiction films neglecting the groundbreaking body of black non-fiction productions that offer privileged views of American life Yet these rich and varied works in film video and new electronic media convey vast stores of knowledge and experience Although most documentary cannot hope to match fiction film's mass appeal it is unrivaled in its ability to portray searing indelible impressions of black life including concrete views of significant events and moving portraits of charismatic individuals Documentary footage brings audiences the moments when civil rights protestors were attacked by state troopers it provides the sights and sounds of Malcolm X delivering an electrifying speech Betty Carter performing a heart wrenching song and Langston Hughes strolling on a beach Uniting all of this work is the struggle for representation that characterizes each film an urgent desire to convey black life in ways that counter the uninformed and often distorted representations of mass media film and television productions African American documentaries have long been associated with struggles for social and political empowerment for many film videomakers documentary is a compelling mode with which to present an alternative more authentic narrative of black experiences and an effective critique of mainstream discourse Thus many socially and politically committed film videomakers view documentary as a tool with which to interrogate and reinvent history their works fill gaps correct errors and expose distortions in order to provide counter narratives of African American experience Contributors include Paul Arthur Houston A Baker Jr Mark F Baker Pearl Bowser Janet K Cutler Manthia Diawara Elizabeth Amelia Hadley Phyllis R Klotman Tommy Lee Lott Erika Muhammad Valerie Smith and Clyde Taylor

Wild Abandon Alexander Menrisky, 2020-12-17 The American wilderness narrative which divides nature from culture has remained remarkably persistent despite the rise of ecological science which emphasizes interconnection between these spheres Wild Abandon considers how ecology s interaction with radical politics of authenticity in the twentieth century has kept that narrative alive in altered form As ecology gained political momentum in the 1960s and 1970s many environmentalists combined it with ideas borrowed from psychoanalysis and a variety of identity based social movements The result was an identity politics of ecology that framed ecology itself as an authentic identity position repressed by cultural forms including social differences and even selfhood Through readings of texts by Edward Abbey Simon Ortiz Toni Morrison Margaret Atwood and Jon Krakauer among others Alexander Menrisky argues that writers have both dramatized and critiqued this tendency in the process undermining the concept of authenticity altogether and granting insight into
