Suhartos Indonesia:

Violence and the State in Suharto's Indonesia Benedict R. O'G. Anderson, 2018-05-31 These essays investigate institutionalized violence in New Order Indonesia and the ongoing legacy Suharto's dictatorship has conferred on the nation. The collection includes papers on East Timor, Aceh, Biak, the police, and the Indonesian military among other topics. *Power and Political Culture in Suharto's Indonesia* Stefan Eklof, 2004-06-02 In the mid 1990s the formerly pliant Indonesian Democratic Party PDI was transformed into an active opposition party by Megawati Sukarnoputri, now President of Indonesia. The subsequent backlash from the Suharto regime ultimately led to its downfall. **Approaching Suharto's Indonesia from the Margins** Takashi Shiraishi, 2018-05-31 This text is the fourth and final volume in a series of essays by Japanese scholars of Southeast Asia. The authors examine issues such as the political styles and methodologies of Suharto's New Order government, the economic development of Indonesia under Suharto, and the economic and cultural relationship between Japan and Indonesia. **Indonesia Beyond Suharto** Donald K. Emmerson, 2015-05-20 This text presents an accessible introduction to the most significant problems facing Indonesia and raises issues for further investigations. It addresses such questions as how has Indonesia managed to remain one country and is there a truly national Indonesian culture. *The Politics of Post-Suharto Indonesia* Adam Schwarz, Jonathan Paris, 1999 This book responds to the critical need of policymakers, practitioners, and scholars for current research on Indonesia. **West Papua & Indonesia Since Suharto** Peter King, 2004 This book reviews the long guerilla struggle of the Organisasi Papua Merdeka (OPM) for a Free Papua and traces the rise of a non-violent independence movement alongside it, the Papua Council, following the fall from power of Indonesia's military dictator General Suharto in 1998. **Indonesia's Foreign Policy under Suharto** Leo Suryadinata, 2022-01-24 The book, which was first published in 1996, examines Indonesia's foreign policy under Suharto. It not only details Indonesia's foreign policy behaviour vis-à-vis Indonesia's neighbours and major powers but also places it in the context of foreign policy analysis. Today the book remains as the only full-length study on Indonesia's foreign policy under Suharto. It is now reprinted with a new postscript which discusses the post-Suharto era from B.J. Habibie to Joko Widodo. Indonesia under Suharto had attempted to become a regional power to lead Southeast Asian states and beyond. As the largest country and also the richest in terms of natural resources, Suharto's Indonesia was held in deference by the ASEAN states. However, due to its limited capabilities, its lack of military strength, advanced technology, and economic strength, the political influence of Jakarta was in fact quite limited. During the economic crisis, Suharto was forced to step down. He was succeeded by B.J. Habibie, who was largely preoccupied with domestic issues, who in turn was followed by weak presidencies such as Abdurrahman Wahid, Gus Dur, and Megawati. Only after the ex-general Susilo Bambang Yudhoyono assumed presidency did he manage to stabilize the situation and attain economic growth. He even became known as the Foreign Policy President. Nevertheless, he was constrained by the harsh Indonesian reality, limited resources, a weak military, and absence of political influence. His successor

Joko Widodo has been more concerned with economic matters and domestic politics Indonesian regional leadership declines further

The History and Policy Debate of Broadcasting Reform in Post-Suharto Indonesia Muhammad Thaufan Arifuddin , This book addresses the historical evolution of Indonesian broadcasting media its regulatory debates and the role of KPI in media democratization The broadcasting sector transitioned from a revolutionary tool under Sukarno to a controlled political instrument under Suharto with TVRI and RRI as state agents Suharto s regime imposed strict media regulations leading to the press s resistance and the eventual media liberalization under Habibie The enactment of the Broadcasting Law No 32 2002 aimed to balance national interests and media freedom Key debates arose from the media s unique political and economic role Initially civil society and media advocates supported the new law while private networks resisted Despite the ratification of the law subsequent legal challenges diluted KPI s regulatory authority shifting key powers to the government This struggle highlighted the lack of political will to fully support media democratization The ongoing debates involve KPI s efforts to navigate regulatory complexities the influence of civil society waning and media networks lobbying through political avenues KPI s role in fostering media democratization has been significant but constrained by limitations in regulating media ownership due to conflicts among KPI the government and media businesses Despite these obstacles KPI continues to advocate for media content diversity public participation and media literacy This chapter concludes that the dynamic interplay of market forces civil society and the state is crucial for democratic broadcasting in Indonesia with KPI playing a central role in this ongoing process

Chinese Identity in Post-Suharto Indonesia Chang-Yau Hoon, 2011 Aims to unpack the complex meanings of Chineseness in post 1998 Indonesia including the ways in which the policy of multiculturalism enabled such a resurgence the forces that shaped it and the possibilities for resinicisation This book examines ethnic Chinese self identify

Chinese Indonesians in Post-Suharto Indonesia Wu-Ling Chong, 2018-10-02 Selfish obscenely rich insular and opportunistic these remain how Chinese minorities in Indonesia are perceived by the indigenous population However far from being passive victims of discrimination and marginalisation Chong presents a forceful case in which Chinese Indonesians possess the agency to shape their future in the country particularly in the changing political business and socio cultural environment after the fall of Suharto While a lack of good governance that promotes the rule of law and accountability allows or even encourages some Chinese to maintain the status quo by perpetuating corrupt business practices inherited from Suharto s New Order regime there are other Chinese Indonesians who make full use of the democratic space opened up under the new administrations acting as agents of reform by participating in electoral politics and establishing inter ethnic socio cultural organisations Building on Anthony Giddens s structure agency theory and Pierre Bourdieu s notions of habitus and field Chong shows that the Chinese minorities have played an active role in the democratic process even though they continue to occupy an ambivalent position in Indonesia The Chinese Indonesians diverse strategies to safeguard their personal interests and cultural identities make a stimulating case

study of what an ethnic minority could do to make a difference Backed by formidable research Chong has produced an intriguing and original view of the political social and economic activity of the still precariously placed Chinese minority in Indonesia Donald L Horowitz Duke University author of *Constitutional Change and Democracy in Indonesia* In this illuminating study Chong traces the political economy of Indonesia's ethnic Chinese minority as they navigate the country's post 1998 politics which is more free but still lacks strong rule of law Focusing especially on Medan and Surabaya she analyses how some have strongly supported reforms while many continue old practices of surviving and profiting by participating in massive corruption and extortion Jeffrey A Winters Northwestern University author of *Oligarchy*
