The Politics of Race, Gender and Sexuality in The Walking Dead Elizabeth Erwin,Dawn Keetley,2018-08-22 From the beginning both Robert Kirkman s comics and AMC s series of The Walking Dead have brought controversy in their presentations of race gender and sexuality Critics and fans have contended that the show s identity politics have veered toward the decidedly conservative offering up traditional understandings of masculinity femininity heterosexuality racial hierarchy and white supremacy This collection of new essays explores the complicated nature of relationships among the story s survivors In the end characters demonstrate often surprising shifts that consistently comment on identity politics Whether agreeing or disagreeing with critics these essays offer a rich view of how gender race class and sexuality intersect in complex new ways in the TV series and comics

Raising the Living Dead Alberto Ortiz Díaz,2023-03-08 An eye opening look at how incarcerated people health professionals and others behind and beyond bars came together to problem solve incarceration Raising the Living Dead is a history of Puerto Rico s carceral rehabilitation system that brings to life the interactions of incarcerated people their wider social networks and health care professionals Alberto Ortiz D az describes the ways that multiple communities of care came together both inside and outside of prisons to imagine and enact solution oriented cultures of rehabilitation from the 1930s to the 1960s Scientific and humanistic approaches to well being were deliberately fused to raise the living dead an expression that reemerged in the modern Caribbean to refer to prisoners These reform groups sought to raise incarcerated people physically mentally socially spiritually and civically The book is based on deep original archival research into the Oso Blanco White Bear penitentiary in Puerto Rico yet it situates its study within Puerto Rico s broader carceral archipelago and other Caribbean prisons The agents of this history include not only physical health professionals but also psychologists and psychiatrists social workers spiritual and religious practitioners and of course the prisoners and their families By following all these groups and emphasizing the interpersonal exercise of power Ortiz D az tells a story that goes beyond debates about structural and social control The book addresses key issues in the history of prisons and the histories of medicine and belief including how prisoners different racial class and cultural identities shaped their incarceration and how professionals living in a colonial society dealt with the challenge of rehabilitating prisoners for citizenship Raising the Living Dead is not just about convicts their immediate interlocutors and their contexts however but about how together these open a window into the history of social uplift projects within the neo colonial societies of the Caribbean There is no book like this in Caribbean historiography few examine these themes in the larger literature on the history of prisons
