Tipu Sultan-The Tyrant of Mysore Sandeep Balakrishna,2013-12-28 This book is part of a series of books aimed at disseminating the accurate history of India drawn from the primary sources History writing especially about the medieval Muslim rule has been fraught with political correctness controversy and in several cases downright falsification This has occurred mostly with official state patronage As a result any attempts to correct this course has been virulently opposed with the result that most urban educated Indians have now internalized a politically correct version of Indian history The history of Tipu Sultan too stands as a glaring instance of this distorted historical narrative Indeed we have seen read and heard about a lot of people claiming to be freedom fighters and receiving pensions from the Government Several of these worthies would not have been born before Independence yet they succeed in such blatant manipulations There are instances of portraying certain rulers and chieftains as true heroes who fought against the British Empire One such ruler happens to be Tipu Sultan Tipu Sultan is widely known as the Tiger of Mysore Indeed the image of Tipu battling a tiger barehanded crosses the mind whenever his name is mentioned But is this the truth Was Tipu Sultan truly the warrior as he has been portrayed What exactly is his record of fighting the British Was he really a freedom fighter as is widely claimed Sandeep Balakrishna in this well researched book explores both the myths and the truth surrounding Tipu Sultan A must read for those who wish to learn the true story of Tipu Sultan

Rise of the Bourgeoisie, Demise of Empire Fatma Muge Gocek,1996-02-01 What are the causes of imperial decline This work studies the Ottoman empire in the 18th and 19th centuries to argue that the Ottoman imperial decline resulted from a combination of Ottoman internal dynamics

with external influences Specifically it contends that the split within the Ottoman social structure across ethno religious lines interacted with the effects of war and commerce with the West to produce a bifurcated Ottoman bourgeoisie This bourgeoisie divided into disparate commercial and bureaucratic elements was able to challenge the sultan but was ultimately unable to salvage the empire Instead the Ottoman empire was replaced by the Turkish nation state and others in the Balkans and the Middle East This work will appeal to students of sociology and Ottoman studies
