Sultans In Aden:

Sultans of Aden Gordon Waterfield,1968 **The Sultan's Yemen** Caesar E. Farah,2002-04-26 In the 19th century when the Ottoman Empire restored direct rule over Yemen the resulting turmoil came to threaten the security of the entire Arabian Peninsula This book describes the various military campaigns to regain control over Yemen surveying the increased foreign encroachments by the British in the south and the Italians through the Red Sea and the revolts of the Zaidi Imams and Isma ili tribes Using previously unknown archival material this history of political rivalries and challenges confronting Ottoman Yemen in the 19th century should prove useful for scholars and students *Promised Lands* Jonathan Parry,2024-12-10 A major history of the British Empire s early involvement in the Middle East Napoleon s invasion of Egypt in 1798 showed how vulnerable India was to attack by France and Russia It forced the British Empire to try to secure the two routes that a European might use to reach the subcontinent through Egypt and the Red Sea and through Baghdad and the Persian Gulf *Promised Lands* is a panoramic history of this vibrant and explosive age Charting the development of Britain s political interest in the Middle East from the Napoleonic Wars to the Crimean War in the 1850s Jonathan Parry examines the various strategies employed by British and Indian officials describing how they sought influence with local Arabs Mamluks Kurds Christians and Jews He tells a story of commercial and naval power boosted by the arrival of steamships in the 1830s and discusses how classical and biblical history fed into British visions of what these lands might become The region was subject to the Ottoman Empire yet the sultan s grip on it appeared weak Should Ottoman claims to sovereignty be recognised and exploited or ignored and opposed Could the Sultan s government be made to support British objectives or would it always favour France or Russia *Promised Lands* shows how what started as a geopolitical contest became a drama about diplomatic competition religion race and the unforeseen consequences of history *Accounts and Papers* Great Britain. Parliament. House of Lords,1839 *A Collection of Treaties, Engagements, and Sanads Relating to India and Neighbouring Countries* India. House of Commons,1874 *Arabia Without Sultans* Fred Halliday,2013-10-04 Fred Halliday writes The Arab Middle East is probably the most misunderstood of all regions the one with the longest history of contact with the west yet it is probably the one least understood Part of the misunderstanding is due to the romantic mythology that has long appeared to shroud the deserts of the peninsula Where old myths have broken down new ones have absorbed them or taken their place Now the Sheikh of Arabia has stepped down from his camel Instead through the delusive lens of the energy crisis he is seen to be riding a Cadillac and squeezing the powerless Western consumer of oil First

published in the 1970s *Arabia Without Sultans* retains its validity for the present as it analyses the Arabian peninsula and Iran within the global context of western post colonial strategy and the political economy of oil Halliday offers a thorough study of the history the politi and the economi of this region in an ambitious encompassing and entertaining manner This classic work remains indispensable for students academi and all those who wish to have a greater understanding of the Arabian peninsula A well documented work written by an author who knows the language of the area Maxime Rodinson Halliday provides an unusual view point and a well documented description of the history of these states Middle East International Anyone interested in this area will want to read this International Affairs A most valuable account of the developments which have taken place in the Arab Gulf over the last hundred years Tariq Ali *The Encyclopaedia Britannica, Or Dictionary of Arts, Sciences, and General Literature* ,1853
