Sultans Of Aden:

Sultans of Aden Gordon Waterfield, 1968 **The Sultan's Yemen** Caesar E. Farah, 2002-04-26 In the 19th century when the Ottoman Empire restored direct rule over Yemen the resulting turmoil came to threaten the security of the entire Arabian Peninsula This book describes the various military campaigns to regain control over Yemen surveying the increased foreign encroachments by the British in the south and the Italians through the Red Sea and the revolts of the Zaidi Imams and Isma'ili tribes Using previously unknown archival material this history of political rivalries and challenges confronting Ottoman Yemen in the 19th century should prove useful for scholars and students

Promised Lands Jonathan Parry, 2024-12-10 A major history of the British Empire's early involvement in the Middle East Napoleon's invasion of Egypt in 1798 showed how vulnerable India was to attack by France and Russia It forced the British Empire to try to secure the two routes that a European might use to reach the subcontinent through Egypt and the Red Sea and through Baghdad and the Persian Gulf Promised Lands is a panoramic history of this vibrant and explosive age Charting the development of Britain's political interest in the Middle East from the Napoleonic Wars to the Crimean War in the 1850s Jonathan Parry examines the various strategies employed by British and Indian officials describing how they sought influence with local Arabs Mamluks Kurds Christians and Jews He tells a story of commercial and naval power boosted by the arrival of steamships in the 1830s and discusses how classical and biblical history fed into British visions of what these lands might become The region was subject to the Ottoman Empire yet the sultan's grip on it appeared weak Should Ottoman claims to sovereignty be recognised and exploited or ignored and opposed Could the Sultan's government be made to support British objectives or would it always favour France or Russia Promised Lands shows how what started as a geopolitical contest became a drama about diplomatic competition religion race and the unforeseen consequences of history

Arabia Without Sultans Fred Halliday, 2013-10-04 Fred Halliday writes The Arab Middle East is probably the most misunderstood of all regions the one with the longest history of contact with the west yet it is probably the one least understood Part of the misunderstanding is due to the romantic mythology that has long appeared to shroud the deserts of the peninsula Where old myths have broken down new ones have absorbed them or taken their place Now the Sheikh of Arabia has stepped down from his camel Instead through the delusive lens of the energy crisis he is seen to be riding a Cadillac and squeezing the powerless Western consumer of oil First published in the 1970s Arabia Without Sultans retains its validity for the present as it analyses the Arabian peninsula and Iran within the global context of western post colonial strategy and the political economy of oil Halliday offers a thorough study of the history the politics and the economy of this region in an ambitious encompassing and entertaining manner This classic work remains indispensable for students academics and all those who wish to have a greater understanding of the Arabian peninsula A well documented work written by an author who knows the language of the area Maxime Rodinson Halliday provides an unusual view point and a well documented description of the history of these states

Ahram, 2019-01-09 Since 2011 civil wars and state failure have wracked the Arab world underlying the misalignment between national identity and political borders In *Break all the Borders* Ariel I Ahram examines the separatist movements that aimed to remake those borders and create new independent states With detailed studies of the Islamic State in Iraq and Syria the federalists in eastern Libya the southern resistance in Yemen and Kurdish nationalist parties Ahram explains how separatists captured territory and handled the tasks of rebel governance including managing oil exports electricity grids and irrigation networks Ahram emphasizes that the separatism arose not just as an opportunistic response to state collapse Rather separatists drew inspiration from the legacy of Woodrow Wilson and ideal of self determination They sought to reinstate political autonomy that had been lost during the early and mid twentieth century Speaking to the international community separatist promised a more just and stable world order In Yemen Syria Iraq and Libya they served as key allies against radical Islamic groups Yet their hopes for international recognition have gone unfulfilled Separatism is symptomatic of the contradictions in sovereignty and statehood in the Arab world Finding ways to integrate instead of eliminate separatist movements may be critical for rebuilding regional order **Accounts and Papers** Great Britain. Parliament. House of Lords, 1839 *Islamic Fundamentalism* Abdel Salam Sidahmed, 2018-02-07 The phenomenon of political Islam continues to dominate the political and social map of the Arab world with the increasingly open struggle between ruling elites and Islamists becoming the main source of political instability in many states This volume offers an in depth analysis of the rise of Islamic and fundamentalist movements in the Middle East and North Africa Through detailed case studies the contributors examine the various manifestations of political Islam highlighting differences across movements and evaluating the varying circumstances in which they arise They also assess the influence of such movements on the emerging post Cold War order in the region and consider questions of a general nature such as Islamic state theories and the impact of Islamism on international relations *On the Edge of Empire* Linda Boxberger, 2012-02-01 Offering a new perspective on a little studied society *On the Edge of Empire* examines the gradual incorporation of the Qu ayti and Kathiri sultanates of Hadhramawt in the southern Arabian Peninsula into the British Empire during the late nineteenth and early twentieth centuries Boxberger shows how changes in political and social institutions fostered contestation at all levels from rivalries over territory and political power to heated debates over religious and educational reform to efforts to regulate wedding customs and women s dress Based on extensive fieldwork this ethnographic and historical narrative draws upon a wide variety of sources including British documents and accounts local documents manuscripts and rare printed materials extensive interviews with Hadhrami elders from all walks of life and proverbs poetry and tribal lore Clearly written and richly textured this book is a welcome contribution to the study of Yemen the historical ethnography of the Middle East and the literature on the Islamic societies of

the Indian Ocean littoral Islam and Political Development in Turkey Binnaz Toprak, 1981-01-01 Counter-Narratives M. Al-Rasheed, R. Vitalis, 2004-03-17 Saudi Arabia and Yemen are two countries of crucial importance in the Middle East and yet our knowledge about them is highly limited while typical ways of looking at the histories of these countries have impeded understanding Counter Narratives brings together a group of leading scholars of the Middle East using new theoretical and methodological approaches to cross examine standard stories whether as told by Westerners or by Saudis and Yemenis and these are found wanting The authors assess how grand historical narratives such as those produced by states and colonial powers are currently challenged by multiple historical actors a process which generates alternative narratives about identity the state and society
