Try to Remember Judith Freeland, 2005-11 *Try to Remember* is a six year journey through the memories and musings of a man diagnosed with Alzheimer's It opens with a moment of Greg's forgetfulness an early symptom of the disease that would exile him to a nursing home for the rest of his life Mostly it is stories told to anyone who would listen of his boyhood in the early 20th century in a small village in Minnesota spending summers from the age of ten with harvest crews throughout the grain belt states his early adulthood during the Great Depression and the less trumpeted dust bowl years when jobs were scarce and ill paid He remembers his joys during courtship marriage and fatherhood his triumphs as an entrepreneur involved on the fringes of Canadian politics his love of horses His mind returns again and again to summers at the family lake cottage the night a bear raided the icebox the day he feared a daughter had drowned the night the Northern Lights spectacularly outshone Fourth of July fireworks The memories are funny and sad exciting and mundane terrifying and comforting As scattered as his memories is his fleeting awareness that his mind was failing him Romance Fiction Kristin Ramsdell, 2012-03-02 A comprehensive guide that defines the literature and the outlines the best selling genre of all time romance fiction More than 2 000 romances are published annually making it difficult for fans and the librarians who advise them to keep pace with new titles emerging authors and constant evolution of this dynamic genre Fortunately romance expert and librarian Kristin Ramsdell provides a definitive guide to this fiction genre that serves as an indispensable resource for those interested in it including fans searching for reading material as well as for library staff scholars and romance

writers themselves This title updates the last edition of Romance Fiction A Guide to the Genre published in 1999 While the emphasis is on newer titles many of the important older classics are retained keeping the focus of the book on the entire genre instead of only those titles published during the last decade Specific changes include new chapters on linked and continuing romances a new section on Chick Lit in the Contemporary Romance chapter an expansion of coverage on the alternative reality subset This is THE romance genre guide to have VISTA Volunteer, 1966 A Place to Belong Gerald L. Pocius, 2000 A Place to Belong is a profusely illustrated intimate contemporary portrait of Calvert a three hundred year old fishing village on Newfoundland's southern shore Often using its residents own words Gerald Pocius describes in detail the continual creative encounters between past and present between individual and community that make up daily life in Calvert By accepted standards of tradition Calvert's culture is declining Old structures are regularly torn down or renovated antique household items are replaced with modern conveniences Pocius argues however that the tangible expressions of a culture can be misleading Calvert's essence is not in the things owned and used by its residents but in the spaces in which those things abide and in the attitudes values and obligations that delineate the order of those spaces From woodlands water and fields to yards gardens and homes Calvert's physical and social structure is governed by shared concerns about the community's livelihood and welfare As a resident of Calvert puts it Where you're working in the same space with people you know it's just not practical to be falling out with everyone The sense of community that pervades Calvert is best exemplified by its annual draw for fishing berths Because productivity varies among offshore fishing grounds there is no private ownership of fishing rights Rather a lottery instituted in 1919 ensures each family the same chances for periodic access to the best fishing berths The draw continues until all the fishing berths are awarded but it is common for a family to opt out once they have drawn enough good berths There are also instances of the most successful fishing operations sharing their catches From his observations of Calvert's people at work and leisure Pocius provides evidence to confirm the viability and durability of their culture He reveals that standard assumptions about culture are inadequate particularly those based on the primacy of artefacts and on sharp dichotomies between tradition and modernity Calvert he shows belies our notion that declining cultural values and social segmentation are unavoidable side effects of modernisation and a rise in material well being A Place to Belong will promote a constructive scepticism about the ways we perceive and interpret cultures and most important will remind us of what it really means to belong to a place

Toward a Common Hope Robert Allan Hill, 2018-11-21 Our churches and our country long for an expression of common hope. Over the last century, venerable voices in affirmation of a common faith and a common ground have been lifted and heard in Boston such as those of John Dewey and Howard Thurman. The Dean of Marsh Chapel, Robert Allan Hill, has preached on themes related to a common hope since 2006. Hill has lifted the theology of hope of a common hope at the marrow of the gospel. We cherish our forebears who taught about a common faith and preached a common ground. In church and culture today in America, it is the prospect of a lasting, sturdy, shared hope more purple than either blue or red for which we hunger. The sermons about a common hope collected here were preached at the Chautauqua Institution in August of 2017.

Finding Emma Edmund J. Metz, 2015-03-19 Finding Emma is a fantastic story of adventure and love intertwined with the true historical events of the 1860s American West and the clash of white and Native American cultures. The fictional couple Bob and Emma, like thousands of emigrants, is thrust into this sometimes violent period where their strength of character, their hope, and their love for each other get tested by the transforming events brought on by the civil war and the clash of white and Native cultures on the Great Plains. While many of the historical events of this period have been recorded, the lives and stories of many thousands of Native Americans, mountain men, traders, freighters, emigrants, farmers, and soldiers have been lost to history. This book invites you to follow the trials and tribulations of our fictional couple as they travel on the Santa Fe Trail to the emerging trading markets of the Southwest, only to be derailed by renegade Comanche and Sioux who attack their wagon train and change their lives forever. The story is set against the actual historical events and places of the period and will keep you spellbound until the dramatic and violent conclusion of Bob and Emma's odyssey.
