The Didache In Modern Research Arbeiten Zur Geschichte Des Antiken Judentums Und Des Urchristentums 37:

Jesus Tradition in the Apostolic Fathers Stephen E. Young, 2011 This dissertation reevaluates the tradition of Jesus sayings in the Apostolic Fathers in light of the growing recognition of the impact of orality upon early Christianity and its writings At the beginning of the last century it was common to hold that the Apostolic Fathers made wide use of the canonical Gospels While a number of studies have since called this view into question many of them simply replace the theory of dependence upon canonical Gospels with one of dependence upon other written sources No full scale study of Jesus tradition in the Apostolic Fathers has been published which takes into account the last four decades of new research into oral tradition in the wake of the pioneering work of Milman Parry and Albert Lord Based on this new research the present dissertation advances the thesis that an oral traditional source best explains the form and content of the explicit appeals to Jesus tradition in the Apostolic Fathers that predate 2 Clement In the course of the discussion attention is drawn to the ways in which the Jesus tradition in the Apostolic Fathers informs our understanding of the use of oral tradition in Christian antiquity

Matthew and the Didache H.W.M. van den Sandt, 2021-10-11 The Didache or Doctrine of the Twelve Apostles is an important source for our knowledge of early Christianity The Didache demonstrates that we should understand nascent Christianity and early Judaism as sharing to a large extent the same traditions The volume throws fresh light on the Jewishness of the Two Ways teaching in Didache 1 6 It presents a cautious reconstruction of the Jewish prototype of the Two Ways and traces the Jewish life situation in which the instruction could emerge and flourish This attempt is important as it provides us with a Jewish source and its transmission underlying Christian and Jewish writings For example it is shown how acquaintance with these traditional materials benefits our perception of the antithetical section in Matthew 5 17 48 In the field of liturgical studies a significant contribution is made to the discussion of Didache 7 10 It improves our understanding of the Jewish provenance and historical development of Baptism and the Eucharist The book also presents an intriguing look into the redactional stages behind the materials about church discipline The ministry of itinerant apostles and prophets moving from town to town and their settling down in the community is considered in the perspective of the larger environment of Jewish religious and cultural history This volume will prove indispensable for all those engaged in the study of early Judaism the New Testament Patristics the origins of Christian liturgy and early Church history in general

Matthew and the Mishnah Akiva Cohen, 2016-06-10 Akiva Cohen investigates the general research question how do the authors of religious texts reconstruct their community identity and ethos in the absence of their central cult His particular socio historical focus of this more general question is how do the respective authors of the Gospel according to Matthew and the editor s of the Mishnah redefine their group identities following the destruction of the Second Temple Cohen further examines how after the Destruction both the Matthean and the Mishnaic communities found and articulated their renewed community bearings and a new sense of vision through each of their respective author redactor s foundational texts The

context of this study is thus that of an inner Jewish phenomenon two Jewish groups seeking to re establish their community identity and ethos without the physical temple that had been the cultic center of their cosmos **Routledge Handbook of Jewish Ritual and Practice** Oliver Leaman,2022-07-08 Ritual and practice are some of the most defining features of religion linked with its central beliefs Discussing the wide range of Jewish ritual and practice this volume provides a contemporary guide to this significant aspect of religious life and experience Drawing on a wide range of disciplines this volume describes not only what takes place but the reasons behind this and the implications both the theory and practice have for our understanding of Judaism Organized in terms of texts periods practices languages and relationships with the other the book includes accounts of prayer food history synagogues and the various legal and ideological debates that exist within Judaism with the focus on how they influence practice Coming at a time of renewed interest in the role of the body in religion this book aims to bring the theoretical and scriptural issues which arise in this area of Jewish life and culture up to date This volume is aimed at students and researchers working in Jewish studies specifically and religious studies in general Designed to be helpful to those on courses in relevant areas especially in the United States this book includes substantial bibliographical material *Early Christian Ethics in Interaction with Jewish and Greco-Roman Contexts* Jan Willem van Henten,Joseph Verheyden,2012-11-29 In *Early Christian Ethics in Interaction with Jewish and Greco Roman Contexts* experts from various fields analyze the process of transformation of early Christian ethics because of the ongoing interaction with Jewish Greco Roman and Christian traditions **Longing for Perfection in Late Antiquity** ,2023-11-20 How on earth can humans be perfect The striving for perfection has always occupied a central place in ancient Greek culture This dynamics urged the Greeks on to surpass themselves in different fields from sculpture and architecture over athletics to philosophy In this volume an international group of scholars examines how the ideal of perfection was conceived and pursued in Late Antiquity both within philosophical circles and Christianity Their studies yield a fascinating panorama of various attempts to bridge the unbridgeable and assimilate our frail imperfect human nature as far as possible to divine perfection Johannine Studies 1975-2017 Francis J. Moloney,2017-03-13 The voice of Francis J Moloney has been heard in Johannine studies for many decades This volume gathers shorter journal articles from a publishing career that began in 1975 placing them together with new studies that appear for this first time and thus complementing Moloney s already well known commentary and scholarly monographs on the Fourth Gospel The author s work has encompassed all areas of Johannine scholarship the world that produced and first received the Fourth Gospel its theology and Christology and critical analysis of much discussed passages Well known for his extensive use of narrative and reader response criticism Francis J Moloney has in more recent years developed an interpretation of the gospel which suggests that the author s of this narrative regarded their work as the completion of scripture This unique collection therefore not only provides the past publications of a significant Johannine scholar but also reflects the development of Johannine scholarship from 1975 until today Issues in Eucharistic Praying in

East and West Maxwell E. Johnson, 2011-01-01 This collection provides several state of the question essays on current research in a variety of Eucharistic prayers in the Churches of East and West including attention to other issues of Eucharistic praying and theology In addition to essays by already recognized scholars in the field this collection also introduces readers to a new generation of liturgiologists who are emerging within the academy as notable contributors to the field of liturgical studies For students and teachers of liturgy indeed for all who seek solid and up to date scholarship on Eucharistic liturgy and theology this volume offers an ecumenical guide from New Testament texts through Addai and Mari the so called Apostolic Tradition and Roman Canon through the diversity of Eastern and Oriental Orthodox anaphoras up to and including the sources for the prefaces of the Missal of Paul VI Close attention is also given to questions such as the origins of the Sanctus Eucharistic consecration as well as other historical and theological questions from within Eucharistic praying

Jewish-Christianity and the History of Judaism Annette Yoshiko Reed, 2018-07-12 Jewish Christianity is a contested category in current research But for precisely this reason it may offer a powerful lens through which to rethink the history of Jewish Christian relations Traditionally Jewish Christianity has been studied as part of the origins and early diversity of Christianity Collecting revised versions of previously published articles together with new materials Annette Yoshiko Reed reconsiders Jewish Christianity in the context of Late Antiquity and in conversation with Jewish studies She brings further attention to understudied texts and traditions from Late Antiquity that do not fit neatly into present day notions of Christianity as distinct from Judaism In the process she uses these materials to probe the power and limits of our modern assumptions about religion and identity

The Apostolic Fathers Michael W. Holmes, 2007-11 A contemporary version of important early Christian texts that are not included in the New Testament The translation Greek texts introduction notes and bibliographies are freshly revised
