The Dillen Memories Of A Man Of Stratford On Avon:

The Dillen George Hewins,1983 **The Dillen** George Henry Hewins,Angela Hewins,1994-01-01 George Hewins was the dillen the runt of the litter born in Stratford upon Avon at the zenith of the Victorian era His story is told in his own words as he was approaching his 100th year He was born into a very poor family where crafty was a word of praise *The Dillen* Angela Hewins,1986 **New Theatre Quarterly 69: Volume 18, Part 1** Clive Barker,Simon Trussler,2002-12-12 Provides an international forum where theatrical scholarship and practice can meet **Blackface Minstrelsy in Britain** Michael Pickering,2017-07-05 Blackface minstrelsy is associated particularly with popular culture in the United States and Britain yet despite the continual two way flow of performers troupes and companies across the Atlantic there is little in Britain to match the scholarship of blackface studies in the States This book concentrates on the distinctively British trajectory of minstrelsy The historical study and cultural analysis of minstrelsy is important because of the significant role it played in Britain as a form of song music and theatrical entertainment Minstrelsy had a marked impact on popular music dance and other aspects of popular culture both in Britain and the United States Its impact in the United States fed into significant song and music genres that were assimilated in Britain from ragtime and jazz onwards but prior to these influences minstrelsy in Britain developed many distinct features and was adapted to operate within various conventions themes and traditions in British popular culture Pickering provides a convincing counter argument to the assumption among writers in the United States that blackface was exclusively American and its British counterpart purely imitative Minstrelsy was not confined to its value as song music and dance Jokes at the expense of black people along with demeaning racial stereotypes were integral to minstrel shows As a form of popular entertainment British minstrelsy created a cultural low Other that offered confirmation of white racial ascendancy and imperial dominion around the world The book attends closely to how this influence on colonialism and imperialism operated and proved ideologically so effective At the same time British minstrelsy cannot be reduced to its racist and imperialist connections Enormously important as those connections are Pickering demonstrates the complexity of the subject by insisting that the minstrel show and minstrel performers are understood also in terms of their own theatrical dynamics t Thinking about Oral History Thomas L. Charlton,Lois E. Myers,Rebecca Sharpless,2007-10-15 Part III and IV of Handbook of Oral History now available in paper for classroom use *History of Oral History* Thomas Lee Charlton,Lois E. Myers,Rebecca Sharpless,2007 Gathered here are parts I and II of the Handbook of Oral History which set the benchmark for knowledge of the field The eminent contributors discuss the history and methodologies of a field that once was the domain of history scholars who were responding to trends within the academy but which has increasingly become democratized and widely used outside the realm of historical research This handbook will be both a traveling guide and essential touchstone for anyone fascinated by this dynamic and expanding discipline **The ^AVoice of the Past** Paul Thompson,2017-02-24 Oral history and life stories through recording the experiences of people of all kinds invigorate both

past and present broadening life's base with unique testimony from hidden spheres of experience such as family relationships the informal culture of work or the lives of migrants This fully revised fourth edition of Paul Thompson's classic *The Voice of the Past* offers an invaluable tool for anyone using this approach Genealogies in the Library of Congress Marion J. Kaminkow, 2012-09 A complement to genealogies in the Library of Congress t p of fifth v *Late Victorian Britain 1875-1901* J.F.C. Harrison, 2013-06-17 Drawing heavily on the recollections and literature of the people themselves Harrison places late Victorian Britain firmly in its social and political context
