The Dragon In The Land Of Snows A History Of Modern Tibet Since 1947:

The Dragon in the Land of Snows Tsering Shakya, 1999 A history of modern Tibet discussing the efforts of Tibetan leaders to maintain the country's independence in the face of increasing political pressures **Singer of the Land of Snows**

Rachel H. Pang, 2024-03-13 The singular role of Shabkar in the development of the idea of Tibet Shabkar 1781-1851 the Singer of the Land of Snows was a renowned yogi and poet who through his autobiography and songs developed a vision of Tibet as a Buddhist imagined community By incorporating vernacular literature providing a narrative mapping of the Tibetan plateau reviving and adapting the legend of Tibetans as Avalokiteśvara's chosen people and promoting shared Buddhist values and practices Shabkar's concept of Tibet opened up the discursive space for the articulation of modern forms of Tibetan nationalism Employing analytical lenses of cultural nationalism and literary studies Rachel Pang explores the indigenous epistemologies of identity community and territory that predate contemporary state-centric definitions of nation and nationalism in Tibet and provides the definitive treatment of this foundational figure *The Politics of Sorrow* Tsering Wangmo Dhompas, 2025-02-18 The Dalai Lama escaped from Tibet in 1959 after its occupation by China and established a government in exile in India There Tibetan leaders aimed to bring together displaced people from varied religious traditions and local loyalties under the banner of unity To contest Chinese colonization and stand up for self-determination Tibetan refugees were asked to shed regional allegiances and embrace a vision of a shared national identity The Politics of Sorrow tells the story of the Group of Thirteen a collective of chieftains and lamas from the regions of Kham and Amdo who sought to preserve Tibet's cultural diversity in exile They established settlements in India in the mid 1960s with the goal of protecting their regional and religious traditions setting them apart from the majority of Tibetan refugees who saw a common tradition as the basis for unifying the Tibetan people Tsering Wangmo Dhompas traces these different visions for Tibetan governance and identity juxtaposing the Tibetan government in exile's external struggle for international recognition with its lesser known internal struggle to command loyalty within the diaspora She argues that although unity was necessary for democracy and independence it also drew painful boundaries between those who belonged and those who didn't Drawing on insightful interviews with Tibetan elders and an exceptional archive of Tibetan exile texts The Politics of Sorrow is a compelling narrative of a tumultuous time that reveals the complexities of Tibetan identities then and now **The Story of Tibet**

Thomas Laird, 2018-09-01 A memorable and vivid history lesson about a remote mysterious place that in terms of its sheer survival has implications for our own lives The Times Picayune Over the course of three years journalist Thomas Laird spent more than sixty hours with His Holiness the Dalai Lama in candid one-on-one interviews that ranged widely covering not only the history of Tibet but science reincarnation and Buddhism Laird brings these meetings to life in this vibrant monumental work that outlines the essence of thousands of years of civilization myth and spirituality Tibet's story is rich with tradition and filled with promise It begins with the Bodhisattva Chenrizi The Holy One whose spirit many Tibetans believe resides

Pioneer in Tibet Douglas Wissing,2015-03-17 Dr Albert Shelton was a medical missionary and explorer who spent nearly twenty years in the Tibetan borderlands at the start of the last century During the Great Game era the Sheltons sprawling station in Kham was the most remote and dangerous mission on earth Raising his family in a land of banditry and civil war caught between a weak Chinese government and the British Raj Shelton proved to be a resourceful frontiersman One of the West s first interpreters of Tibetan culture during the course of his work in Tibet he was praised by the Western press as a family man revered doctor respected diplomat and fearless adventurer To the American public Dr Albert Shelton was Daniel Boone Wyatt Earp and the apostle Paul on a new frontier Driven by his goal of setting up a medical mission within Lhasa the seat of the Dalai Lama and a city off limits to Westerners for hundreds of years Shelton acted as a valued go between for the Tibetans and Chinese Recognizing his work the Dalai Lama issued Shelton an invitation to Lhasa Tragically while finalizing his entry Shelton was shot to death on a remote mountain trail in the Himalayas Set against the exciting history of early twentieth century Tibet and China Pioneer in Tibet offers a window into the life of a dying breed of adventurer

To the End of Revolution Xiaoyuan Liu,2020-07-07 The status of Tibet is one of the most controversial and complex issues in the history of modern China In To the End of Revolution Xiaoyuan Liu draws on unprecedented access to the archives of the Chinese Communist Party to offer a groundbreaking account of Beijing s evolving Tibet policy during the critical first decade of the People s Republic Liu details Beijing s overarching strategy toward Tibet the last frontier for the Communist revolution to reach He analyzes how China s new leaders drew on Qing and Nationalist legacies as they attempted to resolve a problem inherited from their predecessors Despite acknowledging that religion ethnicity and geography made Tibet distinct Beijing nevertheless forged ahead zealously implementing socialist revolution while vigilantly guarding against real and perceived enemies Seeking to wait out local opposition before choosing to ruthlessly crush Tibetan resistance in the late 1950s Beijing eventually incorporated Tibet into its sociopolitical system The international and domestic ramifications however are felt to this day Liu offers new insight into the Chinese Communist Party s relations with the Dalai Lama ethnic revolts across the vast Tibetan plateau and the suppression of the Lhasa Rebellion in 1959 Placing Beijing s approach to Tibet in the contexts of the Communist Party s treatment of ethnic minorities and China s broader domestic and foreign policies in the early Cold War To the End of Revolution is the most detailed account to date of

Chinese thinking and acting on Tibet during the 1950s Tibet and Nationalist China's Frontier Hsiao-ting Lin, 2011-01-01
In this ground breaking study Hsiao Ting Lin demonstrates that the Chinese frontier was the subject neither of concerted aggression on the part of a centralized and indoctrinated Chinese government nor of an ideologically driven nationalist ethnopolitics. Instead, Nationalist sovereignty over Tibet and other border regions was the result of rhetorical grandstanding by Chiang Kai-shek and his regime. Tibet and Nationalist China's Frontier is invaluable for an understanding of past and present China-Tibet relations. Tibet and Nationalist China's Frontier makes a crucial contribution to the understanding of past and present China-Tibet relations. A counterpoint to erroneous historical assumptions, this book will change the way Tibetologists and modern Chinese historians frame future studies of the region. **Shadow States** Bérénice

Guyot-Réchard, 2017. This book explores Sino-Indian tensions from the angle of state building, showing how they stem from their competition for the Himalayan people's allegiance. Building New China, Colonizing Kokonor Gregory Rohlf, 2016-03-04. Building New China: Colonizing Kokonor Resettlement to Amdo and Qinghai in the 1950s examines rural resettlement to the Sino-Tibetan cultural borderlands in the 1950s. More than 100,000 eastern Han and Hui Chinese were sent to Qinghai province, known in Mongolian as Kokonor, and Amdo to Tibetans to plow up new fields in areas that were being incorporated into the Chinese state for the first time. The settlers were to bring their skilled labor, literacy, and modern thinking to backward Qinghai to fully exploit its natural resources of oil, natural gas, gold, and empty lands for the benefit of the industrializing nation. The book is a social and political history of resettlement, focusing on the people who were moved and the overall impact the program had on the province. It is a frontier history, but it also narrates a story of state building in modern China that spans the twentieth century and the opening years of the twenty-first. Resistant Hybridities Shelly Bhoil, 2020-11-12. With its analytic focus on the cultural production by Tibetans in exile, this volume examines contemporary Tibetan fiction, poetry, music, art, cinema, pamphlets, testimony, and memoir. The twelve case studies highlight the themes of Tibetans' self-representation, politicized national consciousness, religious and cultural heritages, and resistance to the forces of colonization. This book demonstrates how Tibetan cultural narratives adjust to intercultural influences and ongoing social and political struggles in exile.
