The Gorbachev Reader:

The Gorbachev Reader Joseph L. Wiczyński, 1993

An introduction to the history culture and politics of the world's largest country from the earliest written accounts of the Russian people to today

The Gorbachev Factor Archie Brown, 1997 The author writes about Gorbachev both as the statesman and as the man He explores how an ordinary man can become a world leader wielding enormous power

Japan's Response to the Gorbachev Era, 1985-1991 Gilbert Rozman, 2014-07-14 Gorbachev's transformation of both Soviet socialism and the Cold War world atmosphere kindled a far reaching debate in Japan Would Japan at last free itself of its secondary postwar standing Would a new Soviet system and world order soon be established Gilbert Rozman argues in Japan's Response to the Gorbachev Era that Japanese perceptions of the Soviet Union are distinctive and are helpful for understanding what will become an influential worldview Focusing on diverse opinion leaders and the relationship between the Japanese media policy making and public opinion Rozman shows how long standing negative images of Soviet socialism and militarism have been reconsidered since the mid 1980s His analysis treats burning issues such as the Northern Territories dispute the Soviet commitment to reform and the Soviet American relationship It also sheds light on Japanese views of Soviet history modernization and national character Such views reveal some of the building blocks for the emergent Japanese worldview Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Geopolitics Reader Simon Dalby, Paul Routledge, Gearóid Ó Tuathail, 2003-08 The Geopolitics Reader offers an interdisciplinary sourcebook of the most important political geographical historical and sociological readings of geopolitics in the late twentieth century The Reader is divided into five parts which draw on the most illuminating examples of imperial Cold War contemporary geopolitics new environmental themes and multiple resistances to the practices of geopolitics The editors provide comprehensive introductions and critical comment at the beginning of each part and visual geopolitical texts in the form of political cartoons are integrated throughout Encouraging exploration of divergent viewpoints of global conflict and change this invaluable compendium includes readings by Martin Luther King Vaclav Havel and George Bush

The Readers of Novyi Mir Denis Kozlov, 2013-06-10 In the Thaw following Stalin's death probing conversations about the nation's violent past took place in the literary journal Novyi mir New World Readers letters reveal that discussion of the Terror was central to intellectual and political life during the USSR's last decades Denis Kozlov shows how minds change even in a closed society

Close Reading the Anthropocene Helena Feder, 2021-06-09 Reading poetry and prose images and art literary and critical theory

science and cultural studies Close Reading the Anthropocene explores the question of meaning its importance and immanent potential for loss in the new geological epoch of the Anthropocene Both close reading and scientific ecology prioritize slowing down and looking around to apprehend similarities and differences to recognize and value interconnections Here close suggests careful attention to both the reading subject and read object Moving between places rocks plants animals atmosphere and eclipses this interdisciplinary edited collection grounds the complex relations between text and world in the environmental humanities The volume s wide ranging chapters are critical often polemical engagements with the question of the Anthropocene and the changing conversation around reading interpretation and textuality They exemplify a range of work from across the globe and will be of great interest to scholars and students of the environmental humanities ecocriticism and literary studies

The Cold War John Lamberton Harper,2011-05-27 The East West struggle for supremacy from 1945 to 1989 shaped the lives of hundreds of millions and brought the world to the brink of disaster on several occasions More than two decades on the debate over its causes and dynamics is far from over Drawing on the latest archival evidence and scholarly research prize winning historian John Lamberton Harper provides a concise briskly written assessment of the Cold War Why did it start and eventually envelope nearly every corner of the planet Why did it stay cold at least in its original European theatre Why did it end and who should take the credit Harper illuminates the deep seated behavioural patterns within both the Soviet Union and the United States the search for security through expansion and military might the belief in a messianic mission to uplift humanity but also a readiness to live and let live based on membership in a common state system and a shared interest in survival He stresses ways in which internal competitions for political power tilted both the U S and Soviet systems towards bellicosity and obsessive preparation for a hot war that no one seriously intended to begin It is a story of delusions of omnipotence and rash behavior punctuated by moments of redeeming statesmanship and self restraint Harper concludes that rather than triumphalism a clear look back at the Cold War s close calls with catastrophe and enormous cost in lives and treasure ought to evoke a sense of regret and humility as well as relief
