A Thematic Access-Oriented Bibliography of Jesus's Resurrection Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented

Bibliography of Jesus's Resurrection addresses these challenges in several ways. First, the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty-four subcategories which are designed to help you find the most relevant literature quickly and efficiently. Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views: theistic (e.g., Christian, Jewish, Muslim, etc.), agnostic, and nontheistic. The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives, allowing you to browse or find the one source accurately and with ease.

The Scriptures in the Gospels Christopher Mark Tuckett, 1997 This volume contains the papers from the 45th Colloquium Biblicum Lovaniense held in Leuven in 1996 The book comprises 14 invited papers as well as 21 offered papers read at the meeting The essays are all concerned with the use of Jewish scriptures in the gospels focusing on the individual gospels or on sources e.g. Q used by the evangelists The essays also reflect the growing significance in literary studies of the notion of intertextuality emphasizing the idea that texts can only be understood in relation to a network or matrix of other texts Most of the essays retain a historical critical approach focusing on the author of the NT texts concerned though with full awareness of the insights to be gained from other approaches to the texts Further full cognizance is taken of the new light being shed on the NT gospels by the evidence emerging from the hitherto unpublished Qumran scrolls with the newly available 4Q521 text being often discussed The essays all show the very great importance of the Jewish scriptures both in themselves and as interpreted by contemporary Jews for interpreting the NT gospels and their traditions This collection will be an invaluable resource for all those engaged in studying the gospels and their traditions especially in seeking to locate those texts within their contexts in Second Temple Judaism
