Chaos Angelo Vulpiani, 2010 Chaos from simple models to complex systems aims to guide science and engineering students through chaos and nonlinear dynamics from classical examples to the most recent fields of research The first part intended for undergraduate and graduate students is a gentle and self contained introduction to the concepts and main tools for the characterization of deterministic chaotic systems with emphasis to statistical approaches The second part can be used as a reference by researchers as it focuses on more advanced topics including the characterization of chaos with tools of information theory and applications encompassing fluid and celestial mechanics chemistry and biology The book is novel in devoting attention to a few topics often overlooked in introductory textbooks and which are usually found only in advanced surveys such as information and algorithmic complexity theory applied to chaos and generalization of Lyapunov exponents to account for spatiotemporal and non infinitesimal perturbations The selection of topics numerous illustrations exercises and proposals for computer experiments make the book ideal for both introductory and advanced courses Sample Chapter s Introduction 164 KB Chapter 1 First Encounter with Chaos 1 323 KB Contents First Encounter with Chaos The Language of Dynamical Systems Examples of Chaotic Behaviors Probabilistic Approach to Chaos Characterization of Chaotic Dynamical Systems From Order to Chaos in Dissipative Systems Chaos in Hamiltonian Systems Chaos and Information Theory Coarse Grained Information and Large Scale Predictability Chaos in Numerical and Laboratory Experiments Chaos in Low Dimensional Systems Spatiotemporal Chaos Turbulence as a Dynamical System Problem Chaos and Statistical Mechanics Fermi Pasta Ulam a Case Study Readership Students and researchers in science physics chemistry mathematics biology and engineering Regime and Periphery in Northern Yemen Barak A. Salmoni, Bryce Loidolt, Madeleine Wells, 2010-04-28 For nearly six years the government of Yemen has conducted military operations north of the capital against groups of its citizens known as Huthis In spite of using all means at its disposal the government has been unable to subdue the Huthi movement This book presents an in depth look at the conflict in all its aspects The authors detail the various stages of the conflict and map out its possible future trajectories *Deliverance from Slavery* Dick Boer, 2015-10-14 Delivery from slavery these words taken from a Dutch labour movement song perfectly map onto the Bible s central concern They are also similar to the Torah s key phrase I am YHWH your God who brought you out of Egypt out of the house of bondage Ex 20 2 The words are invoked here to serve as an axiom to be introduced into the modern period The watchword delivery from slavery translates the biblical message of the exodus from slavery into the theory and practice of a modern liberation movement The present work argues that biblical theology is the attempt to update the language of the message It searches for a language that attends to the concerns of today s world while preserving the concerns that originally motivated biblical language **The Cross** Lamed Shapiro, 2013-10-15 The skilled translators of this admirably edited volume offer English speaking readers the chance to savor this Yiddish author s tale telling power Harold Bloom Lamed Shapiro 1878 1948 was the author of groundbreaking

and controversial short stories novellas and essays Himself a tragic figure Shapiro led a life marked by frequent ocean crossings alcoholism and failed ventures yet his writings are models of precision psychological insight and daring Shapiro focuses intently on the nature of violence the mob violence of pogroms committed against Jews the traumatic aftereffects of rape murder and powerlessness the murderous event that transforms the innocent child into witness and the rabbi's son into agitator Within a society on the move Shapiro's refugees from the shtetl and the traditional way of life are in desperate search of food shelter love and things of beauty Remarkably and against all odds they sometimes find what they are looking for More often than not the climax of their lives is an experience of ineffable terror This collection also reveals Lamed Shapiro as an American master His writings depict the Old World struggling with the New extremes of human behavior combined with the pursuit of normal happiness Through the perceptions of a remarkable gallery of men women children of even animals and plants Shapiro successfully reclaimed the lost world of the shtetl as he negotiated East Broadway and the Bronx Union Square and vaudeville Both in his life and in his unforgettable writings Lamed Shapiro personifies the struggle of a modern Jewish artist in search of an always elusive home

Anglish/Yinglish Gene Bluestein,1998-01-01 For decades writers have celebrated the fruitful dialogue between English and Yiddish Here Gene Bluestein introduces Anglicized Yiddish in which a Yiddish word is integrated into English and English into Yiddish Featuring the words of some of America s most distinguished voices this updated second edition reveals the ways Yiddish has transformed the American language **Hot Pink** Adam Levin,2012-03-13 Adam Levin s debut novel The Instructions was one of the most buzzed about books of 2010 a sprawling universe of death defying sentences manic wit exciting provocations and simple human warmth Rolling Stone Now in the stories of Hot Pink Levin delivers ten smaller worlds shaken snow globes of overweight romantics legless prodigies quixotic dollmakers Chicagoland thugs dirty old men protective fathers balloon laden dumptrucks and walls that ooze gels Told with lust and affection karate and tenderness slapstickery ferocity and heart Hot Pink is the work of a major talent in his sharpest form Theological Dictionary of the Old Testament G. Johannes Botterweck,Helmer Ringgren,Heinz-Josef Fabry,1974 This multivolume work is still proving to be as fundamental to Old Testament studies as its companion set the Kittel Friedrich Theological Dictionary of the New Testament has been to New Testament studies Beginning with father and continuing through the alphabet the TDOT volumes present in depth discussions of the key Hebrew and Aramaic words in the Old Testament Leading scholars of various religious traditions including Roman Catholic Lutheran Reformed Anglican Greek Orthodox and Jewish and from many parts of the world Denmark France Germany Great Britain Greece Israel Italy the Netherlands Norway Sweden Switzerland and the United States have been carefully selected for each article by editors Botterweck Ringgren and Fabry and their consultants George W Anderson Henri Cazelles David Noel Freedman Shemaryahu Talmon and Gerhard Wallis The intention of the writers is to concentrate on meaning starting from the more general everyday senses and building to an understanding of theologically significant concepts To avoid artificially restricting the focus of the articles TDOT considers under each keyword the larger groups of words that are related linguistically or semantically The lexical work includes detailed surveys of a word s occurrences not only in biblical material but also in other ancient Near Eastern writings Sumerian Akkadian

Egyptian Ethiopic Ugaritic and Northwest Semitic sources are surveyed among others as well as the Qumran texts and the Septuagint and in cultures where no cognate word exists the authors often consider cognate ideas TDOT's emphasis though is on Hebrew terminology and on biblical usage The contributors employ philology as well as form critical and traditional historical methods with the aim of understanding the religious statements in the Old Testament Extensive bibliographical information adds to the value of this reference work This English edition attempts to serve the needs of Old Testament students without the linguistic background of more advanced scholars it does so however without sacrificing the needs of the latter Ancient scripts Hebrew Greek etc are regularly transliterated in a readable way and meanings of foreign words are given in many cases where the meanings might be obvious to advanced scholars Where the Hebrew text versification differs from that of English Bibles the English verse appears in parentheses Such features will help all earnest students of the Bible to avail themselves of the manifold theological insights contained in this monumental work

Mina Loy's Autobiographies Sandeep Parmar, 2013-06-06 Mina Loy is recognised today as one of the most innovative modernist poets numbering Gertrude Stein Marcel Duchamp Djuna Barnes and T S Eliot amongst her admirers Drawing on substantial new archival research this book challenges the existing critical myth of Loy as a modern woman through an analysis of her unpublished autobiographical prose Mina Loy's Autobiographies explores this major twentieth century writer's ideas about the modern and how they apply to the modernist writer based on her engagement with twentieth century avant garde aesthetics and charts how Loy herself uniquely defined modernity in her essays on literature and art Sandeep Parmar here shows how ultimately Loy's autobiographies extend the modernist project by rejecting earlier impressions of avant garde futurity and newness in favour of a late modernist aesthetic one that is more pessimistic inward and interested in the fragmentary interplay between the past and present

The Rivals and Other Stories Jonah Rosenfeld, 2020-03-31 A major literary figure and frequent contributor to the Yiddish language newspaper *Forverts* from the 1920s to the mid 1930s Jonah Rosenfeld was recognized during and after his lifetime as an explorer of human psychology His work foregrounds loneliness social anxiety and people's frustrated longing for meaningful relationships themes just as relevant to today's Western society as they were during his era *The Rivals and Other Stories* introduces nineteen of Rosenfeld's short stories to an English reading audience for the first time Unlike much of Yiddish literature that offers a sentimentalized view of the tight knit communities of early twentieth century Jewish life Rosenfeld's stories portray an entirely different view of pre war Jewish

families His stories are urban domestic dramas that probe the often painful disjunctions between men and women parents and children rich and poor Jews and Gentiles self and society They explore eroticism and family dysfunction in narratives that were often shocking to readers at the time they were published Following the Modernist tradition Rosenfeld rejected many established norms such as religion and the assumption of absolute truth Rather his work is rooted in psychological realism portraying the inner lives of alienated individuals who struggle to construct a world in which they can live These deeply moving empathetic stories provide a counterbalance to the prevailing idealized portrait of shtetl life and enrich our understanding of Yiddish literature
