

**The Grammar of English Predicate  
Complement Constructions**

Peter S. Rosenbaum

# The Grammar Of English Predicate Complement Constructions

**Norbert Hornstein, Maria Polinsky**

## **The Grammar Of English Predicate Complement Constructions:**

*"The" Grammar of English Predicate Complement Constructions* Peter Steven Rosenbaum, 1968      **"The" Grammar of English Predicate Complement Constructions** Peter Steven Rosenbaum, 1969      **The Grammar of English Predicate Complement Constructions** Lewis Roberts Binford, 1967      *The Grammar of Predicate Complement Constructions in Early Middle English Prose* Lee Charles Overholser, 1967      *The grammar of English predicate complement construction* Peter S. Rosenbaum,      **The Grammar of Causative Constructions** Masayoshi Shibatani, 2020-01-13 Preliminary Material Masayoshi Shibatani *The Grammar of Causative Constructions A Conspectus* Masayoshi Shibatani *Semantic Causative Types* Leonard Talmy *Remarks on What Can Cause What* James D Mccawley *The Precyclic Nature of Predicate Raising* Frederick J Newmeyer *Where Do Instrumental NPs Come from* Richard H Wojcik *On Experiencer Causatives* Noriko A Mccawley *Idioms and Lexicalization in English* James T Heringer *The Iffyness of Transitive Verbs* Robert Binnick *On Composite Predication in English* Michael B Kac *The Syntax of Causative Constructions Cross Language Similarities and Divergences* Bernard Comrie *Lexical and Nonlexical Causatives in Bantu* Robin Cooper *Some Constraints on Bantu Causativization* Talmy Giv n *On the Semantics of the Causative Construction in Hindi Urdu* Yamuna Kachru *On the Hungarian Causative Verb and Its Syntax* Robert Hetzron *Some Constraints on Turkish Causativization* Karl E Zimmer *Lahu Causative Constructions Case Hierarchies and the Morphology Syntax Cycle in a Tibeto Burman Perspective* James A Matisoff *The Causative Mechanism in Jinghpaw La Raw Maran And John M Clifton* *The Concept of Inadvertence in Thai Periphrastic Causative Constructions* Rasami Vichit *Vadakan Development of the Causative in Mandarin Chinese Interaction of Diachronic Processes in Syntax* Charles N Li and Sandra A Thompson *Index* Masayoshi Shibatani      *Syntactic Constructions in English* Jong-Bok Kim, Laura A. Michaelis, 2020-05-21 With exercises based on real language data this volume gives a comprehensive introduction to construction grammar focusing on English      *An Introduction to English Sentence Structure* Andrew Radford, 2009-02-12 This outstanding resource for students offers a step by step practical introduction to English syntax and syntactic principles as developed by Chomsky over the past 15 years Assuming little or no prior background in syntax Andrew Radford outlines the core concepts and how they can be used to describe various aspects of English sentence structure This is an abridged version of Radford s major new textbook *Analysing English Sentences* also published by Cambridge University Press and will be welcomed as a handy introduction to current syntactic theory      *Small Clauses in English* Bas Aarts, 2012-02-13 The future of English linguistics as envisaged by the editors of *Topics in English Linguistics* lies in empirical studies which integrate work in English linguistics into general and theoretical linguistics on the one hand and comparative linguistics on the other The TiEL series features volumes that present interesting new data and analyses and above all fresh approaches that contribute to the overall aim of the series which is to further outstanding research in English linguistics      *Syntax and Semantics of the English Verb Phrase* Michael Grady, 2017-12-04 No detailed description available for Syntax and Semantics

of the English Verb Phrase      **The Instrumental Case in English** Don L. Nilsen, 2019-03-18 No detailed description available for The Instrumental Case in English      English Aspectual Verbs Frederick J. Newmeyer, 2017-12-04 No detailed description available for English Aspectual Verbs      **Movement Theory of Control** Norbert Hornstein, Maria Polinsky, 2010 Natural languages offer many examples of displacement i.e. constructions in which a non local expression is critical for some grammatical end Two central examples include phenomena such as raising and passive on the one hand and control on the other Though each phenomenon is an example of displacement they have been theoretically distinguished Movement rules have generated the former and formally very different construal rules the latter The Movement Theory of Control challenges this differentiation and argues that the operations that generate the two constructions are the same the differences arising from the positions through which the displaced elements are moved In the context of the Minimalist Program reducing the class of basic operations is methodologically prized This volume is a collection of original papers that argue for this approach to control on theoretical and empirical grounds as well The papers also develop and constrain the movement theory to account for novel phenomena from a variety of languages      The Bloomsbury Companion to Syntax Silvia Luraghi, Claudia Parodi, 2013-03-14 The Bloomsbury Companion to Syntax is the definitive guide to a key area of linguistic study

**Understanding Minimalism** Norbert Hornstein, Jairo Nunes, Kleanthes K. Grohmann, 2005-12-15 Understanding Minimalism first published in 2005 is an introduction to the Minimalist Program the model of syntactic theory within generative linguistics Accessibly written it presents the basic principles and techniques of the minimalist program looking firstly at analyses within Government and Binding Theory the Minimalist Program's predecessor and gradually introducing minimalist alternatives Minimalist models of grammar are presented in a step by step fashion and the ways in which they contrast with GB analyses are clearly explained Spanning a decade of minimalist thinking this textbook will enable students to develop a feel for the sorts of questions and problems that minimalism invites and to master the techniques of minimalist analysis Over 100 exercises are provided encouraging them to put these skills into practice Understanding Minimalism will be an invaluable text for intermediate and advanced students of syntactic theory and will set a solid foundation for further study and research within Chomsky's minimalist framework      The Structure of Complementation Antonio Carlos Quicoli, 1982-01-01 The study of complementation has received considerable attention in generative studies Following Rosenbaum's 1967 pioneering study of the English complement system there are extensive studies by Lakoff 1965 Ross 1967 Perlmutter 1971 and a large number of publications More recent detailed studies are Emonds 1970 and Bresnan 1972 These studies have increased enormously the body of factual knowledge about the complement system of English and about the phenomenon of complementation in general As a consequence there are a number of empirical hypotheses about the structure of human languages which must now be tested against facts of different languages Of these hypotheses perhaps the most interesting is that the grammars of all languages make use of the principle of the transformational cycle Testing this

hypothesis constitutes one of the main concerns of the present book Furthermore these studies have also raised numerous interesting empirical issues of great importance for linguistic theory most of which are still awaiting fresh evidence from different languages in order to be settled This study is directed towards resolving some of these issues by adducing relevant data primarily from Portuguese

**The Clause-Typing System of Plains Cree** Clare Cook, 2014 This book examines sentence structure in Plains Cree an Algonquian language of western Canada Its detailed discussion of the typologically significant syntactic and semantic properties of Plains Cree makes it a valuable resource for those already familiar with this language family and to the wider field of language typology

**On the Compositional Nature of the Aspects** H.J. Verkuy, 2013-03-09 This book is a thesis submitted to the Faculty of Arts of the University of Utrecht It was prepared under the supervision of Prof Dr H Schultink I would like to express my gratitude to him for his criticisms of earlier versions which led to many improvements in particular with respect to the exposition of the argument To my co referent Dirk van Dalen reader in the Department of Philosophy Centrale Interfaculteit of the University of Utrecht I am greatly indebted for his valuable and fruitful suggestions about problems relevant to both linguistics and logic Several ideas developed in this study owe their present concrete form to our many discussions This thesis originates in syntactic research into the Aspects carried out in 1967 under the supervision of Albert Kraak professor at the University of Nijmegen who ever since gave much attention to my work in progress I am very grateful to him for his careful and stimulating criticism as well as for the continuous support he gave me during these years The present study closely relates to the work of my colleague Wim Klooster with regard to both its theoretical framework and its subject matter Our joint work on the measurement of duration in Dutch is an integral part of the argument I have greatly profited from the numerous discussions we have had

**Syntax - Theory and Analysis. Volume 2** Tibor Kiss, Artemis Alexiadou, 2015-02-19 This Handbook represents the development of research and the current level of knowledge in the fields of syntactic theory and syntax analysis Syntax can look back to a long tradition Especially in the last 50 years however the interaction between syntactic theory and syntactic analysis has led to a rapid increase in analyses and theoretical suggestions This second edition of the Handbook on Syntax adopts a unifying perspective and therefore does not place the division of syntactic theory into several schools to the fore but the increase in knowledge resulting from the fruitful argumentations between syntactic analysis and syntactic theory It uses selected phenomena of individual languages and their cross linguistic realizations to explain what syntactic analyses can do and at the same time to show in what respects syntactic theories differ from each other It investigates how syntax is related to neighbouring disciplines and investigate the role of the interfaces especially the relationship between syntax and phonology morphology compositional semantics pragmatics and the lexicon The phenomena chosen bring together renowned experts in syntax and represent the consensus reached as to what has to be considered as an important as well as illustrative syntactic phenomenon The phenomena discussed do not only serve to show syntactic analyses but also to compare theoretical

approaches with each other      *Binding and Filtering* Frank Heny, 1981 The essays collected in this book result from recent work in trace theory the starting point being Chomsky's proposals to permit syntax to over generate profusely and then to provide most of the significant reduction in the form of a system of filters and constraints on logical form They all address various aspects and implications of his article On Binding which is reprinted here Equally important the essays demonstrate the applicability of Chomsky's proposals to a number of different languages Heny writes that editorial work on the volume brought me to a realization of the far reaching implications of the approach to linguistic analysis underlying Chomsky's On Binding It constitutes a radical break with his previous work of a very exciting and promising kind Heny's Introduction goes on to describe the shift in Chomsky's position over the last ten years in lucid and straightforward fashion identifying the striking new properties of this framework and making the collection generally more accessible to a wider audience Contents Introduction On Binding Noam Chomsky Finiteness and Boundedness in Turkish Lelan George and Jaklin Kornfilt Nominative Marking in Italian Infinitives and the Nominative Island Constraint Luigi Rizzi Empty Subjects Case and Agreement and the Grammar of Dutch Eric J Reuland Binding Quantifiers Clitics and Control Richard S Kayne Government and Relativisation in Celtic Stephen Harlow Germanic Word Order and the Format of Surface Filters Joan Maling and Annie Zaenen Quechua Word Structure Pieter Muysken Index Frank Heny is Professor of Linguistics and the Philosophy of Language and Head of the Institute of General Linguistics at the University of Groningen Holland Distributed in North America for Croom Helm Publishers Ltd

### The Grammar Of English Predicate Complement Constructions Introduction

In the digital age, access to information has become easier than ever before. The ability to download The Grammar Of English Predicate Complement Constructions has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Grammar Of English Predicate Complement Constructions has opened up a world of possibilities. Downloading The Grammar Of English Predicate Complement Constructions provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Grammar Of English Predicate Complement Constructions has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Grammar Of English Predicate Complement Constructions. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Grammar Of English Predicate Complement Constructions. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Grammar Of English Predicate Complement Constructions, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Grammar Of English Predicate Complement Constructions has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of

continuous learning and intellectual growth.

### FAQs About The Grammar Of English Predicate Complement Constructions Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. The Grammar Of English Predicate Complement Constructions is one of the best book in our library for free trial. We provide copy of The Grammar Of English Predicate Complement Constructions in digital format, so the resources that you find are reliable. There are also many Ebooks of related with The Grammar Of English Predicate Complement Constructions. Where to download The Grammar Of English Predicate Complement Constructions online for free? Are you looking for The Grammar Of English Predicate Complement Constructions PDF? This is definitely going to save you time and cash in something you should think about.
