Making Place Stephan Feuchtwang, 2004 To make a place is to create a location where its creators can feel they belong Processes of place making are still very much ongoing today Geographers sociologists political scientists and philosophers of advanced capitalism have said that place is a localisation of the global However the creation of a place is not legible from such grand perspectives It is also much more creative than can be predicted by translating large scale processes into local cultures Anthropologists have been sensitive to the intimate tragic and lyrical senses of local place But their theorising has been too much bound up with cosmology and insufficiently with the intermediate scales of state and local state In this book Stephan Feuchtwang and his contributors offer a set of historical anthropological and scale mediated studies from China a country that includes a subcontinental variety of cultures and landscapes In the twentieth century it experienced collapse in civil war and was then reasserted as a particularly strong state Now it is managing the fastest growing capitalist economy in the world These intriguing Chinese studies contribute to the anthropology of place and space providing an historical perspective on processes of change and of accommodation to disruption The stories they tell are fascinating in their own right but in addition the result is a critical reformulation of previous theories of place that geographers philosophers historians and anthropologists will find of great interest

Hygiene, Sociality, and Culture in Contemporary Rural China Lili Lai, 2025-10-01 This book presents a new perspective on attempts by the contemporary Chinese government to transform the diverse conditions found in countless rural villages into what the state's social welfare program deems socialist new villages Lili Lai argues that an ethnographic focus on the specifics of village life can help destabilize China's persistent rural urban divide and help contribute to more effective welfare intervention to improve health and hygienic conditions of village life

Theatre Magazine, 1926

Ploughshare Village Stevan Harrell, 2014-11-01 This anthropological study of a workers village in North Taiwan makes an important contribution to the comparative literature on Chinese and Taiwanese social organization Based on fieldwork conducted in 1973 and 1978 the study is exceptional not only because of its excellent data but also because the village itself was unique Unlike villages previously studied and written about Ploughshare was neither an agricultural nor a fishing village but rather one whose inhabitants earned their living mostly from coal mining knitting and other non agrarian activities Culture and environmental context thus shaped social organization there differently than in other Taiwanese villages This ethnography links local data to surrounding

socioeconomic spheres it shows the village's relationship to its region to Taiwan as a whole and to the international economy. It also captures an important point in time as Taiwan was undergoing the economic miracle that brought it into the ranks of developed countries. Stevan Harrell's new preface highlights changes not only in the village over the last several decades but also in the ways that anthropologists think about culture and Taiwan. Ploughshare Village with its rich descriptions and analyses will be of value to anthropologists, sociologists, economists, and China specialists.

We Shall Remember Emma Fraser, 2014-08-14 Set against the Second World War, this is a powerful and well-written wartime drama that asks the question: what would you do under fire? Perfect for fans of Annie Groves and Lily Baxter. A touching, thought-provoking saga. Lancashire Guardian 1939 Irena is a young medical student living in Warsaw when the German army invades Poland. Those closest to her are dying, and when Irena realises that no one is coming to Poland's aid, it's clear that she is alone. Forced to flee to Britain, Irena meets Richard, a RAF pilot who she's instantly drawn to, and there's a glimmer of happiness on the horizon. And then the war becomes more brutal, and in order to right a never-forgotten wrong, Irena must make an impossible decision. 1989 Decades later, Sarah's mother is left a home in Skye and another in Edinburgh following the death of Lord Glendale, a man she's never met, and only on the condition that Magdalena Drobnik, a woman she's never heard of, is no longer alive. Sarah's only clues to this mystery are two photographs she doesn't understand, but she's determined to discover the truth, not knowing that she's about to begin a journey that will change her life. Gripping, poignant, and honest. *We Shall Remember* is an incredibly powerful story about the choices we make under fire. It will stay with you long after you've turned the final page.

Little miss Vanity Mrs. Henry Clarke, 1899 ***The Beatification Story of Irene Mary & Derrick Taylor*** Irene Mary Taylor, Cometan, Derrick Taylor, 2022-09-22 The initial foundations to the notion that Cometan's grandparents, Irene Mary Taylor and Derrick Taylor, should be recognised for their life as laypeople in the Roman Catholic Church first emerged in January 2020 and October 2021, respectively. Irene Mary was well known for her devotion to Catholicism among her family and acquaintances, yet Cometan saw in her icon and life events an opportunity to reinvigorate Catholic fervour in England and abroad. In his own endeavour as a religious figure and philosopher, as the founder of Astronism, Cometan had made it clear that his paternal grandmother had played a large role in his religious life from infancy, and so Irene Mary's Cause for Beatification was the culmination of this destined religious figureship. *The Beatification Story of Irene Mary Taylor* holds the responsibility of presenting Irene Mary for the recognition in the Roman Catholic Church in whichever capacity the Church deems suitable. The book explores the major remembered life events of Irene Mary Taylor, relates them to Catholic doctrine, and systematises them to form Irenianism, Irene Mary's eponymous Catholic system of thought.

Say I'm Dead E. Dolores Johnson, 2020-06-02 With unflinching honesty, E. Dolores Johnson shares an enthralling story of identity, independence, family, and love. This timely and beautifully written memoir ends on a complicated yet hopeful note, something we need in this time of racial strife. DeShawn Charles Winslow, author of *In West Mills*, says *I'm Dead* is the true story of family secrets.

separation courage and transformation through five generations of interracial relationships Fearful of prison time or lynching for violating Indiana s antimiscegenation laws in the 1940s E Dolores Johnson s Black father and White mother fled Indianapolis to secretly marry in Buffalo New York When Johnson was born social norms and her government issued birth certificate said she was Negro nullifying her mother s white blood in her identity Later as a Harvard educated business executive feeling too far from her black roots she searched her father s black genealogy But in the process Johnson suddenly realized that her mother s whole white family was and always had been missing When she began to pry her mother s 36 year old secret spilled out Her mother had simply vanished from Indiana evading an FBI and police search that had ended with the conclusion that she had been the victim of foul play

Boston Cooking-school Magazine of Culinary Science and Domestic Economics ,1911 **American Cookery** ,1911 The Boston Cooking School Magazine of Culinary Science and Domestic Economics Janet McKenzie Hill,1911 **Existentialism and Social Work** Neil Thompson,2017-09-29

Existentialism and Social Work provides a clearly expressed and well argued exposition of Sartrean existentialism as a theory base for social work practice It introduces the key concepts and themes of the philosophy and relates them to social welfare theory and practice Existentialism is a valuable means of making sense of many of the complexities contradictions and dilemmas which social work staff encounter The book explores the relationship between theory and practice and examines how existentialism can help to bridge the gap A number of theoretical perspectives are evaluated from an existentialist perspective and links are drawn between Sartre s philosophy and aspects of commonly used theories and methods But this is not simply a theoretical analysis Neil Thompson also explores the use of existentialism as a guide to day to day practice and draws up a set of Principles for Practice The ultimate aim is to present existentialism as a concrete philosophy of praxis

The Brats of Briarcliff George Davison Winius,2010-04-22 Although it might be loosely classified as a memoir no one has ever written anything quite like this It describes middle class childhood in the 1930 s through the relationships between five boys and it breathes of foolishness fantasy improbability and charm A snake suddenly appears out of a hot air register and disrupts a bridge party a young violinist forgets how to end his solo at a commencement and plays on and on a boat on wheels vibrates itself apart and a mysterious bullhead catfish substitutes for Moby Dick then vanishes without drowning anybody The author a former writer at Time Incorporated who became a distinguished historian has written an enchanting book its chapters organized topically rather than sequentially each devoted to a subject like cowboying radio serials wheels indoor and outdoor games love of steam locomotives and discovery of sex The final chapter suggests that the end of childhood coincides with an awareness that life can be wistful and poignant And it concludes that buyouts and proto globalization helped bring an end to that civic and regional integrity which underlay American life before television
