Tobey,2023-11-15 Before 1930 the domestic market for electrical appliances was segmented but New Deal policies and programs created a true mass market reshaping the electrical and housing markets and guiding them toward mandated social goals The New Deal identified electrical refrigeration as a key technology to reform domestic labor raise family health and build family assets New Deal incentives led to nearly fifty percent of Title I National Housing Act loans being used to buy electric refrigerators in the 1930s New Deal policies ultimately created the mass commodity culture of home owning families that typified the conservative 1950s This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1996 *Home Sweat Home* Elizabeth Patton,Mimi Choi,2014-01-23 Coeditors Elizabeth Patton and Mimi Choi argue that an in depth examination of media images of housework from the mid nineteenth century to the early twenty first century is long overdue Modern depictions often imply that certain concerns can be resolved through excessive domesticity reflecting some of the complicated and unfinished issues of second wave feminism *Home Sweat Home Perspectives on Housework and Modern Relationships* reveals how widespread the cultural image of perfect housewives and the invisibility of household labor were in the past and remain today In this collection of essays contributors explore the construction of women as homemakers and the erasure of household labor from the middle class home in popular representations of housework They concentrate on such matters as the impact of second wave feminism on families and gender relations of popular culture especially in film television magazines and advertising on our views of what constitutes home life and gender relations and of changing views of sexuality and masculinity within the domestic sphere *Home Sweat Home* will interest students and scholars of gender cultural media and communication studies sociology and American history and appeal to anyone curious about housework gender relations and popular culture **The Western Pennsylvania Historical Magazine** Charles William Dahlinger,1986 *New Books on Women and Feminism* ,1986

New Boundaries in Political Science Fiction Donald M. Hassler,Clyde Wilcox,2008 This book offers an interpretation of the evolution of a growing genre in literary film and television As a follow up to their 1997 collection *Political Science Fiction* Hassler and Wilcox have assembled twenty four noted international scholars representing diverse fields of inquiry to assess the influential voices and trends from the past decade in *New Boundaries in Political Science Fiction* The terrors and technologies that permeate our daily lives have changed radically in the past decade further highlighting the underlying

speculations on our contested future that remain the core of this genre In surveying the vast expanse of politically charged science fiction of recent years the editors posit that the defining dilemma for these tales rests in whether identity and meaning germinate from progressive linear changes or progress or from a continuous return to primitive realities of war death and the competition for survival The discussion of political implications ranges among writers from H G Wells Robert A Heinlein Ursula Le Guin and Isaac Asimov to more radical recent voices such as Iain M Banks William Gibson Joanna Russ Philip K Dick and China Mieville While emphasizing the literature the collection also addresses political science fiction found on film and television from the original Star Trek through the newest incarnation of Battlestar Galactica

The Great American Housewife Annegret S. Ogden, 1986-02-21 In this innovative historical survey Annegret S Ogden addresses the need for the modern housewife to adapt to the additional role of wage earner By examining a variety of diaries letters domestic fiction and household books of the past two centuries as well as solid statistical and historical data she seeks not only to uncover the motivations and origins of the typical American housewife but also to discover an alternative life pattern that has characterized a virtually unrecognized minority of American women These are the immigrant black and frontier women as well as any other part time homemakers who long ago forged the survival tools that are needed by today's majority of working housewives It is Ogden's contention that an understanding of the historical housewife as well as her working counterpart will light the way for those modern American housewives who must adapt their role as both homemaker and wage earner to the shifting complexities of contemporary American life

"*A Career's Wonderful, But Love is More Wonderful Still*" Sandra Engler, 2005 *Feminizing the Urban West* Jennifer Audrey Stevens, 2008 *Women's Rights in France* Dorothy E. McBride, 1987-03-04 *Women's Rights in France* describes the changes in politics and policies affecting women that occurred in France between 1965 and 1985 Dorothy McBride Stetson examines the policy changes underlying the new rights of women in France and analyzes the influence of feminists in bringing them about She establishes a historical perspective for the recent changes and uses a simple organizational scheme to explicate the legal and statutory provisions of the French government concerning women's rights and issues of politics reproduction family issues education work and sexuality

The Cumulative Book Index, 1986 A world list of books in the English language **American Women and Political Participation** Karen Beckwith, 1986-09-15 Karen Beckwith examines the patterns of mass level political participation among American women from 1952 to 1976 Four distinct forms of political participation are focused upon voting electoral activism conventional nonelectoral participation and political protest She then tests three explanations considered unique to the political participation of women in these areas the nature of women's work women's experience in political generations and adherence to or support of feminism Surprisingly Beckwith's study indicates that such traditional explanations reveal more about men than about women and that there is very little difference in participation between the sexes However Beckwith found that reported feelings of political efficacy among women were less than among men even

where actual participation differences were nonexistent

Nineteenth-Century Women Writers of the

English-Speaking World Hofstra University, 1986-11-12 Women in the nineteenth century wrote prolifically and memorably. The original and provocative essays in this collection address a variety of aspects of the life and literature of nineteenth century writers of distinction who happened to be women and sometimes wrote from a women's point of view but who always reflected the world in which they lived. The majority of the contributions are devoted to detailed analysis of the themes in the literature itself primarily in the areas of intellectual conditioning, male-female relationships, social imperatives, and spiritual questions. The collection as a whole provides a framework for twentieth century readers so that they may draw instructive conclusions about women's lives in the previous century. *America, History and Life*, 1989. Article abstracts and citations of reviews and dissertations covering the United States and Canada. **The American Victorian Woman** Mabel C.

Donnelly, 1986-09-17 This new socio-historical study explores the dynamics of growing up female in the second half of the nineteenth century, a time when traditional patriarchal standards were beginning to be questioned by small groups of courageous reformers. Donnelly chronicles the lives of middle-class and working women, white and black, from childhood to old age, the hardships they endured, their daily activities, and their concerns, pleasures, and accomplishments. *American Studies International*, 1987. *Bibliographic Index*, 1987. *Gender and Destiny* Marlene E. Heinemann, 1986-10-16 A study of Holocaust literature by women, most of them Jewish, based on five memoirs and one novel: Gerda Klein's *All but My Life* 1957; Charlotte Delbo's *None of Us Will Return* 1965; Judith Dribben's *A Girl Called Judith* Strick 1970; Susan Fromberg Schaeffer's novel *Anya* 1974; Fania Fenelon's *Playing for Time* 1976; and Livia Bitton Jackson's *Elli* 1980. Charity, Challenge, and Change Catherine M. Prelinger, 1987-02-11 This book examines the religious context from which emerged the German women's movement in the mid-nineteenth century. During this period, Protestant and Catholic women alike began to participate in philanthropic activities such as nursing, childcare, and education. Alliances were formed between women of different faiths who desired to move beyond the feminization of charity to a participation in social change. While women continued to perform charitable work, they also became involved in the development of a new philosophy of early childhood which led to the kindergarten movement and championed the introduction of higher education for women. Using extensive archival research, Catherine M. Prelinger has cast new light on the roots of the contemporary women's movement in Germany through her analysis of the religious basis of its struggle.
