an artistic era or movement is often a difficult task as one tries to group individualistic expressions and artwork under one broad brush. Such is the case with impressionism which culls together the art of a multitude of painters in the mid 19th century including Monet, Cézanne, Renoir, Degas, and van Gogh. Basically impressionism involved the shedding of traditional painting methods. The subjects of art were taken from everyday life as opposed to the pages of mythology and history. In addition, each artist painted to express feelings of the moment instead of hewing to time-honoured standards. This description of impressionism obviously is quite broad and can apply to a wide array of styles. Nonetheless, it remains a very important school in the annals of art. Any current or budding art aficionado should become familiar with the impressionist movement and its impact on the art world. This book presents a sweeping study of this artistic period from its origins to its manifestations in the works of some of art history's most revered painters. Following this overview is a substantial and selective bibliography featuring access through author title and subject indexes. **The Great Impressionists** Fritz Novotny, 1995. This is the first English text on both sides of the Atlantic to unlock fully the secrets of Impressionist methodology for the connoisseur and art enthusiast alike, and it is illustrated in full color with some of the artists' finest works.

The Artist as Animal in Nineteenth-Century French Literature Claire Nettleton, 2019-08-08. The Artist as Animal in Nineteenth-Century French Literature traces the evolution of the relationship between artists and animals in fiction from the Second Empire to the fin de siècle. This book examines examples of visual literature inspired by the struggles of artists such as Edouard Manet and Vincent van Gogh. Edmond and Jules de Goncourt's *Manette Salomon* 1867, Émile Zola's *Thérèse Raquin* 1867, Jules Laforgue's *At the Berlin Aquarium* 1895, and Impressionism 1883, Octave Mirbeau's *In the Sky* 1892, 1893, and Rachilde's *L'Animale* 1893 depict vanguard painters and performers as being like animals whose unique vision revolted against stifling traditions. Juxtaposing these literary works with contemporary animal theory, McHugh, Deleuze, Guattari, and Derrida, zoo studies, Berger, Rothfels, and Lippit, and feminism, Donovan Adams and Haraway, Claire Nettleton explores the extent to which the nineteenth-century dissolution of the human subject contributed to a radical modern aesthetic. Utilizing these interdisciplinary methodologies, Nettleton argues that while inducing anxiety regarding traditional humanist structures, the artist-animal, an embodiment of artistic liberation within an urban setting, is at the same time a paradigmatic trope of modernity.

Historical Dictionary of France Gino Raymond, 2008-10-23. From the construction of Notre Dame and the Eiffel Tower to the Fall of the Bastille and the Declaration of the Rights of Man and the Citizen to Napoleon Bonaparte's defeat at Waterloo to Albert Camus' *L'Étranger* and the existentialism of Jean-Paul Sartre, France has been a part of some of the greatest and most memorable events in human history. Author Gino Raymond relates the history of these events in the second edition of the *Historical Dictionary of France*. Through a chronology, an introductory essay, a bibliography, and hundreds of cross-referenced dictionary entries on kings, politicians, authors, architects, composers, artists, and philosophers, a thorough history of France is presented. The Melodies of Francis Poulenc is the first work to contain the complete collection of Poulenc's song compositions providing IPA transcriptions and word for word translations in an easy reference format. Also included are the highly regarded poetic translations of Winifred Radford. In their introduction to the songs Deeter and Peavler formulate a methodology for the proper interpretation and study of the Poulenc's works. Finally this work features a musical terms index, select discography of downloadable sound files and a song title index. Teachers of singing, vocal coaches, professional singers, accompanists and students of art song will find the The Melodies of Francis Poulenc an invaluable tool for the study and instruction of Poulenc's songs.
