The Great Reversal Evangelism And Social Concern:

The Great Reversal David Moberg, 2007-01-01 Why did the evangelical church which had been the leader in social welfare and reform prior to the twentieth century discontinue its involvement in social concerns Is a commitment to personal evangelism incompatible with an interest in social issues In this provocative book Dr Moberg analyzes the Great Reversal of the early twentieth century and discusses its causes and effects all in the context of seeing the Bible as the guide to faith and conduct The importance of recognizing and coping with social evil as well as personal sin is emphasized and the author concludes with a summary of developments that are helping to reverse the Great Reversal and restore evangelical

Christianity to its rightful place of leadership **The Great Reversal** David O. Moberg, 1977 **The Great Reversal** David O. Moberg, 1972 **Holistic Mission** Brian Woolnough, Wonsuk Ma, 2011-01-01 Holistic mission or integral mission implies

God is concerned with the whole person the whole community body mind and spirit Many Christians concentrate only on one aspect This book reaffirms that to be true to the Bible to follow the example of Jesus the church must address the whole person in all their needs It considers the meaning of the holistic gospel how it has developed and implications for the individual Christian for the local church for denominations and church groups for missionary societies for Christian NGOs and for theological training institutions It takes a global eclectic approach with 19 writers church leaders academics and practitioners all of whom have much experience in and commitment to holistic mission It addresses critically and honestly one of the most exciting challenging and important issues facing the church today To be part of God s plan for God s people the church must take holistic mission to the world *CCDA Theological Journal, 2012 Edition* Chris Jehle, 2013-08-28 The

Theological Journal is designed to enable our practitioners to capably integrate theological concepts into their practice The articles are written by CCDA members and will challenge us to go deeper theologically while giving us language that will allow us to dialogue outside of The Academy Theological reflection and engagement among practitioners and with our neighbors can often be strange bedfellows but this should not be the case *ThirdWay*, 1978-07-13 Monthly current affairs magazine from a Christian perspective with a focus on politics society economics and culture *The Surprising Work of God* Garth M. Rosell, 2020-03-18 *The Surprising Work of God* tells the story of how America s mid twentieth century spiritual awakening became a worldwide Christian movement This seminal study brings a unique perspective to the history personalities and institutions of that period and offers an intimate look at evangelicalism through the window of the life ministry and writings of Harold John Ockenga and his long friendship with Billy Graham Ockenga was pastor of the historic Park Street Congregational Church in Boston and cofounder of Fuller Theological Seminary Gordon Conwell Theological Seminary the National Association of Evangelicals and Christianity Today As such he was a central figure in the birth and development of American neo evangelicalism This lively engaging story will be of value to anyone with an interest in the American church of the last century [Metrospiritual](#) Sean Benesh, 2011-02-24 [Metrospiritual](#) *The Geography of Church*

Planting is about church planting in the city There is an outpouring of new expressions of church being started throughout metro areas across North America Where are these new churches being started Maybe a more subterranean question is Why Why are churches being started where they are and why is there is a bias towards one part of the city and an overall neglect of other parts Metrospiritual explores these questions and more as it builds off of recent research and surveys of hundreds of church planters in seven large cities in the United States and Canada There is a deeper look at pivotal issues such as gentrification the Creative Class community transformation urban renewal and the role new churches play in all of these

Glocal Religions Victor Roudometof, 2018-11-07 This book is a printed edition of the Special Issue Glocal Religions that was published in Religions **The Chicago Declaration** Ronald J. Sider, 2016-01-13 Someday Christian historians may write that the most significant church related event of 1973 took place last week at the YMCA Hotel on S Wabash Chicago Sun Times December 1 1973 While the rest of American Protestantism was enjoying the annual festival of orgy and guilt forty or so evangelical Christians were making their way to Chicago to take part in marathon discussions which could well change the face of both religion and politics in America Christian Century December 19 1973 This new concern is more enduring than that of the liberals because it is more strongly grounded on biblical imperatives George Cornell Associated Press Columnist I could identify with most of the recent Chicago Declaration I think we have to identify with the changing of structures in society and try to do our part Billy Graham in Christianity Today January 3 1974 If the movement sustains itself long enough to have engagements with the churches that produced its leaders we may see something more significant than the now passing Jesus freakism or the ongoing Pentecostal charismatic movements Out of this people might be fed the law might be rendered justly and America might relocate itself in the world One can dream Martin E Marty in Context March 15 1974

Strangers in Zion William Robert Glass, 2001 This story has been virtually ignored by historians of fundamentalism and historians of religion in the South Glass has written a history that fills a significant gap in the historical literature on fundamentalism and on religion in the American South As such he lays the groundwork for understanding the South's contribution to the growth of the religious right in second half of the twentieth century BOOK JACKET American Congregations, Volume 2 James P. Wind, James W. Lewis, 1998-09 Continuing this two part series on American religion Volume 2 addresses three questions Where is the congregation located on the broader map of American cultural and religious life What are congregations distinctive roles in American culture And what patterns of leadership characterize congregations in America Earthen Vessels Joel A. Carpenter, Wilbert R. Shenk, 2012-12-01 Contrary to popular impressions the days of the missionary are far from over North American churches send more missionaries than ever before and 90 percent of them are evangelicals who are not affiliated with the mainline Protestant mission boards The first major historical treatment of the distinctly evangelical wing of twentieth century American missions Earthen Vessels truly breaks new ground Covering territory that missions histories have scarcely explored yet the distinguished historians contributing to

this volume portray the North American including Canadian evangelical missionary enterprise from the Student Volunteer Movement to the very recent past The book traces the influences of premillennial eschatology the fundamentalist modernist controversies the rise of independent missions and conservative denominational boards the role of World War II and America's rise to world power the recent development of a distinctly evangelical theology of missions and the growing influence of the Two Thirds World's evangelical leaders While this volume certainly does not contain the last word on these subjects in a number of areas it does offer very nearly the first look With its fresh subject matter and new historical interpretations *Earthen Vessels* will interest church history scholars and students missionaries and ministers and any others who wish to know more about American missions

The Age of Evangelicalism Steven P. Miller, 2014-04-10 At the start of the twenty first century America was awash in a sea of evangelical talk The Purpose Driven Life Joel Osteen The Left Behind novels George W Bush Evangelicalism had become so powerful and pervasive that political scientist Alan Wolfe wrote of a sense in which we are all evangelicals now Steven P Miller offers a dramatically different perspective the Bush years he argues did not mark the pinnacle of evangelical influence but rather the beginning of its decline The Age of Evangelicalism chronicles the place and meaning of evangelical Christianity in America since 1970 a period Miller defines as America's born again years This was a time of evangelical scares born again spectacles and battles over faith in the public square From the Jesus chic of the 1970s to the satanism panic of the 1980s the culture wars of the 1990s and the faith based vogue of the early 2000s evangelicalism expanded beyond churches and entered the mainstream in ways both subtly and obviously influential Born again Christianity permeated nearly every area of American life It was broad enough to encompass Hal Lindsey's doomsday prophecies and Marabel Morgan's sex advice Jerry Falwell and Jimmy Carter It made an unlikely convert of Bob Dylan and an unlikely president of a divorced Hollywood actor As Miller shows evangelicalism influenced not only its devotees but its many detractors religious conservatives secular liberals and just about everyone in between The Age of Evangelicalism contained multitudes it was the age of Christian hippies and the silent majority of Footloose and The Passion of the Christ of Tammy Faye Bakker the disgraced televangelist and Tammy Faye Messner the gay icon Barack Obama was as much a part of it as Billy Graham The Age of Evangelicalism tells the captivating story of how born again Christianity shaped the cultural and political climate in which millions of Americans came to terms with their times

Pentecostal Spirituality Steven Jack Land, 1993-01-01 In this classic book leading Pentecostal scholar Steven J Land offers a constructive and controversial interpretation a re vision of the Pentecostal tradition As Pentecostalism approaches its centennial Land argues that the early years of the movement form the heart not the infancy of its spirituality and he emphasizes the crucial importance of its Wesleyan Holiness and nineteenth century revivalist restorationist roots Land's foundational study includes an account of the relationship of spirituality and theology a description and analysis of Pentecostal beliefs and practices a demonstration of how these beliefs and practices are integrated into Pentecostal affections a trinitarian definition of

Pentecostal Spirituality arguing that a passion for the kingdom of God is ultimately a passion for God Himself **The American Evangelical Story** Douglas A. Sweeney, 2005-08 Surveys the role American evangelicalism has had in shaping global evangelical history Six Billion and More Susan Bratton, 1992-01-01 Drawing on information from demographers economists ecologists and sociologists Bratton argues that individuals should use Christian values when dealing with the regulation of human population Theological groundwork for developing a Christian contraceptive ethos Carol Benson Holst Ministry for Population Concerns **The Evangelical Tradition in America** Leonard Sweet, Leonard I. Sweet, 1997 The essays collected in *The Evangelical Tradition in America* range over a vast plain of historical inquiry Yet they are linked by a common purpose and vision of the exploration through ever widening avenues of research into one of the most important movements in American culture and the uncovering of forgotten ill conceived or half perceived features of the Evangelical tradition This volume opens up new territory recharts the old and challenges and corrects several gaps in the historical topography of American Evangelicalism Emerging from the Charles G Finney Historical Conference at Colgate Rochester Divinity School Bexley Hall Crozer Theological Seminary in October 1981 these essays offer exciting interdisciplinary insights into the role of Evangelical religion in American society As major contributions to scholarship in American religion these investigations forge beyond the borders of Evangelicalism s role in issues now being explored by many American historians on the South blacks women urban centers millennialism and organizational structures They also provide directions from which to view Evangelicalism s impact on American history from the perspective of Southern popular religion the psychological aspects of black evangelicalism the stream of intellectual history and the Enlightenment and evangelical roots of millenarian ideology *God's Internationalists* David P. King, 2019-05-31 Over the past seventy years World Vision has grown from a small missionary agency to the largest Christian humanitarian organization in the world with 40 000 employees offices in nearly one hundred countries and an annual budget of over 2 billion While founder Bob Pierce was an evangelist with street smarts the most recent World Vision U S presidents move with ease between megachurches the boardrooms of Fortune 500 companies and the corridors of Capitol Hill Though the organization has remained decidedly Christian it has earned the reputation as an elite international nongovernmental organization managed efficiently by professional experts fluent in the language of both marketing and development *God's Internationalists* is the first comprehensive study of World Vision or any such religious humanitarian agency In chronicling the organization s transformation from 1950 to the present David P King approaches World Vision as a lens through which to explore shifts within post World War II American evangelicalism as well as the complexities of faith based humanitarianism Chronicling the evolution of World Vision s practices theology rhetoric and organizational structure King demonstrates how the organization rearticulated and retained its Christian identity even as it expanded beyond a narrow American evangelical subculture King s pairing of American evangelicals interactions abroad with their own evolving identity at home reframes the traditional narrative of modern

American evangelicalism while also providing the historical context for the current explosion of evangelical interest in global social engagement By examining these patterns of change God s Internationalists offers a distinctive angle on the history of religious humanitarianism *Rise Up, O Men of God* L. Dean Allen,2002 L Dean Allen analyzes both groups constructions of masculinity and social ethics in relation to the family the church and a prominent social issue Evangelical Christian leaders designed both organizations in response to their alarm at men s absence from evangelical churches and they sought to increase men s participation in churches and to improve society as a whole by their efforts Each group faced important social changes during its era such as new economic realities women s activities and perceived moral crises Despite their similarities as groups for evangelical Christian men only MRFM and PK developed contrasting constructions of masculinity and divergent social ethical calls for action BOOK JACKET
