destroyed the central fire alarm and telephone systems thus no alarms sounded to the 584 members of the Fire Department. The department was without any means of communication every company was on its own. The engine companies responded to visible fires but discovered the quake had broken most of the water mains. As firefighters searched desperately for working hydrants small unchecked building fires merged into large uncontrolled fires. Before long the conflagration engulfed 4.7 square miles of the City. Despite these setbacks and challenges the San Francisco Fire Department fought on day and night until late in the evening on April 20th they extinguished the fire and saved the City. Everything Took Time transports you to those three eventful days in April 1906 to experience the heroic battle of the San Francisco firefighters.
