

Figure-Eight

Erotic Instructions: Lie on the floor faceup with a couple of pillows propping your butt. Keep your knees half bent, your legs splayed wide, and your arms high over your head or holding on to his side (as in the picture)—so that your body is extremely open. Have your partner enter you at a higher angle than usual (the pillows will help), planting his hands on the floor beside your head. He should move inside you with slow, languid figure-eight motions, so that you feel his whole package—his penis plus pubic region. Remember: The figure-eight motion is key to this maneuver.

Why You'll Love It: You get double the orgasmic pleasure: His penis's circular motions tantalize your vagina while his pubic bone lightly rubs against your clitoris. This is a slow-building, easy-orgasm position that allows you to lie back and let him please you with long, sensual strokes, until you climb to a powerful peak.

Gosmo Hint

For a surefire G-spot trigger, pile up the pillows. The more you have propping you up, the easier it is for him to penetrate you deeply. And not only will your orgasms be even more intense, but you'll also satisfy every inch of his member—so there's even the potential for a simultaneous climax!
