The Great Spiritual Mystery Or The Hidden Way:

The Hidden Way Across the Threshold J. C. Street, 1887 *The Hidden Way Across the Threshold* J. C. Street, 1996-09 **The Hidden Ways** Alistair Moffat, 2017-10-05 Shortlisted for the Edward Stanford Travel Writing Awards

In *The Hidden Ways* Alistair Moffat traverses the lost paths of Scotland its Roman roads tramped by armies its byways and pilgrim routes drove roads and railways turnpikes and sea roads in a bid to understand how our history has left its mark upon our landscape As he retraces the forgotten paths that shaped and were shaped by the lives of the now forgotten people who trod them Moffat charts a powerful surprising and moving history of Scotland **THE HIDDEN PATH BEHIND INITIATION** NICK FARRELL, 2014-11-02 In the late 18th century two prominent German esoteric masons wrote a fantasy about an Ancient Egyptian Magical Order called the Crata Repoa It was influential in the development of many masonic and esoteric groups through out the 18th and 19th centuries and its influence can be indirectly seen on modern groups such as the Order of the Golden Dawn the Ordo Templi Orientis and even modern Wicca As the knowledge of Egyptian history developed Crata has become disregarded by those who had taken it literally and it has been largely ignored What Nick Farrell sets out in this book is that Crata Ropea was an example of an esoteric allegory written by two adepts to explain the path of initiation and goal posts to other esoteric experts Once you have broken the symbolic code behind the book you can see advice guidance and direction for various points of your esoteric life *Mary and the Mystery of the Incarnation* Andrew Louth, 2024-05-10 Fairacres Publications 67 In this essay Professor Andrew Louth shows how the great twentieth century theologian Karl Barth opens up an illuminating and fruitful approach to the significance of Mary the Mother of God It was not within the scope of Barth s Church Dogmatics to develop Mariology but his insight into the unique role of Mary in the mystery of the Incarnation has an enduring importance for the progress of ecumenical dialogue **The Two Worlds** , 1925

A Spiritual Exposition of the Old Testament ... Or, the Christian's Gospel Treasure, Etc. (A Spiritual Exposition of the New Testament, Etc.). John Allen, 1816 **A spiritual exposition of the Old Testament, or, The Christian's gospel treasure** John Allen, 1816 **The Privilege of Love** Peter-Damian Belisle, 2002 The Privilege of Love Camaldolese Benedictine Spirituality is a collection of essays by Camaldolese monks nuns and oblates After an introduction by Michael Downey and an overview chapter on Camaldolese Benedictine history and spirituality three chapters center on the Benedictine aspects of spirituality such as liturgy lectio divina and Word Wisdom of God The book focuses on Camaldolese sources eremitical cenobitical dialectic and solitude followed by chapters on Camaldolese ecumenical and interreligious involvement as well as oblate spirituality The concluding chapter comments on Camaldolese Benedictine spirituality in a post Vatican II context

The Esoteric Hiram Erastus Butler, 1890 Light , 1893 Spiritual Growth A.W Pink, Rev Terry Kulakowski, Editor, 2015-11-28 Spiritual growth is a mystery and is more evident in some than in others The more the Holy Spirit shines upon the mind and puts forth His lifegiving influences in the heart so much the more sin is seen felt and loathed as the

greatest of all evils And this is an evidence of spiritual growth namely to hate sin as sin and to abhor it on account of its contrariety to the nature of God

The divine adventure. Iona. Studies in spiritual history William Sharp,1910

The Catholic Doctrine of Non-Christian Religions Miikka Ruokanen,2016-05-18 In the Second Vatican Council 1962 65 the Catholic Church for the first time recognized non Christian religions as entities which the Church should respect and with which Christians should enter into dialogue There are however conflicting views in Catholic interpretations of Conciliar theology to what extent did the Council see other religions as means to salvation The author offers The Catholic Doctrine of non Christian Religions according to the Second Vatican Council as the first comprehensive and analytic piece of research on Conciliar teaching concerning the nature of other faiths His study is based on the original Latin and covers Conciliar and pre conciliar documents with special focus on the Declaration on the relation of the Church to Non Christian religions *Nostra aetate* In his detailed and careful analysis Ruokanen demonstrates that *Vaticanum Secundum* understood non Christian religions as naturally good entities part of human culture Religions express in many ways and to varying degrees the natural cognition of God and of natural moral law Except for Judaism they do not however possess the status of being considered channels of divine revelation or salvific grace The seeds of truth present in other faiths must be purified and perfected by the fullness of grace and truth given in Christ and entrusted to the Church

Fragments Of A Faith Forgotten G. R. S. Mead,1900 The writing of the present work has been a congenial task to Mr Mead and he has brought to bear lovingly and zealously upon the portraiture of the figure of Christ and of early Christianity all the knowledge which a deep study of Oriental religions from their emotional side could furnish The outset that there is very little of what is commonly regarded as the Theosophic method apparent in the work which is the product of a scholarly though withal very devotional spirit Mr Mead s aim has been to enable the reader to obtain a glimpse of a world of which he has never heard at school and of which no word is ever breathed from the pulpit to take him away from the pictures which the rationalists and the apologists have presented and to enable him to obtain an unimpeded view of that wonderful panorama of religious strife which the first two centuries of our era presented He will here see a religious world of immense activity a vast upheaval of thought and a strenuousness of religious endeavor to which the history of the Western world gives no parallel Thousands of schools and communities on every hand striving and contending a vast freedom of thought a mighty effort to live the religious life Here he finds innumerable points of contact with other religions he moves in an atmosphere of freedom of which he has previously had no experience in Christian tradition Who are all these people not

fishermen and slaves and the poor and destitute though those are striving too but these men of learning and ascetic life saints and sages as much as many others to whom the name has been given with far less reason **The Annual American Catalogue 1886-1900** ,1888 The Spiritual Exercises and the Ignatian Mystical Horizon Harvey D. Egan,2020-11-30 This book is a revision and condensation of a doctoral dissertation which its author wrote under the direction of the well known Father Karl Rahner at the University of Münster It focuses on the importance of St Ignatius small book the Spiritual Exercises as a source of theological investigation Thus it stems from Rahner's own conviction as he states in his foreword that the real theological and not only the spiritual significance of Ignatius Spiritual Exercises presents a non yet accomplished task to today's theology Absorbing synthesizing and completing past studies on the Exercises Father Egan summarizes the finding of modern scholars such as Przwara Fessard Karl Rahner Hugo Rahner Marxer Cusson Gil Bakker and Gonzalez de Mendoza all hitherto relatively unavailable in English and then presents his own fresh viewpoint His quest is for Ignatius mystical horizon the lived internal unity the roots of all of Ignatius experiences knowledge and love Applying the contemporary methodology in theology to the study of the Ignatian Exercises the author offers a penetrating and comprehensive treatment of Ignatius consolation without previous cause of the Three Times of Election including intellectual and affective discernment the trinitarian dimensions of the Exercises and other important Ignatian themes The book is scholarly and extensively documented and seems to be the most comprehensive and up to date theological commentary in English on the Exercises One experienced critic has called it one of the greatest contributions to the present commentary on the Exercises **A Commentary upon the Holy Bible, from Henry and Scott; with occasional observations and notes from other authors. [Edited and compiled by George Stokes.]** Matthew Henry,1833
