C. Cooper, 2013-11-26 The medical profession is rich in those who have made names for themselves outside of medicine The fields of literature exploration business sport entertainment and beyond abound with doctors whose interests lie outside medicine This book largely written by members of the medical profession examines the efforts of doctors in non medical fields The doctors discussed here are those who are or were well known to the public for their contributions to their non medical fields of choice In many cases the public may have been unaware that a subject was medically qualified This book provides wide ranging and comprehensive biographical sketches of forty two doctors who are best known to the public for their contributions to fields outside of medicine

History of Libraries of the Western World Michael H. Harris, 1999-07-29 This edition of the History of Libraries in the Western World represents a substantial revision of the earlier edition taking into account the information revolution that has swept the West since 1945 and the political revolution that swept across Europe beginning in 1986 In addition recent

scholarship has been incorporated throughout the text with special emphasis on the work centered around the new history of the book. The bibliographies at the end of each of the twelve chapters have been thoroughly revised to reflect the very considerable new work on library and book history.
